CANTON'S THREE POLITICAL PRISONERS

However, in thinking it over, Stark County ought to be given the honor instead of Canton—because we may call it. For it is the Stark County Workhouse that the three political prisoners are "residing."

It has been two months now since the Ohio Socialists of Canton, C. B. Rocker, W. B. Johnson and Robert J. Williams, who were imprisoned for their labor agitation, have been released from the Ohio State Penitentiary at Columbus. It is time then that the citizens of Stark County acknowledged their release by a public demonstration of gratitude.

The Ohio Socialists have been a consistent advocate of the Socialist cause in this county, and their work has been carried on with great zeal and efficiency. They have done much to further the interests of labor and to promote a better understanding between capital and labor.

A public meeting is proposed to be held in the Stark County Workhouse on the 25th instant, at 2 p.m., at which time the prisoners will be released. The public is invited to attend and show their appreciation of the work that has been done.

The Ohio Socialists, in giving up their positions as leaders, have shown a true spirit of sacrifice and devotion to the cause of labor. Their release is a matter of great joy to all who are interested in the welfare of labor and the advancement of the Socialist movement.

WORLD'S EVENTS

The Christian Church in the United States has announced that it has raised $500,000 for the Relief of the Spanish People.

The German government has issued an order prohibiting the sale of all books dealing with the subject of the Spanish War.

The French government has declared that it will not recognize the government of the Spanish state.

The United States has declared war on Spain.

The Ohio Socialists: To Be Ousted?

The Socialists, who have been so active in this county, are in danger of being ousted by the labor agitators. The labor agitators have been more successful in gaining the support of the working classes, and they are likely to be more successful in the future. The Socialists, therefore, are in a difficult position.

Subscription Campaign Receives Boost

All Locals Asked to Help

The subscription campaign for the Socialist weekly newspaper, "The Ohio Socialist," has received a boost in recent days, and the local sections are asked to help in the drive. The success of the campaign depends upon the support of the local sections, and it is hoped that they will all do their share.

The campaign is being conducted under the direction of the Socialist leaders, and it is expected to be a great success. The funds raised will be used to support the Socialist cause, and to further the interests of labor.

The Peril of Tom Mooney

By Robert Miler

The story of the death of Tom Mooney in a labor riot in the United States is one of the most tragic in recent history. Mooney was the leader of the labor movement, and his death was a great loss to the cause of labor.

Mooney was a great fighter, and his death will be a great loss to the labor movement. His death will be a great loss to the cause of labor.

BRITISH LABOR PLANS DEVELOP
An Epoch Making Statement of the Aims of the British Workers in the
Reconstruction of Society After the War.

(Editors’ Note—We are reproducing below the report of the British Labor Party on the reconstruction of society after the war. The British Labor Party will probably rule England when the present war is ended. It is a program of socialization in a socialist direction.)

PART I

The British Labor Party, in formulating its program for the reconstruction of society after the war, has been led by the pressure of circumstances, the grave social changes which have been wrought by the war, and the necessity for providing the United Kingdom with a new social order which will be able to stand the test of time. The government has been forced to adopt a policy of socialization, and the program of socialization is the basis of the program for reconstruction.

The Labor Party has proposed a program of socialization which includes the following measures:

1. Nationalization of all means of production, distribution, and exchange.

2. Establishment of a system of public ownership and control of all means of production, distribution, and exchange.

3. Establishment of a system of social insurance for all members of the community.

4. Establishment of a system of public housing for all members of the community.

5. Establishment of a system of public education for all members of the community.

6. Establishment of a system of public health care for all members of the community.

7. Establishment of a system of public welfare for all members of the community.

8. Establishment of a system of public transportation for all members of the community.

9. Establishment of a system of public communication for all members of the community.

10. Establishment of a system of public recreation for all members of the community.
