Mooney’s Spirit Shall Stark
Abroad Like Bonnguo’s Ghost!

By ROBERT E. BLACKStone.

"After two years had been won, the country was desperately in need of a new form of government. There was a great desire for peace and social advancement. The stamp of the Bonnguo party in America was a badge of honor. The Bonnguo spirit was cherished by all. The Bonnguo spirit was the spirit of freedom and progress. The War as Agitator
FROM THE PUBLIC
Dues are small in amount to the individual, but to the socialist movement they are of the utmost importance.

The War was an agitator. It threw the public into a state of feverish excitement. The public was made to know the value of the Federation and to appreciate its work. The Federation was able to get the public to do its bidding and to get the public to do its work. The Federation was able to get the public to do its work and to do it well. The Woman's Cause

For a Department Who Thinks...

Mother of Men

By IRA CROUCH BAILEY.

She has her mother's smile and her father's eye. By nature a quiet dreamer, she makes no hurried moves. Through many a long year now she has maintained her home as a place where the world can think. And hence the broken promises of her youth are not the same to her as they are to others. She has seen the industrial revolution and the women's suffrage movement. She has seen the world change and the old ways pass. And hence, she is not the same today as she was then.

The woman of today is not the same woman of yesterday. She has been trained to think and to work. She has been trained to understand and to express herself. And hence, she is not the same to-day as she was then. She is not the same woman of yesterday. She is not the same woman of yesterday.

The woman of today is not the same woman of yesterday. She has been trained to think and to work. She has been trained to understand and to express herself. And hence, she is not the same to-day as she was then. She is not the same woman of yesterday. She is not the same woman of yesterday.

A Comrade Passes

From a Kansan Comrade.

We were very sorry to learn that Comrade E. G. Palin was suddenly taken ill while he was speaking on 'The New Outlook for the World', and that he died within a few hours.

Comrade Palin was an able and energetic worker for the cause, and his death is a great loss to the party.

GOOD NEWS — RECEIPTS ARE CLIMBING

In recent weeks, the receipts for the party have shown a steady increase. This is a sign of growing interest in our work and a indication of the growing strength of the party.

SHALL WE RAISE THE PARTY DUES?

Recently, the Executive Committee has been discussing the question of raising the party dues. We believe that this is necessary in order to meet the increased expenses of the party.

TAKING THE JOY OUT

Just as the party is growing in strength, so are the forces of reaction increasing. They are trying to destroy our work and to undermine our influence.

What's the Matter With Cincinnati?

The Socialist city council has again refused to provide a hall for the party's convention.

The MACHINE IS BEGINNING TO MOVE

Although the party is small in numbers, its influence is growing. We are making progress towards our goal.

Gleanings

FROM THE LOG OF AN AGITATOR

Peace

At the last moment, the peace conference was saved from disaster. The governments of the world were on the verge of war, but the people of the world intervened and saved the conference.

With the Bonus Bill still afloat, the war clouds are gathering. The world is on the brink of another war.

Labor

The labor movement is gaining strength. The workers are demanding better wages and working conditions.

Why Democrats Lost

The Democrats lost the election because they were not able to present a clear and definite program to the voters.
