Friday, March 13, 1931.

"JAP"

With tail wagging and supremely happy, early this week, "Jap," the canine pal of a 3-year-old Helena boy, proudly followed his little master to the bank of a nearby lake. The boy ran gleefully out onto the soft ice, broke thru and was drowned. The child's father, attracted by the violent barking, yelping and protracted howling of the dog, hurried to the lake. There, running around a hole in the ice, barking and reaching out over the water endeavoring to take hold of a small visible portion of the child's clothing, was "Jap." Here in Plentywood is a man who would remove the last possibility of a display of such faithfulness by putting out poison for the pals of his neighbors' children.

STATE AUTOMOBILE INDEMNITY INSURANCE

Over at Shelby lives an attorney who is devoting his life and energies to the enactment of legislation providing for a state automobile liability insurance fund, state administered, for the purpose of paying the heirs of those killed in automobile accidents, and caring for and paying those injured.

The man's name is Jesse H. Stevens.

For the past four years he has proposed several schemes for the creation of this fund and has had several measures introduced in the legislature, all of which have been defeated by activities of accident insurance companies, and by those who wanted money raised for other purposes, or those who do not want to raise taxes especially for the purpose of protecting the ordinary citizen.

Stevens has proposed that ever driver be licensed and the money put in a fund to protect victims. He has proposed using car license fees for this purpose, and other methods, vainly. But Stevens has not become discouraged—he had a boy killed in an automobile accident—and has maintained a propaganda with the persistence of one inspired.

The Producers News received a circular letter yesterday from Stevens anent the state highway appropriations, the debenture referendum, gas and motor fuel tax, road bond issues, etc., and another proposal for state automobile indemnity insurance, which is interesting. It follows:

The Present Legislature Has Appropriated \$9,500,000 FOR STATE HIGHWAYS

All of the 5c gasoline tax under H. B. 450 for ten long years—until you are ten years older—goes to the building of state highways for our gypsy tourists.

Not one cent of the 5c gasoline tax for TEN LONG YEARS will go to make better county roads giving employment to local labor in 56 counties, tending to build up 56 county seats and other cities, building up their business houses and helping to reduce county tax burdens. Yet our 56 counties had a total delinquent tax list on June 30, 1930 of \$11,332,543.37, and our counties are almost broke.

Not One Cent of the 5 cent gas tax for TEN LONG YEARS—until you are ten years older—will go to making or repairing city streets, giving local labor employment, reducing city taxes for maintenance of streets, etc., although a very great part of the gasoline tax is paid by city people. Yet our cities are broke.

Worse Still, NOT ONE CENT of this 5c gasoline tax for TEN LONG YEARS will go to repair the damage done to human beings injured or killed by automobiles—although probably in the next ten years there will be 1,000 persons killed and 25,000 persons injured by automobiles in Montana—many with broken backs, fractured skulls, crushed chests, broken limbs and internal injuries, from which they will suffer the rest of their lives. Since the preceding legislature convened there have been 233 persons killed and about 5,000 persons injured by automobiles in Montana.

LET US DIVIDE THIS 5c GASOLINE TAX AS FOLLOWS.

Three cents FOR STATE HIGHWAYS. In Initiative Measure No. 31, the people voted only a 3c gasoline tax for state highways. Two years ago the "highway enthusiasts" misled the legislature by asking an increase to 5c for only four years. Now they want to boost it for ten long years more. And the next plan is a big highway refunding bond issue.

One cent for COUNTY ROADS. Authorize the County Commissioners to levy 1c tax for County roads. Our people use County roads more.

One cent for CITY STREETS. Authorize the City Council to levy 1c tax for city streets, and city general fund. Our people use city streets more.

Let us reduce the registration fee for motor vehicles to \$7.50 and put the proceeds into a state automobile fund to indemnify those injured by automobiles, as provided in H. B. 189, recently defeated in the house. Our present registration fee law is as full of holes as the "anticipation gasoline warrant" law was.

If a state cannot, or will not, protect its people from injuries by automobiles, it should not spend almost five million dollars a year for gypsy tourists—it should not collect \$10 registration fees from automobiles and permit them to go out and kill or injure people.

H. B. 189 should be passed by this legislature, or a special session should be called by Governor Erickson for that purpose.

JESSE H. STEVENS.

(The expense of this circular is paid by

one of the largest hospitals in Montana which is interested in H. B. 189, and which, at present, is forced to carry an unfair burden in automobile cases.)

THE NEW SCHOOL

By HANS RASMUSSEN

The school meeting at the fire hall Monday evening was attended by a couple dozen people besides the school board.

The need of a new school building was the topic of the evening. The sentiment of the crowd present was that a bond issue should be floated and a new addition to the present brick building should be constructed the summer of 1931.

If the taxpayers should be willing to vote upon themselves a bond issue to the limitation of the school district, some \$62,000 would be available for building purposes. If they also would be willing to vote upon themselves an extra 15 mills for building purposes, like we did last year, then about \$70,000 could be spent on a new building in 1931.

These questions are going to be voted on by the taxpayers at an election, and will very likely be explained in detail before that time. With times the way they are, and with people not being able to pay their present high taxes, it is very doubtful that the people of school district No. 20 will be willing to vote additional taxes upon themselves for many years to come.

As I see it, there is only one way this election can carry at the present time.

If the school board will issue a statement saying that the work on the new building shall be done, as far as possible, by people living in school district No. 20, then the election will carry, otherwise I do not believe it will.

We have right here in Plentywood plenty of good people who can do that work, and do it better than a good many of the imported ones, most of these people being half starved with no work in sight.

Letting a job by contract is not always the cheapest way of doing work. By hiring a good man to look after the work and do the job by the day you are bound to get a better job done, and in most cases just as cheap. One advantage of this arrangement would be that the work could be started right after election and very likely could be completed before the fall school term opened.

After the election it will take about 90 days to float the bond issue. A contractor would not start the work until the bonds were fixed up. Day work could be started right away after election, the people working would get no money for a while but they could eat by giving to the store keeper an order on the school board, which would be paid out of the bond money whenever available. In that way the storekeeper would not need to fret about the people who were doing the work sending to Savage—it would be a "keep your money at home" proposition as near as we could get to it.

COVERING IT UP

By HANS RASMUSSEN

You have heard the one about the busy cat on the tin roof. That cat was not half as busy covering up its doings as our county officials are covering up theirs.

In the February Commissioners proceedings was this: "At this time some of the bankers of the county appeared before the board in regard to the interest rate to be paid the county for funds on deposit with the banks, and after a lengthy discussion it was agreed that 1% should be paid the county for all funds on deposit with the banks."

These proceedings are written up by Niels Madsen and, like the cat, he is doing his best to cover up things, but it can't be done when you are working on a tin roof. Let us go back a few months and take a look.

For years the banks have paid ½% for county money on deposit in the banks. In November we elected Carl Hansen as our county commissioner. One thing the taxpayers expected Carl Hansen to do was to get the banks to pay more interest on county money. In order to beat Carl to it, and not let him get the credit for it, the old commissioners held a meeting in December and raised the interest rate on the banks from ½% to 2%. As soon as Carl Hansen got in office another meeting was held where they tried to talk Carl into cutting it down again to ½%. But Hansen stuck to the 2% or better. Finally French and Anker agreed on 1% and Carl Hansen voted "No."

In the proceedings Niels Madsen does not say a word about Hansen voting no. He is misleading the people and doing it for a purpose. By saying "it was agreed" he is trying to make people believe Carl Hansen is lining up with Frank French and the bankers the same as Niels Madsen himself is doing. He is very careful not to call people's attention to the fact that Hansen, by voting no, stuck up for the interests of the people who elected him.

We all know that Niels Madsen did not run on the same ticket as Carl Hansen and did not work for him. Niels helped suppress the examiner's report for the purpose of electing himself and Ed Iverson. Nevertheless, a lot of people who voted for Niels Madsen also voted for Carl Hansen, and it is natural they would expect a correct report of the commissioners' doings instead of a misleading one.

While we are talking about covering up: A business man in Reserve said the other day: "Whenever a bank deposits a county warrant with the county treasurer as security for sinking fund money, that warrant does not draw any interest, that's the way I understand it." We had to call in the local banker in order to convince him he was wrong. I am missing my guess if that business man doesn't still tell the farmers: "That the way I understand it." I sometimes wonder why it is that storekeepers enjoy seeing the county being robbed by the bankers, and will go out of their way to find excuses for it.

That the banks are hard up and can't afford to pay more than ½% or 1% is probably very true, but what about the rest of us? How many of us can afford to borrow money at 6% and lend it out at 1% just to keep a few banks going. Outside of discounting county and school warrants the only stroke of banking business I have heard of was done by Ed Powers, the banker at Medicine Lake, when he let an ex-soldier have \$3.00 and made him sign a note for \$5.00 with plenty of interest besides. That's the kind of thanks you get for going out into the front line trenches to fight for the 3% who own the 85% of everything. I am glad to hear the American Legion did not let Mr. Powers get away with it but told him where to get off at and made him dig up the other \$2.00.

THE WASHINGTON SCENE

By LAURENCE TODD, Federated Press

SHAMEFUL CHAPTER OF HISTORY CLOSÉS

Washington.—Two minutes before noon on March 4, when Vice-President Curtis interrupted the oil-investigation filibuster conducted by Sen. Thomas of Oklahoma to propose that the senate agree to the house joint resolution "notifying the president that congress has completed the business of the session, and asking if he has any further communication to make," Sen. Norris sprang instantly to his feet.

"That resolution is debatable, and I want to debate it," he said firmly.

Curtis hastily withdrew the proposal, and the session expired by a rap of the gavel, without any formal notification to the ash-gray and dyspeptic looking Hoover, who waited among his few personal supporters in the anteroom. Smiles wreathed the faces of the progressives as the final minute of the final session of the final Hoover congress slipped past. It was, they believed, the end of a shameful chapter in the history of the national legislature. When congress next assembles, the best recommendation for leadership will be a record of resistance to the harsh and vindictive little man in the White House. Progressives will hold the balance of power.

NORRIS AND BLACK EXPOSE MUSSEL SHOALS VETO

Brilliant speeches by Norris and by Black of Alabama, exposing the falsehoods and inconsistencies in the Muscle Shoals veto message, marked the tense hours of debate on the night of March 3, when the senate voted 49 to 34, its futile disapproval of the veto. Lacking the necessary two-thirds majority to pass the Norris bill in spite of Hoover's opposition, the Senate indicated its determination to provide that two-thirds majority next winter.

HOOVER SHOWN UP AS A FAKER

Black opened the debate with a forceful analysis of the misleading character of Hoover's statements on the cost of hydro-electric energy at Muscle Shoals. He proved, from the published report of the corp of army engineers which studied the engineering problems involved that the cost of electricity at Muscle Shoals was 1.36 mills per kilowatt hour, and if delivered 350 miles distant it would cost only 4.16 mills, while Hoover declared that generation and transmission would cost 9.1 mills. A

gain Hoover pronounced the nitrate plant at the Shoals "more or less obsolete," on the word of the department of agriculture, yet later in his message he said the federal government could turn them over to two states—Alabama and Tennessee—who would set up a commission that "could lease the nitrate plants to the advantage of agriculture." Hoover bitterly assailed public operation by federal owners, yet proposed to give the federal property to state governments for their public operation. Hoover denounced the Norris bill because it would put the federal government into the power business in competition with the Alabama Power Co. He said this would "break down the initiative and enterprise of the American people; it is destruction of equality of opportunity amongst our people," and many more bromides of the same misleading sort.

SHOWS HOOVER BETRAYS PLEDGES

When Black had done exhibiting Hoover as a trickster, a juggler of facts and economic blockhead, Norris pressed home the truth as to Hoover's betrayal of his own campaign pledge made at Elizabethton—the pledge to consider Muscle Shoals operation a federal duty. He explained the portance of the Cove Creek dam as a flood control measure which would vastly increase the primary power at the Shoals, an showed that Hoover had grossly misrepresented the fact as to the cost of transmission lines to carry the electricity to cities in surrounding states. Then he flayed the White House suggestion that the measure would put the power question into politics. He said the power trust was in every nook and cranny of the political structure of the country. He was trying to stop its thievery.

HOOVER SHOWN UP THIEVING

"There is not a place in the political firmament where the power trust has not its servants," he exclaimed, as crowds in the galleries leaned forward eagerly to catch every word. "Its faithful servants are stationed there right now, living off the fat of the land, taking their toll from the poor people, taxing every home, every citizen, and doing it out of property which belongs to the people. That is what this bill meant, and that is what the President has taken away from the American people by his wicked, his cruel, his unfair, his merciless veto."

OFFICIAL WASHINGTON PONDER'S RECOGNITION OF SOVIET RUSSIA

Washington, March 10.—Recognition of Soviet Russia is an official question the Hoover administration intends to answer for itself.

For the past two years the United States has followed a Russian policy laid down by former administrations. Secretary Stimson, believing there might be some need for a change, has decided to look into the situation.

So, with an open mind and a mass of background, he hopes to formulate a "definite" official attitude toward the government that rules more land than any other.

Stimson will review the entire problem of Russian affairs before mapping any policy. Since he took office he has been primarily occupied with other European countries, the far east and Latin America. With no momentous questions concerning these now awaiting his attention, he will be comparatively free to determine if there should be a change toward Russia.

As enunciated eight years ago by Charles Evans Hughes when

secretary of state, the American policy has been that Russia must settle its official and private obligations to the United States and its citizens and cease its propaganda activities intended to overthrow the American government.

Repudiate Russian obligations to American citizens are estimated to be near 400 million dollars, while there also is in the balance a 187 million dollar credit extended by the United States to the provisional government which followed the czar.

Recent agitation of embargoes on Russian goods has been responsible to some extent for Secretary Stimson's decision.

The question of trade is not a small one. In the Soviet's fiscal year ended last October American exports totaled 145 million dollars and imports 32 million dollars or 28 per cent more than ever before.

Most of this was handled thru the Amtorg Trading corporation, unofficial Soviet agency which drew some criticism from a special house committee after its investigation of communism.

PLANE CARRIES SERUM IN THE FAR NORTH FOR DIPHTHERIA VICTIMS

Point Barrow, Alaska, March 9.—The airplane again is triumphant over the frozen northland and its former mode of travel.

Pilot Joe Crossen and a quantity of antitoxin for this diphtheria ravaged village arrived Sunday. Pilot Crossen flew the life giving serum from Fairbanks in 5 hours and 20 minutes. Two months would have been required for a dog team to make the journey.

The flight contrasted vividly with the overland rush by dog team with antitoxin from Fairbanks to diphtheria-scorched Nome in 1925 when by relays it took the mushers five and one half days to cover 600 miles. At least six lives were lost, many were stricken and hundreds were threatened before Gunnar Kasson pushed his team of malemutes across Norton sound and dropped half dead from exhaustion, his dogs overcome by fatigue at Nome. Most of the relays were made in temperatures 25 degrees below zero.

Crosson flew to Wiseman, 175 miles distant, refueled and headed straight over the high Brooks mountain chain and then across out across the unpopulated, snow swept wastes to this isolated spot. The total distance is about 450 miles.

Five persons were suffering virulent attacks, several other cases were less serious and only a fourth of the some 200 exposed residents had been inoculated when the supply of antitoxin was exhausted. A strict quarantine is being observed while another supply of serum is awaited. Alger Graham, who was with Sir. Hubert Wilkins during one of his arctic explorations, was expected to fly here by the first of the week.

While this northernmost white settlement of the American continent was fighting diphtheria, the

Good News Bay district, far to the south was being swept by whooping cough, 14 lives having been the toll so far. The disease was still spreading.

Dr. Myers of the bureau of education, Fairbanks, will be flown to the district to supervise in combating the disease.

Prevailing Wage Rule Is Endorsed in U. S. Senate

Washington.—FP—Endorsement of a bill providing that on federal construction work the contractors and subcontractors shall pay the wage rates prevailing in that locality, was voted Feb. 3 by the senate committee on manufactures.

Union Overall Company Gives 5-Day Week With No Reduction In Wages

Kansas City Mo. (FP)—The H. D. Lee Mercantile Co., makers of Lee Brand overalls, with large factories at Kansas City, South Bend, Ind.; Trenton, N. J.; Salina, Kans.; Minneapolis and San Francisco, voluntarily announces that the 5-day week of 40 hours will be adopted effective Feb. 1, with-out a pay cut. This firm is 100% union and never had a strike. Several Kansas City plants contemplated a wage cut, but Lee's action is expected to dampen the move.

"We anticipate this plan will result in employment for an increased number of our members," the company wrote Pres. T. A. Rickert of the United Garment Workers, "and we hope our action will result in a similar policy thru-out the industry."

The Letter Box

ROOSEVELT COUNTY PEOPLE BREATHE EASIER NOW THAT STATE LEGISLATURE HAS ADJOURNED

Froid, Montana, March 12, 1931

Editor, Producers News:

The people of Roosevelt county are breathing easier as the session of the state legislature has come to its end, and they feel fortunate that no more dangerous legislation is in the making for some time to come.

The lower house seems to be receiving more complimentary comments on their ability and intellectual conception of laws than this year than usual, as they killed some of the senate bills that would take from the people the free expression of their thoughts when expressed in words, through fear of severe penalties, though silence might take from them the savings of a life time. No, the libel bank bill did not pass, but the intent should not be forgotten when the selection of representatives for future legislation occurs. A legislature that will try to check free expression of thought when embodied in words, is an enemy to the liberty of its people and a menace to the state.

At the present the Roosevelt Taxpayers Association seems to be leading the Sheridan County Taxpayers Association.

We feel some pride in this.

Yours truly,

J. A. BLODGETT.

AS WE SEE IT

(Continued from front page)

intimated that American businessmen who are trading with Russia are living examples of the truth of Lenin's statement:

"He stated that the Five-year-plan is a success, declaring himself in agreement with Peter Bogdanov who addressed the City Club on the previous Saturday. The main object of the activities of the Fish committee was to protect 'Free American Labor,' he stated and admitted that was the object of the Grundy tariff also."

Mr. Fish ridiculed the Socialist Party declaring that it hardly existed and was confined to a few "Protestant clergymen" the rank and file having gone over to the Communists. He did not even give the Socialists credit for saving our institutions from the Purple Danger. The credit belonged chiefly to the leaders of the American Federation of Labor.

The congressmen scored Mr. Gerard for saying that 59 men of wealth and position dominated the American government. A thousand times no, he said. Each and every one of us is a sovereign citizen and each is equally potent in influencing legislation. During his many years in the house of representatives he never knew of a dollar being accepted by a duly elected representative of the people in the form of a bribe. Dauntlessly and fearlessly he answered in reply to a query about Teapot Dome, "What about Harding?"

He scorned the fear of the hall. His answer, if any was drowned by a roar of derisive laughter.

In reply to questions Fish said that the rich were just as good as the poor and should not be discriminated against; that they are just as patriotic as the unemployed; that of course Communism is based on the interests of the poor, thus creating class hatred; that the rapid growth of Communism is due to the spread of poisonous propaganda put out by the ten foreign language newspapers and one English one published in this country; and because of the failure of the American government to suppress Communist propaganda. He admitted that no club had so far blacklisted an American business man for trading with the Soviet Union and said that the government encouraged such trading because he had previously boasted of its success in inducing the treasury to place an embargo on the importation of Soviet lumber.

Mr. Fish indicated that he was not against revolution provided it originated in the country the government of which it was designed to overthrow. He defended the intervention in Nicaragua on the ground that it was only for the purpose of stopping a scrap between the liberals and conservatives at that country. Fish was a skillful dodger in answering questions. Of the thirty or so questions asked he was friendly to the Soviet Union. Fish looked relieved when the chairman called "time."

Aches and PAINS!

When you take Bayer Aspirin you are sure of two things. It's sure relief, and it's harmless. These tablets with the Bayer cross do not hurt the heart. Take them whenever you suffer from

Headaches Neuritis
Colds Neuralgia
Sore Throat Lumbago
Rheumatism Toothache

When your head aches—from any cause—when a cold has settled in your joints, or you feel those deep-down pains of rheumatism, sciatica, or lumbago, take Bayer Aspirin and get real relief. If the package says Bayer, it's genuine. And genuine Bayer Aspirin is safe.

Aspirin is the trade-mark of Bayer manufacture of monoaceticacidester of salicylic acid.

DEMAND

BEWARE OF IMITATIONS

COMMITTEES ARE ANNOUNCED TO MAKE RELIEF LOANS TO FARMERS

Grand Forks, March 9.—Detailed instructions for obtaining seed, feed or fuel loans from the department of agriculture in the counties in the eligible areas of the northwest district, with headquarters in Grand Forks have been announced by Walter E. Eliff, administrative officer in charge.

The necessary blanks for obtaining loans have been mailed to all counties within the area, Eliff said.

The major requirements of the seed loan regulations are that the farmer applicant has suffered crop failure or severe loss during the 1930 season because of drought or storm; that he has no seed, feed or fertilizer, no funds with which to purchase any, no commercial basis to offer as security for a loan for this preparation; that he has no other income than that derived from his farming operations and that in the absence of government aid he will be unable to farm in 1931. If he cannot meet these requirements it is useless for him to apply for a loan.

The fact that a borrower has not been able to pay in full his previous loans will not prevent him from securing a new loan, providing he used the loan for the purpose for which it was granted, that he made diligent effort to attend his crop properly and that he applied the proceeds of all cash crops to the payment of his federal seed loan note. The unpaid balance on previous loans must be properly secured by a mortgage on the 1931 crop, according to instructions.

In the preparation of the seed loan papers the following points are among those to be adhered to: Describe all lands to be farmed; see that description in the mortgage agrees with that in application; include power of attorney in each case where agent signs any papers to avoid delay, and waivers must be without limitation.

Following is the county committee for Sheridan county, the chairman being named first:

Leo Zeidler and A. J. Langer of Plentywood and George Lund of Reserve.

MALTA GASOLINE PRICE CUT

Malta, March 10.—Malta garages and service stations have lowered the price of gasoline from 26½ to 24½ cents, the first drop in gas prices in this vicinity since early last fall.

Voters Refuse to Grant Franchise in Great Falls

Great Falls, March 9.—Freehold, or electors of Great Falls today refused to award a gas franchise to the Public Service Gas Co.

The vote on the proposed action was 236 against and 619 for. The company is headed by E. B. Coolidge, widely known Montana oil and gas operator. The city is now served by the Great Falls Gas Company.

PEONAGE CHARGED AGAINST PLANTER

Shreveport, La.—FP—A complaint has been filed by W. C. Robinson of the department of justice against J. L. McLeomore, well known planter of Coushatta, La., charging him with holding in peonage five negro laborers and share-croppers for payment of alleged indebtedness.

Investigation disclosed the negroes were indebted to McLeomore on the year's crop and that he has forbidden them to leave his place unless they pay amounts ranging from \$125 to \$700. It also disclosed that McLeomore customarily carries a pistol with which he threatens the negroes if they dare leave his place.

MILLIONS OF POUNDS USED BY OUR GOVERNMENT

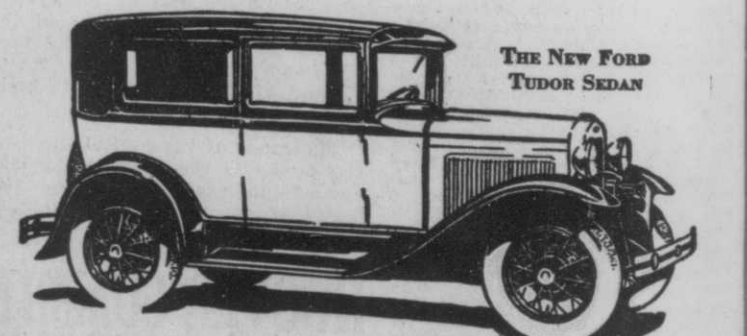

More than 73,000 miles in a New Ford

THE substantial worth of the new Ford is reflected in its good performance, economy and reliability. Its stamina and endurance are particularly apparent in sections where bad roads and severe weather put a heavy extra burden on the automobile.

In less than a year a new Ford Tudor Sedan has driven more than seventy-three thousand miles over a difficult route. The operating cost per mile was very low and practically the only expense for repairs was for new piston rings and a new bearing for the generator.

The car carried an average load of 1200 pounds of mail and was driven 250 miles daily. "The Ford has never failed to go when I was ready," writes one of the three mail carriers operating the car. "The starter did the trick last winter even at 34 degrees below zero. The gas runs about 20 miles per gallon. At times I pull a trailer whenever I have a bulky load."

Many other Ford owners report the same satisfactory performance. Every part has been made to endure—to serve you faithfully and well for many thousands of miles.

LOW PRICES OF FORD CARS

\$430 to \$630

F. O. B. Detroit, plus freight and delivery. Bumpers and spare tire extra at small cost. You can purchase a Ford on economical terms through the Authorized Ford Finance Plans of the Unsecured Credit Company.

FEATURES OF THE NEW FORD
Attractive lines and colors, rich, long-wearing upholstery, sturdy steel body construction, Triple-shatter-proof glass windshield, silent, fully enclosed four-wheel brakes, four Hotchkiss double-acting hydraulic shock absorbers, aluminum pistons, chrome silicon alloy valves, torque-tube drive, three-quarter floating rear axle, more than twenty ball and roller bearings, and bright, enduring Rustless Steel for many exterior metal parts. In addition, you save many dollars because of the low first cost of the Ford, low cost of operation and up-keep and low yearly depreciation.

Emil Moe of Archer was a shopper in town Wednesday.

Clarence Petersen visited with his sisters, Gertrude and Gladys, in the city Wednesday.

Bill Hass was in from the farm near Outlook Wednesday to attend the taxpayers meeting.

Miss Cora Frisvold is enjoying her three weeks' vacation with her folks at Eau Claire, Wisconsin.

Judge Paul, accompanied by Ed. Koser spent Tuesday and Wednesday on court matters.

Niels Sundsted of Antelope was a caller at the court house Wednesday.

Mr. and Mrs. Earl Cosper from west of Outlook were in attendance at the Taxpayers Assn. meeting on Wednesday.

County Superintendent Markson left on Wednesday's train for Helena where he will spend two weeks at the county superintendent's convention.

Prof. Slaughter is confined to his home with the mumps. Mr. Fairweather will substitute for him at the local schools.

Mr. and Mrs. Harold Hanisch were supper guests on Tuesday at the home of Mrs. Hanisch's parents, Mr. and Mrs. H. Hendrickson who live near Antelope.

Mrs. R. J. Kantler and children left for Missoula Tuesday where they will enjoy an extended visit with relatives and friends.

Mr. and Mrs. Jesse Clark, prosperous farmers residing east of town, drove to the city during the week to shop and look after business matters.

Soren Runborg, manager of the Farmers Co-operative Store at Reserve, and Mr. Eddinfield drove to Plentywood Saturday on business matters.

Mrs. Hans Madsen, who was operated on for appendicitis last week, is improving very nicely and expects to soon be able to return to her home.

Bill Noble went to Seabeck Tuesday where he visited with his parents. While away Mr. Noble took over and made arrangements to open up another "White Coffee Pot" restaurant at Flaxville.

A. H. Rasmussen, Jr., and family and Mr. Rasmussen, Sr., Sunday at the Wm. Hanisch home in Plentywood. The two older men were boyhood friends at the same place in Iowa.

The taxpayers association meeting at the court house Wednesday was very well attended and all discussions were alive and to the point. Many good ideas were exchanged.

The 10-year-old son of Mr. and Mrs. Matt Wirtz of Outlook was taken suddenly ill on Saturday and was brought to the local hospital where he was operated on for appendicitis by Dr. Fawcett.

Elmer Gooder, who has been at Waterloo, Iowa several weeks, to which place he was summoned by the death of a brother-in-law who was killed in a railroad crossing accident, returned Monday.

Summoned by the accidental death of a brother at International Falls, Minn., J. J. Gunther took the train from Culbertson Sunday for the Minnesota city to attend the funeral.

Mrs. Fred Forman and her brother, Joe Redmond, are enjoying a visit from their brother Frank Redmond of Minneapolis. He arrived Wednesday, being met at Culbertson by Katherine Marron and Mrs. Forman.

Among those from Plentywood who attended the dance at Flaxville Saturday night besides the members of the orchestra were Mr. and Mrs. Harold Hanisch, Gertrude Petersen, Glow Krebsbach, Ida Bunhun, Ruby Johnson and Lois and Jud Goodman.

Mrs. Harry Grene and infant daughter returned to Westby Friday. Mrs. Grene has been a private nurse at the home of Mrs. P. J. Akestad the past two weeks at which time a nine pound baby girl was born to her.

On Friday evening Mr. and Mrs. J. G. Debing gave a lovely 6:30 dinner in honor of Miss Linda Hall who is leaving Plentywood. The guests were Miss Markson, Miss Rustal, Mr. McMillan and Helen Larson. Bridge was enjoyed after dinner.

Mr. and Mrs. Hans Hardersen of Archer were in the city Wednesday. Mr. Hardersen, who is president of the Taxpayers Assn., was in attendance at the meeting of that body held at the court house. Mrs. Hardersen spent the time visiting with friends and shopping.

Mr. and Mrs. Len Rue gave a delightful party on Saturday evening entertaining their guests at Font tables of bridge after a sumptuous repast. Ladies' prizes were awarded to Mrs. Carl Bull, high; Mrs. Dean Moore, second. Jim McLean received men's high prize and A. F. McLean second.

Dr. and Mrs. Roy were hosts at a special Sunday dinner party at their home. St. Patrick's color scheme was carried out in food and decorations. The invited guests were Mr. and Mrs. J. G. Debing and daughter Beatrice, Helen Larson, Mr. and Mrs. J. B. Alexander and Mr. and Mrs. Fred Morck.

Three marriage licenses were issued at the clerk of court's office the past week: Kay R. Lang of Antelope and Balva Hanson also of Antelope; Francis King of Comertown and Esther Larson of Dooley on March 3; Lester H. Bedwell and Aster Fretheim of Redstone on March 7. The last two couples were married at the Lutheran parsonage by Rev. Simundson.

Mr. and Mrs. Paul Kurtz and family were Sunday dinner guests at the Bob Farris home.

George Lund, Reserve banker, was a caller in the city Wednesday.

Schylor Hoppins of Wano was a business caller at the court house Wednesday.

Chris Johansen of Dagmar was a business caller at the court house Monday.

F. J. Andersen of Westby drove over during the week to look after business matters at the clerk of court's office.

Miss Linda Hall left for Glasgow Wednesday. She will write insurance for the Degree of Honor.

Miss Ethel Petersen, who teaches the Jackson school east of Plentywood, was in town Saturday having some dental work done.

Anton Sundsted of Dagmar was among those from his section who attended the taxpayers meeting at the court house Wednesday.

Mr. and Mrs. Harold Hanisch were supper guests on Tuesday at the home of Mrs. Hanisch's parents, Mr. and Mrs. H. Hendrickson who live near Antelope.

Mrs. R. J. Kantler and children left for Missoula Tuesday where they will enjoy an extended visit with relatives and friends.

Mr. and Mrs. Jesse Clark, prosperous farmers residing east of town, drove to the city during the week to shop and look after business matters.

Soren Runborg, manager of the Farmers Co-operative Store at Reserve, and Mr. Eddinfield drove to Plentywood Saturday on business matters.

Mrs. Hans Madsen, who was operated on for appendicitis last week, is improving very nicely and expects to soon be able to return to her home.

Bill Noble went to Seabeck Tuesday where he visited with his parents. While away Mr. Noble took over and made arrangements to open up another "White Coffee Pot" restaurant at Flaxville.

A. H. Rasmussen, Jr., and family and Mr. Rasmussen, Sr., Sunday at the Wm. Hanisch home in Plentywood. The two older men were boyhood friends at the same place in Iowa.

The taxpayers association meeting at the court house Wednesday was very well attended and all discussions were alive and to the point. Many good ideas were exchanged.

The 10-year-old son of Mr. and Mrs. Matt Wirtz of Outlook was taken suddenly ill on Saturday and was brought to the local hospital where he was operated on for appendicitis by Dr. Fawcett.

Elmer Gooder, who has been at Waterloo, Iowa several weeks, to which place he was summoned by the death of a brother-in-law who was killed in a railroad crossing accident, returned Monday.

Summoned by the accidental death of a brother at International Falls, Minn., J. J. Gunther took the train from Culbertson Sunday for the Minnesota city to attend the funeral.

Mrs. Fred Forman and her brother, Joe Redmond, are enjoying a visit from their brother Frank Redmond of Minneapolis. He arrived Wednesday, being met at Culbertson by Katherine Marron and Mrs. Forman.

Among those from Plentywood who attended the dance at Flaxville Saturday night besides the members of the orchestra were Mr. and Mrs. Harold Hanisch, Gertrude Petersen, Glow Krebsbach, Ida Bunhun, Ruby Johnson and Lois and Jud Goodman.

Mrs. Harry Grene and infant daughter returned to Westby Friday. Mrs. Grene has been a private nurse at the home of Mrs. P. J. Akestad the past two weeks at which time a nine pound baby girl was born to her.

On Friday evening Mr. and Mrs. J. G. Debing gave a lovely 6:30 dinner in honor of Miss Linda Hall who is leaving Plentywood. The guests were Miss Markson, Miss Rustal, Mr. McMillan and Helen Larson. Bridge was enjoyed after dinner.

Mr. and Mrs. Hans Hardersen of Archer were in the city Wednesday. Mr. Hardersen, who is president of the Taxpayers Assn., was in attendance at the meeting of that body held at the court house. Mrs. Hardersen spent the time visiting with friends and shopping.

Mr. and Mrs. Len Rue gave a delightful party on Saturday evening entertaining their guests at Font tables of bridge after a sumptuous repast. Ladies' prizes were awarded to Mrs. Carl Bull, high; Mrs. Dean Moore, second. Jim McLean received men's high prize and A. F. McLean second.

Dr. and Mrs. Roy were hosts at a special Sunday dinner party at their home. St. Patrick's color scheme was carried out in food and decorations. The invited guests were Mr. and Mrs. J. G. Debing and daughter Beatrice, Helen Larson, Mr. and Mrs. J. B. Alexander and Mr. and Mrs. Fred Morck.

Three marriage licenses were issued at the clerk of court's office the past week: Kay R. Lang of Antelope and Balva Hanson also of Antelope; Francis King of Comertown and Esther Larson of Dooley on March 3; Lester H. Bedwell and Aster Fretheim of Redstone on March 7. The last two couples were married at the Lutheran parsonage by Rev. Simundson.

J. C. Gronvold has leased the Philip Bourassa farm 7 miles east of Plentywood for the year and will move onto the place in the near future so as to be ready for work when the spring opens. Jens Bourassa was fortunate in securing so competent a tenant.

SILVER WEDDING

The evening of March 6, about 150 friends and neighbors gathered to celebrate the silver wedding of Mr. and Mrs. Morris Jensen at the home of Mr. and Mrs. Carl Lyson east of Reserve.

The room was handsomely decorated in rose and silver and a delicious six o'clock dinner was served after which dancing and whist were the amusement of the evening. At mid night refreshments were served and dancing continued until the early morning hours.

The Jensens were taken entirely by surprise and presented with a beautiful set of silverware. The bride and groom received the hearty congratulations of their multitude of friends and merry time was had of their friends.

Contributed.

RAYMOND WELFARE CLUB MET

The Welfare Club of North Raymond met with Mrs. Chas. Larter on Feb. 25. Miss Wort, home demonstration agent, was present and a very interesting meeting was held.

Two new members were taken into the club.

The next meeting will be at the home of Mrs. James Larter on Wednesday, March 25th.

CHURCH NOTES

CONGREGATIONAL CHURCH

Sunday school at 10 a. m. Public worship at 10:45 a. m. Four Square Society, 5:30 p. m.

The pastor will preach the second of his pre-Easter sermons, the topic for this Sunday being "Out of the Grave of Poverty."

Week Day Announcements

Junior Society, Tuesday 4:00 p. m. Pour "L" Society, Tuesday, 7:30.

LUTHERAN CHURCH

O. M. Simundson, Pastor

Services next Sunday at Plentywood at 11 a. m. and at Antelope at 2:30 p. m.

Services on March 22 at Plentywood in the morning; Raymond in the afternoon and Outlook in the evening.

Remember the dates, March 13 and 14. On these evenings the League will have a circus at the Farmer-Labor Temple where will remember this home talent comic strip for many years. Fifty worth-while prizes will be given away. Every merchant in town is supporting us. Think of the things which you need and then come and get them.

LYLE SODERQUIST

The funeral of Lyle Soderquist occurred at the St. John's Lutheran church Wednesday of last week.

Rev. Sand officiated. Interment was made at the St. John's cemetery. The funeral was one of the largest ever held there.

Lyle Ferdinand Soderquist, deceased, was born on February 1st, 1925 and died February 22, 1931 at the age of 6 years and 21 days.

He was taken to the Plentywood hospital on Saturday, Feb. 21 and was operated on, the cause being telescope of the bowel.

He leaves to mourn his early demise his parents and sisters, Adeline and Lorraine, besides his grandfather, aunts, uncles and cousins.

CARD OF THANKS

We wish to thank those kind and considerate friends and neighbors who so kindly assisted at the funeral of our beloved son and brother.

We also wish to thank the Rev. Sand for his comforting words in the time of our bereavement and each and every one for the beautiful floral tokens of affection and tribute to the memory of our dear one.

Mr. and Mrs. Sven Soderquist, Adeline Soderquist, Lorraine Soderquist.

Robbers Get Cash Offering From Oregon Church Safe

Portland, Ore., March 9.—The Sabbath offering of \$1,500 was stolen during the night from the Hinson Memorial Baptist church here by robbers who broke into the safe and escaped without being heard. The robbery was discovered today.

The contents of the safe, including many church records and documents, were strewn around the room. The men entered through an unlocked window.

The church has one of the largest congregations in the city.

BUTTE—Installation of city's three new automatic "stop-and-go" signals on Park street has been completed.

COMPARE a package of Camels with any other cigarette and note the difference in the technique of packing.

Note that Camels are completely enclosed in an outer transparent cover of moisture-proof cellophane and sealed air-tight at every point.

We call this outer shell the Humidor Pack. It differs from the ordinary cellophane pack and while it is egg-shell thin, it means a lot in terms of cigarette enjoyment.

It means, for instance, that evaporation is checkmated and that Salt Lake City can now have as good Camels as Winston-Salem.

While Camels are made of a blend of the choicest Turkish and mellowest domestic tobaccos, it is highly important, if you are to get full benefit of this quality, that these cigarettes come to you with their natural moisture content still intact.

Check the difference yourself. It is a very simple matter to check the difference between Humidor Packed

Camels and other ordinary dry cigarettes. First of all you can feel the difference as you roll the cigarettes between your fingers. Camels are full-bodied and pliable. A dry cigarette crumbles under pressure and sheds tobacco.

If you will hold a cigarette to each ear and roll them with your fingers you can actually hear the difference.

The real test of course is to smoke them. And here's where the new Humidor Pack proves a real blessing to the smoker.

As you inhale the cool, fragrant smoke from a Camel you get all the mildness and magic of the fine tobaccos of which it is blended.

But when you draw in the hot smoke from a dried cigarette see how flat and brackish it is by comparison and how harsh it is to your throat.

If you are a regular Camel smoker you have already noticed what proper condition of the cigarette means.

But if you haven't tried Camels in the new Humidor Pack you have a new adventure with Lady Nicotine in store.

Switch your affections for just one day, then go back to your old love tomorrow if you can.

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

OPENING ADVANCE IS LOST ON CATTLE

St. Paul, March 10.—Increased marketings followed Monday's advance in the cattle division and buyers succeeded in erasing most of the opening upturn, trade reverting back to a basis in line with the close of last week. Top long yearlings and heavy steers reached \$8.50, bulk of the shortfords centering at \$6.50 to \$7.75. She stock showed little change under very meager supplies, cows turning at \$4.25 to \$6.50, cutters largely at \$2.75 to \$3.50, bulls from \$4.00 down, while vealers at \$6.00 to \$8 looked weak, improved quality considered.

The general hog market ruled steady to 10 or more higher than Monday following continued light receipts. Better 150 to 250 pound weights sold at \$7.25 to \$7.60; 250 to 350 butchers \$7 to \$7.25; sows turning at \$5.75 to \$6.25; pigs and light lights at \$7.50.

After a late start the lamb market worked out about steady, good to choice offerings clearing at \$8.25 to \$8.50. Medium to good natives sold at \$7.50 to \$8.00; throwouts from \$6 to \$7.50 with ewes at \$5 to \$4.25.

Price of Crude Oil Reduced

Tulsa, Okla., March 10.—Price cuts making the reductions posted last week by the Stanolind Purchasing company were announced today by two companies, the Carter Oil and the Humble Oil and Refining.

The Carter company, a subsidiary of the Standard Oil Company of New Jersey, announced its reductions for mid-continent crude oil, effective tomorrow.

The Humble reductions for north west Texas were announced at Houston. They range from 12 to 40 cents a barrel. The Humble company did not disturb the prices of Gulf Coast crude or Miranda crude.

HINSDALE—South Bench Oil and Gas Co. who leased big oil dome south southeast of the city organized recently.

FLOODS

(Continued from First Page)

were digging out of drifts that blocked their roads. Sixteen were left dead in the two-day blizzard of the central states.

The province of Quebec, Canada, was straggling as best it could against the stiffest March winds and worst snowstorm of 50 years.

United States weather officials indicated fresh fury of the elements with a warning to ships to hug shelter from Sandy Hook, N. J. to Eastport, Maine.

Scientists in the Balkans expected more earth shocks because of settling of the globe's crust there.

Roads Blocked

In Pennsylvania six state highways were closed to traffic because of snow drifts in Susquehanna and Wayne counties. Snow was still falling Monday in the north central counties.

Twenty-five passengers were marooned in a New York Central passenger train stuck for five hours in a snow bank at Rosiere, N. Y.

Western Massachusetts, Vermont and New Hampshire were buried in one of the deepest snows of the year.

An unusually high tide switched the mouth of the Goose Bay river, which divides Old Orchard and Saco, Maine, 100 feet to the south. Thousands of tons of rock were washed over beach roads in the vicinity.

150 DIE IN EARTH QUAKE

Belgrade, Yugoslavia, March 9.—Between 80 and 150 dead were counted today in eastern Yugoslavia and adjacent Bulgaria, rocked before dawn Saturday and yesterday by severe earthquakes. More than 500 buildings and other structures are reported to have been destroyed or injured.

Shaken from their beds and panic-stricken after Saturday morning's quakes, residents of the border line country were afraid to go back to their homes until late Sunday. At four a. m. Sunday they were routed out into the open in

their bed clothes, for the second time, screaming and making for the woods which afforded some shelter from the bitter weather without the danger of falling masses.

King Alexander and Premier Zivkovich left here during the day for southern Serbia to superintend relief operations, which were already under way.

Not one building was left standing in Pirava where 19 persons were killed.

SNOW IN EAST

New York, March 9.—Lashing the Atlantic seaboard from the Carolinas to the tip of Maine, a snow-laden gale left in its wake today death, injuries and property damage.

Starting Saturday night and continuing unabated thru most of Sunday, snow and rain centered their fury on New York state and on New England. Eleven were killed in New York City in automo-

bile accidents attributable to the storm. Four were killed in an automobile accident at West Haven, Conn., and three at Glens Falls, N. Y. Many were hurt by falling signs, trees and telephone poles. Long stretches of water-front were gnawed away on Long Island and summer homes were swept to sea.

The snow in New York City melted as fast as it came.

WHEN PILES DRIVE YOU MAD

Get a one-ounce box of our Imported Pile Ointment. Dries up Piles, Fistula, Itching Piles, Fissure, Abscesses, Abdominal wounds in a few days.

What the NEW HUMIDOR PACK

means to Camel Smokers*

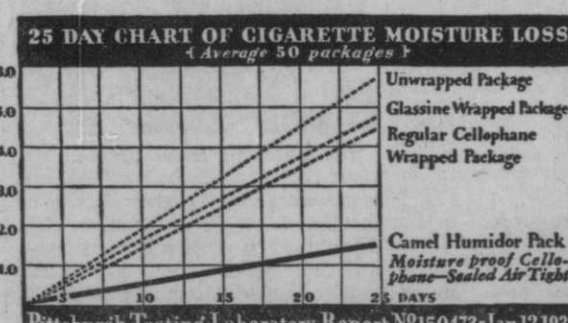

If baby has COLIC

ACRY in the night. Colic! No cause for alarm if Castoria is handy. This pure vegetable preparation brings quiet comfort, and can never harm. It is the sensible thing when children are ailing. Whether it's the stomach, or the little bowels; colic or constipation; or diarrhea. When tiny tongues are coated, or the breath is bad. Whenever there's need of gentle regulation. Children love the taste of Castoria, and its mildness makes it safe for frequent use.

And a more liberal dose of Castoria is always better for growing children, than strong medicine meant only for adult use.

Fletcher's CASTORIA

FROM AROUND SHERIDAN COUNTY

***** ANTELOPE *****

Anna Afor has returned from Great Falls and is employed as housekeeper at the Clark's. Taylor, the Fuller Brush man canvassed the town last week.

The Senior play, "The Clay's Thing" will be presented March 21 and 22 at the Sons of Norway Hall. Friday evening Mrs. Emil Grimsrud called at the Joe Christian home.

After a severe case of mumps Andy Fairchild is slowly improving.

Mr. and Mrs. Halvor Bestland are happy over the birth of a daughter on March 4.

Gene Thompson will assist with the housework this spring at the Bestland home.

Mrs. Pete Lee acted as nurse a few days.

The Grayson boys have caught two good sized bass lately.

The home folks made up most of the crowd at the dance Saturday night put on by the Dooley orchestra.

Neil and Gladys Nelson, Gilma and Clara Christianson attended the dance at Reserve Saturday night.

Saturday Mrs. Billie Bell left for Towner, N. D. after about ten days visit at the G. W. Grayson home.

Mr. and Mrs. Chas. McLaughlin entertained at supper Friday Mrs. Bell and two daughters and Rosella Morris.

For dinner Friday Mr. and Mrs. Ernest Grayson were hosts to Mrs. Bell and daughters and Mr. and Mrs. G. W. Grayson and Varian.

Miss Schultz spent the week end with friends in Williston.

Undoubtedly the greatest event of the week is the marriage of Miss Belva Hanson to Kay Lang on the evening of Thursday.

After school on Friday the newlyweds were given a joyride in Bill McGinty's Ford with plenty of tin rattlings tied behind.

Sunday evening the bride's parents Mr. and Mrs. C. Hanson gave a dinner in honor of Mr. and Mrs. Lang. Guests were Mr. and Mrs. R. S. Richardson, Mr. and Mrs. Chas. McLaughlin, Mrs. Inga Brocklev, Olaf, Ruth and Milo Arneklef, Miss Ilo Damrosch, Lois and Velma Mark, Irene and John Crohn, Osvold, Scottie and Doc Hanson.

The happy couple will be at home at C. Hanson's until the close of school.

Rep. R. E. Ueland returned Monday from Helena and his duties at the legislature.

E. Brenden of Plentywood called at the A. Lindquist, A. R. Berg and Emil Grimsrud homes.

Mrs. Herman Nelson and sons spent an enjoyable evening with Mr. and Mrs. Geo. Hunter Thursday.

Mr. and Mrs. Joseph Christianson and Julian visited the Elliott Brekke family Sunday afternoon.

St. Red Ovan was a caller at the Paul Parpart home.

Carroll Berg hot the Billie Bell Ford roadster Saturday.

Members of the Lutheran church drove out to Mrs. Florence Richardson's home to practise Monday evening.

Knutte Hennickson arrived Monday from Great Falls to visit his parents and other relatives.

Only a small crowd attended the P. T. A. meeting Tuesday. Mr. De Witt gave a good talk on "Admiral Byrd as a Character" and Mr. Sorvick sang two solos. The last meeting of the year is in April when election of officers takes place.

A baby girl was born Feb. 25, 1931 to Mr. and Mrs. Leslie Hedges. Mrs. Mary Hedges is housekeeper there at present.

***** DOOLEY *****

The Degree of Honor lodge held their regular meeting at the hall Thursday.

Geo. Leiback was a business visitor in Plentywood Friday.

Margaret Barner of Plentywood spent Saturday visiting with Miss Kelly.

Miss Dora Bolin entertained 12 of her playmates at a birthday party Monday afternoon.

Miss Ayotte spent the week end visiting with friends in Plentywood.

***** HIAWATHA SCHOOL *****

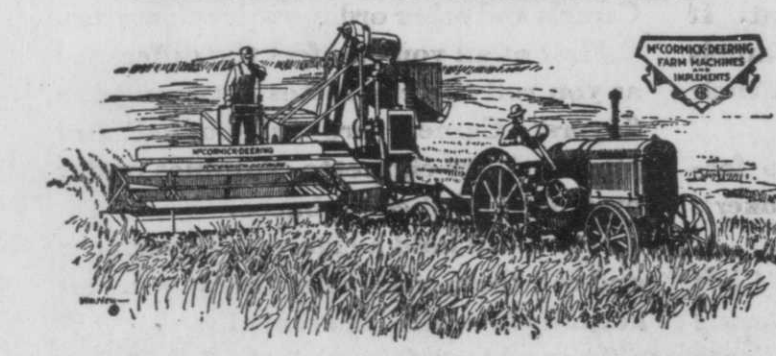

Those who were absent last week were Elizabeth Lodalh, Erlis Winter, Dorothy Fredrickson and Lillian Petersen. We are hoping to have a better record next month.

Raymond Petersen returned Tuesday after having been sick with the mumps. None in our room have had the mumps except Lillian Petersen, who had them last month.

Last month our room made spool elephants in art.

The third and fourth grades commenced new health books last month. We have been mending material and are making the books last longer by mending them. Erlis Winter and Elizabeth Lodalh remained after school Tuesday to help mend books.

Power Farming Entertainment

McCormick Reaper Centennial Celebration
FREE • MOVIES AND ENTERTAINMENT • FREE

THE year 1931 marks the centennial of the McCormick Reaper, that famous machine invented by Cyrus Hall McCormick in 1831, to free man from his enslavement to the soil.

As a fitting means of celebrating this event, we have arranged a day of special entertainment for every farmer in this community. It will be a day filled with interesting and educational motion pictures and short talks on modern farm machines and methods—something doing every minute.

Plan now to be our guest for the day!

You will also see the five-reel motion picture, "Romance of the Reaper," especially filmed to celebrate the one-hundredth birthday of the world's first reaper.

1931-1931
McCormick REAPER CENTENNIAL

FARMERS CO-OPERATIVE ASS'N
AT THE SCHOOL HOUSE IN RESERVE, MONTANA

SAUNDAY, MARCH 21--10 A.M. to 4 P.M.

In February Erlis Winter and Elizabeth Lodalh chose sides for a basketball game. Erlis' side chose the name "Washington." The Washington side won by 15 points. Miss Gotham is reading the book, "Giant Scissors" for opening exercises.

***** MELROY *****

Melvin's Courtship, a home talent play, will be given at Melroy at the school house, Saturday, Mar. 14 at 8 p. m. The cast is as follows: Bill Walker, a friend in need, C. W. Johnson.

Bud Weston, a rustic hustler, Kenneth Petersen.

Jay Crest, an easy money specialist, J. G. Noon.

Squire Felcher, the village tightwad, A. W. Overland.

Melvin Pedkins, the bell of Pekins' corners, Olga Lundene.

Squire Weston, Bud's mother, Mrs. P. G. Welsh.

Minnie Derling, from the city, Mrs. J. G. Noon.

James McCracken, in search of antiquities, Mrs. C. W. Johnson.

Mr. and Mrs. W. Markson attended the show in Plentywood Sunday evening.

Mr. and Mrs. J. B. Chandler of Medicine Lake were visiting and attending to business matters in Dooley Tuesday.

Mr. and Mrs. F. J. Schilling were Sunday visitors at the Geo. Ehrhardt home.

Mr. and Mrs. Geo. Leiback were visiting at the Burke ranch Monday evening.

A. Schumaker and A. G. Schrupp were visitors at the H. Wolff home Monday.

Mr. Loucky entertained the A. T. Society Tuesday afternoon.

R. C. Rasmussen of Comertown was attending to business matters in Dooley Tuesday.

M. Klakken and N. Ekstad were looking after business matters in Dooley Tuesday.

***** WOLF CREEK *****

Mr. and Mrs. John Albers and the Misses Williams and Gespen of Redstone were visiting at the James Cowan home Sunday afternoon.

Glen and Willard French and Chas. Day were visiting with Alvin, Hazel and Mabel Marsh Sunday afternoon.

Mr. and Mrs. Wm. Cromwell and children spent Sunday evening at the Cowan home.

Wm. Cromwell was a business caller in Redstone Monday.

Mr. and Mrs. Jas. Cowan were in Redstone Tuesday visiting and shopping.

E. Metzger was visiting at the MacInnes home Tuesday evening.

Dan Campbell, D. M. MacInnes, H. B. French went to Plentywood Wednesday and remained over till 1 p. m. to see Lucile Metzger.

"Safety First," the play given at the hall Friday night was attended by a large crowd and was a big success. A dance was put on after the show and a good time was had until the early morning hours.

Mabel Marsh was the week-end guest of Emma and Dora Severson on Eagle Creek.

Harriet Cromwell spent the week-end with Hazel Marsh.

Mr. and Mrs. C. Ulrich and sons were visiting at the Campbell home Sunday.

The Boys' 4-H Club and Pig Club met with Maurice Cromwell Saturday afternoon.

Mr. and Mrs. Wm. Cromwell and son Maurice were visitors at the Chas. Marsh home Sunday.

Dora, Emma Severson, Glen and Willard French were visitors at the Chas. Marsh home Sunday afternoon.

***** RACINE VALLEY *****

The Ladies Aid meeting held at Conrad Conradson's on Wednesday was well attended. The next meeting will be held at Rev. Larsen's home.

Chris Johansens, Lester Brentensen and Anton Sundsted were visitors at the Sundsted Friday.

Mr. and Mrs. Wm. Cromwell and son Maurice were visitors at the Chas. Marsh home Sunday.

Dora, Emma Severson, Glen and Willard French were visitors at the Chas. Marsh home Sunday afternoon.

***** OUTLOOK *****

Mike Flanery motored to Great Falls Monday. Fred Miller accompanied him. They returned Thursday.

Mrs. Frank Koester and Mrs. John Ladd, Sr., entertained a number of their friends at the Koester residence Tuesday.

Mrs. Andrew Ueland moved from the Ueland farm into the Bob Frost house Monday.

Mr. and Mrs. Frank Lund who have recently been keeping the hotel moved to the Ueland farm Sunday.

Mr. and Mrs. Martin Salonen who have been staying at the hotel moved to the Victor Anker home Sunday.

Mrs. Amanda Drager has taken over the hotel which was formerly kept by Mrs. Lund, a daughter.

A baby girl was born to Mr. and Mrs. Pete Kohler last Wednesday. Miss Kate Kohler is assisting with the house work while Mrs. Kohler is confined to her bed.

Last Friday evening the Outlook Glee Club presented their program to a very large audience. After the operetta a dance was given by A's Glee Club. Quite a large crowd attended.

Last Thursday Mrs. Wm. Goodlax entertained a number of her friends, viz: Megames Hurs, Scott, Koester, Ladd, Nelson and C. Cooper.

Saturday evening a dance was given at Daleview by Wunderlich's orchestra. The crowd was not as large as usual but a good time was had by those present.

Saturday evening Mr. and Mrs. R. O. Nelson entertained a number of her friends at what. The evening was greatly enjoyed by all.

Mrs. Keith Garrick spent Saturday with her mother, who is now living in town.

Ole Johnson spent last week in Plentywood overhauling his road implements for this summer's road activities.

Last Tuesday Mrs. Fred Kjelme was quite badly hurt by falling on the ice. The fall caused her to be taken to the Plentywood hospital a few days. She is at home again now and recovering rapidly. Miss Frances Kohler has been working at the Kjelme home during the absence of Mrs. K.

Harold Homme has been absent from school during the past week due to illness.

Louie Van Hee, of Plentywood, spent the week end in Outlook visiting with friends.

Mr. and Mrs. Hans Hanson and children attended the dance at Archer Saturday night.

Mr. and Mrs. Clinton Cosper entertained at dinner Sunday Mr. and Mrs. P. J. Scott and sons Robert and George and Willard Hurst.

Mrs. Len Deonola of Daleview has been spending a few days with her son Ernest, who is attending high school in town.

Lena Oites spent the week end at the Joe Wirtz home.

Those who registered at the Outlook Hotel the past week were H. A. Lottrop, Great Falls; E. D. Lottrop, Scooby; J. Dober, Billings and Louis Van Hee of Plentywood.

***** RESERVE *****

Howard Nelson, Gwendolyn Christianson, Muriel Donaldson, Florence Kollman, Helen Madson, Mildred Erickson, Alice Hendrickson, Mabel Kent, Arthur Marsh, Alice Barner, Gudrun Geyer, August Isen.

Those on the second honor roll are Beatrice Goltz, Mildred Goltz, Charlotte Bennett, Mildred Hanisch, Lotie Koike, Baby Lodalh, Leora Lodalh, Walter Gronvold, Evelyn Robke, Isabelle Porter, Olaf Hendrickson and Marion Robertson. The difference between these honor rolls is that those on the first honor roll must have a grade of 90 or above in four or more subjects. Those on the second honor roll must have an average of 90 with no grades below 85.

There were but 16 red marks given in the entire high school for the work of the past six weeks. We are steadily getting the failures down to a minimum. We hope to reduce this still more.

The Junior High Honor Roll includes, for the past six weeks, the following: Margaret Peterson, Dick Petersen, Arnold Smith, Helen Stenhem, Bernice Erickson, Margaret Kiang, Hazel Rasmussen and Phyllis Nelson.

Room 11 of the Seventh Grade gave the program last Friday night. The program follows:

A Cartoon—"Mr. Sandlin's Narrow Escape."

A play, "Eagle Feathers," by the boys.

Reading, by Clarence Kollman.

Play, "The Fifteenth Candle," by the girls.

A drawing game.

The Junior High Art Classes have been making fine charcoal drawings the past week. The best ones have been put on display.

There were 34 boys and girls of the Fifth Grade neither absent nor tardy during the forth six week period.

The Fifth Grade Honor Roll includes, for the past six weeks, the following: Stanley Peterson and Frank Gustafson. There were several on the Honorable Mention list who could easily make the Honor Roll.

The Fifth Grade has just been studying the picture, "The Fog Warning" by Winslow Homer. They have also memorized "I Couldn't Be Done," by Edgar Guest.

The Fourth Grade Honor Roll for the past six weeks includes Donald Peterson, Mae Antonson, Shirley Erickson, Earl Monroe, Melvin Johnson, Marjorie Koser and Evelyn Lih.

The Fourth Grade Wide Awake Health Club has adopted a yell. Mae Antonson and Jarred Deane were elected yell leaders.

The Fourth Grade has, as a whole, been making excellent progress in Arithmetic. Even long division has become easy and is more popular than short division.

By means of a blackboard vegetable chart the Fourth Grade is trying to discover which vegetables the animals most enjoy to eat. We shall then compare these with the ones the children should eat.

The Third Grade has scored over all its past records by having ten pupils on the Honor Roll for the last week. The pupils are: Helen Grant, Morck, Shirley Clay, Helen Davis, Gladys Estes, Arlynn Kitzberg, Norma Moore, Pearl Manke, Canola Salasbury, Betty Rasse and Carol Storkan.

Arlynn Kitzberg was the winner in the weekly reader contest. Norma Moore's notebook was chosen as the neatest. It was sent in to the editor of the paper to represent our room. We received a nice letter from the editor complimenting us on our work. Although we were not among the winners this time, we are going to try hard to win the next contest.

***** COMERTOWN *****

Mr. and Mrs. Reuben Rice were in Plentywood Wednesday on business.

Martin Marsh was out to Henry Hedegs Saturday. He had just moved this week as he planned on account of the weather.

Frank Sturgen has been spending a few days at his sister's, Mrs. Lou Dixon's, near his home.

Melvin Torgensen, Chancey Carson and Pete Wier were in Plentywood Saturday.

Adolph Johnson went to Comertown Saturday to get his children who were on Monday evening. She had been on short business mission there.

Herman Hupper was a Plentywood visitor Sunday.

Mrs. Hans Andersen's incubator came off last week and now she has a lot of chicks. She should have early fry.

Mrs. Simon Hansen's brother and wife, from the Mierse here for a short visit last week.

Ether Larson and Francis King were married at Plentywood Tuesday, March 3. Edmon Johnson and Clayton McCall attended them. Mr. and Mrs. King left for Minnesota on their honeymoon trip.

***** SPLITTERS *****

The traditional Senior-Key hunt was held last Friday evening. Nona Erner was the fortunate one to find it. Anyone near her could see mingled emotions expressed in her face for she was happy yet fearful. This demonstrates what a vital thing this key is in the Senior's life. A business meeting was held in connection with the party at which time the seniors decided upon their choice of announcements and the type of dress for commencement. An elaborate lunch concluded the party.

Bits of Blarney, the Irish operetta, in keeping with St. Patrick's Day will be given Friday evening, March 27.

The Beta Nu Kappa English club is giving a novel radio program to the Mu Chi Mu Club on Thursday evening. This bids fair to be an interesting meeting. The program was planned by Harriet Bull, Gladys Smith and Floy Mensing.

The high school honor roll for the first six weeks of this semester includes 25 names. Those making the first honor roll are: Garnet Johnson.

Dr. Caldwell loved people. His years of practice convinced him many were ruining their health by careless selection of laxatives. He determined to write a harmless prescription which would get at the cause of constipation, and correct it.

Today, the prescription he wrote in 1885 is the world's most popular laxative! He prescribed a mixture of herbs and other pure ingredients now known as Dr. Caldwell's Syrup Pepsin, in thousands of cases where bad breath, coated tongue, gas, headaches, biliousness and lack of appetite, or energy showed the bowels of men, women and children were sluggish. It proved successful in even the most obstinate cases; old folks liked it for it never gripped; children liked its pleasant taste. All druggists today have Dr. Caldwell's Syrup Pepsin in bottles.

Howard Nelson, Gwendolyn Christianson, Muriel Donaldson, Florence Kollman, Helen Madson, Mildred Erickson, Alice Hendrickson, Mabel Kent, Arthur Marsh, Alice Barner, Gudrun Geyer, August Isen.

Those on the second honor roll are Beatrice Goltz, Mildred Goltz, Charlotte Bennett, Mildred Hanisch, Lotie Koike, Baby Lodalh, Leora Lodalh, Walter Gronvold, Evelyn Robke, Isabelle Porter, Olaf Hendrickson and Marion Robertson. The difference between these honor rolls is that those on the first honor roll must have a grade of 90 or above in four or more subjects. Those on the second honor roll must have an average of 90 with no grades below 85.

There were but 16 red marks given in the entire high school for the work of the past six weeks. We are steadily getting the failures down to a minimum. We hope to reduce this still more.

The Junior High Honor Roll includes, for the past six weeks, the following: Margaret Peterson, Dick Petersen, Arnold Smith, Helen Stenhem, Bernice Erickson, Margaret Kiang, Hazel Rasmussen and Phyllis Nelson.

Room 11 of the Seventh Grade gave the program last Friday night. The program follows:

A Cartoon—"Mr. Sandlin's Narrow Escape."

A play, "Eagle Feathers," by the boys.

Reading, by Clarence Kollman.

Play, "The Fifteenth Candle," by the girls.

A drawing game.

The Junior High Art Classes have been making fine charcoal drawings the past week. The best ones have been put on display.

There were 34 boys and girls of the Fifth Grade neither absent nor tardy during the forth six week period.

The Fifth Grade Honor Roll includes, for the past six weeks, the following: Stanley Peterson and Frank Gustafson. There were several on the Honorable Mention list who could easily make the Honor Roll.

The Fifth Grade has just been studying the picture, "The Fog Warning" by Winslow Homer. They have also memorized "I Couldn't Be Done," by Edgar Guest.

The Fourth Grade Honor Roll for the past six weeks includes Donald Peterson, Mae Antonson, Shirley Erickson, Earl Monroe, Melvin Johnson, Marjorie Koser and Evelyn Lih.

The Fourth Grade Wide Awake Health Club has adopted a yell. Mae Antonson and Jarred Deane were elected yell leaders.

The Fourth Grade has, as a whole, been making excellent progress in Arithmetic. Even long division has become easy and is more popular than short division.

By means of a blackboard vegetable chart the Fourth Grade is trying to discover which vegetables the animals most enjoy to eat. We shall then compare these with the ones the children should eat.

The Third Grade has scored over all its past records by having ten pupils on the Honor Roll for the last week. The pupils are: Helen Grant, Morck, Shirley Clay, Helen Davis, Gladys Estes, Arlynn Kitzberg, Norma Moore, Pearl Manke, Canola Salasbury, Betty Rasse and Carol Storkan.

Arlynn Kitzberg was the winner in the weekly reader contest. Norma Moore's notebook was chosen as the neatest. It was sent in to the editor of the paper to represent our room. We received a nice letter from the editor complimenting us on our work. Although we were not among the winners this time, we are going to try hard to win the next contest.

***** POW WOW *****

reputing their 1928 campaign promises for farm relief also attacked Chairman John J. Raskob of the democratic national committee for his recent suggestion that capitalists and wealthy corporations should not be harassed.

Representative Government

Sen. Bronson Cutting, New Mexico, presiding over the session devoted the "return to representative government" tonight called for resistance by congress to encroachments upon its powers by the executive and judiciary.

Cutting advocated public appropriations to finance political campaigns in order to remove the influence of wealthy special interest.

ests. As to the dangers of "government by commissions," Cutting said President Hoover has minimized them "by rejecting the principal ideas of the commissions he has appointed."

Tariff

Sen. Costigan, Colorado, former tariff commissioner, led the discussion on the tariff. He advocated legislation to return control of flexible tariff revisions to congress and for a general lowering of tariff duties on the ground that existing rates are economically unsound and provocative of ill will abroad.

Major Parties Castigated

Leaders of both major parties were castigated by the progressive orators, more than a score of whom talked in the three sessions of the opening day.

Thursday's session was given over to a discussion of unemployment, public utilities and a general session for the reception of reports and adoption of resolutions occurred last night.

Norris Reads Call

"In the midst of depression the nation is without effective political or economic leadership," the call read. "The session of congress now ended has revealed the imperative need of formulating a constructive legislative program."

"Months of misery in the industrial centers and on the farms have disclosed lack of any proposals for the solution of one of the greatest economic crises ever confronting a nation."

"The disastrous results of failing to meet the responsibilities of this situation will be increasingly evident during the next nine months. The signers of this call for a conference to be held in Washington March 11-12 believe that there are certain economic and political problems affecting the welfare of every citizen which must be solved if this republic is to endure and realize for all that fullness and richness of life which was the hope that spurred our fathers to found this government."

"We believe that constructive solution for these problems can be found by men and women who are aligned with different political parties. We hold that the magnitude of these problems demands an intelligent effort to solve them without regard to partisan or political advantage."

"This conference is not called to form the basis for a new party. It
