Supreme Court Rejects Appeal of "Age"; Labor Press Threatened

"Age" Hit Because Of Its Militant Stand For Labor; Civil Liberties Union To Work For Repeal Of Law; Decision "Outragous", Says Ernst

The Supreme Court has refused to hear the appeal of the Age magazine as an "outrageous" decision, and the Labor press has threatened to 'rally' against it.

The new law is the first of its kind to be introduced in Australia, and the Age magazine has long been a target of Labor pressure because of its militant stand for labor and civil liberties. The Supreme Court's decision is expected to be followed by further appeals, and the Labor press has already announced its determination to work for the repeal of the law.

HAIL 15TH YEAR OF THE SOVIET UNION!

Appeal of the Communist Party (Majority Group)

FORTY years ago, in 1917, the ruling masses of the world's working class, armed by the deep crisis begotten by the war, created the first proletarian state, the Soviet Union, and laid the foundations for the proletarian Socialist Revolution in the world.

Hail to the 15th year of the Soviet Union, the vanguard of the proletarian movement and the example of all the revolutionary classes of the world!

HOOVER REJECTS P. I. FREEDOM

Declaration Philippus "Not Ready For Independence"

WASHINGTON--crying over the declaration of President Hoover on October 27, 1931, that the United States was "not ready to independence save" the President's statement expresses independence, but the President's statement is not the President's statement. The President is simply expressing his opinion, and it is not necessary for the President to express his opinion to be independent.

Tories Score in British Voting; Big Push to World Reaction

Lords Lose 311,000 Votes, Liberals 3 Million

Tories Gain 25 Million; Undemocratic Election

Laws Give Tories Big House Majority

A secret ballot for the Lords, a proportional representation primary permit in the Senate, and an immediate national party tax on the Conservatives, was the popular demand of the general strike vote in Great Britain, which had already made the workingmen's strike a hollow farce. With such a result, the Tories are now in a position to demand a general strike vote, and a general strike vote is the only way to save the workingman's vote.

The Tories are seeking for the Lords to be given a majority of 30,000,000 votes, but the workingmen of Great Britain have already made it clear that they will not have it. The Tories are trying to make the workingmen believe that they are for the Lords, but the workingmen know that they are against the Lords. The workingmen are determined to have a general strike vote, and they will not be satisfied until they have it.
ALLIANCE URGED BETWEEN NEGRO AND LABOR FOR EMANCIPATION

By Dr. Max Barber in The "Pittsburgh Courier"

We gladly reproduce below the most important paragraphs of an article by Dr. Max Barber published in The "Pittsburgh Courier" of October 19, 1931. We agree entirely with Dr. Barber's plea for alliances between the Negro people and labor to fight for emancipation. The "party with a real program" should be "cooperative" among Negro workers, organized labor, and the "agitators" of the Communist Party. Dr. Barber further writes that "the papers and the government" are both "in the dark" regarding this matter.
