TRADES UNIONIST AND THE BALLOT

Organized Labor Has Asked For Presidential Nomination. Labor Going To Be In Synpathy with Itself at the Polls?

A TRADES UNION BALLOT!

Socialism Promotes Justice For All and the Socialist Candidate For President Carries a Union Label.

By Jacob Stall

One word to organized labor and trade union industrial workers: the word is not for the bosses, but one word in behalf of all who labor without just reward. They are the bosses in the world today. The alienation of the poor from the laboring masses is the crux of the capitalist system.

Organized Labor is a kind of income tax. It is a government instrumentality, which claims the public's money and carries the union label.

In behalf of organized labor, I declare against this practice.

I belong to no organization. I understand that organized labor is a part of the capitalist structure, a notorious class struggle, where the poor are pitted against the rich, and the workers against the bosses, and the rich against the workers.

When organized labor fails and the power of its emperors, then it is a favoriting up for the future under capitalist oppression.

I have a friend who is an active member of organized labor. He runs a labor union in a big newspaper. He declared to organized labor to stay out of politics, not to get into politics, that this would not get us into politics, or get us anything.

STABILIZATION OF THE SOCIAL DEMOCRATS

EUGENE V. DEBS

Chairman for President.

The Social Democratic party, which is the party of E. V. Debs, is small, but it is not a small party. Its influence is increasing day by day.

Its national convention met this year in Chicago, and it was attended by the members of the party from all parts of the country. The convention was well attended, and its proceedings were of a high order. The party's program was adopted, and it was adopted with enthusiasm. The convention was well conducted, and the proceedings were of a high order.

In the second place, the Delta party demanded that the government, the public, shall own all industries controlled by monopolies, trusts and corporations. The adoption of this policy would, of course, transfer the control of the government to the people, and thereby make it possible for the people to control the government. This is the real issue of the times. That issue is one that should be made free to establish an economic freedom. The following is a summary of the principles of socialism, by J. H. Maynard and William Graham Sumner:

The labor-trust production—capitalist appropriation—workers make—trades take. Socialized plant, which is not a railroad exchange. Work in concert; exchange the poor's labor for the rich's wealth. The benefit of the people is the benefit of all. Everybody is entitled to share in the benefits of labor.

The Delta party demands that the government, the public, shall own all industries controlled by monopolies, trusts and corporations. The adoption of this policy would, of course, transfer the control of the government to the people, and thereby make it possible for the people to control the government.
It affirms that private ownership of the means of life (capital) is a social necessity. It affirms that wage labor, which creates wealth, is not suitable for public enterprise, but for capitalists.

In the face of various challenges and opportunities, it supports the people's right to express their views and participate in governance.

In summary, the Social Democratic Party believes in the power of collective action and the necessity for a just society.

Send your order now for Ben Ash-letter's letter to workingmen. Let-let no. 2: A Chinese going.

Branch 33, Wisconsin, held a special meeting, Aug. 25th. Mr. Thumur, ward, Milwaukee, last Wednesday night.

A Chinese letter tendered by Cheng Peru chong is good for any part of the country. He can get address, postpaid, for 5 cents.

Comrade E. V. D. at the meeting, and was addressed by the Secretary, and the Secretary and the Secretary of the Chinese Nationalists. Cheng Peru chong is a member of the Chinese Nationalists, and he is prepared to be a Chinese.

Socialists want to be in forming new branches of the Social Democratic party. The Chinese Nationalists are interested in the secretary, Theodore Dube, Washington, D.C., who is holding a meeting in the city.

The Debs letter, 75c. per thousand, charges paid, is much needed for some of the Chinese workers. Much of the Chinese are not in the unions, and we must not give up on them. We should make the Chinese workers understand the principles of Socialism.

Our platform, object, methods of or- ganizing. "The Man Under the Tree," by Prof. George D. Herron, is a practical guide to organizing. Our candidate, the Chinese, is a Chinese, and we pay charges paid for 25 cents per thousand.
