CAPITALISM ALREADY ON THE RUN
Tremendous Meetings in Nebraska and Iowa

During the past week the American candidate of the Social Democratic party in the state of Nebraska for the United States Congress, Mr. Charles L. Kansas, appeared before crowds of thousands in the cities of Omaha, Cornhusker, Fremont, Baltic, and Lincoln. The size of his meetings has been a genuine surprise to the old parties, and the enthusiasm for Social Democracy all along the line is taking them off their feet. Up to time of going to press we are able to insert reports of the meetings specified below.

A Dense Crowd at Omaha

The Debte meeting at Omaha on the 19th was a bountiful one in the camps of the two wings of capitalism. He held his address for two hours, and was interrupted for a quarter of an hour by the emotionalism of the audience. The absolute bedlam and anarchy in Omaha can hardly be measured.

Charles L. Kansas spoke on the political situation of the world, and a large audience gathered in the rooms of the newspaper headquarters of the circulation of the paper.

Kansas City. Mr. Kansas has been in the habit of speaking on the platform for the past weeks, and a crowd had assembled to hear him. The stage was filled with sympathizers and there was no room left in the gallery. Mr. Kansas was introduced by Clement Stone, the editor of the paper, and chairman of the Social Democratic organization of the city. The sympathy of the crowd converged forward to the stage, and the meeting was opened.

Under the caption, "An Appeal to the People of Nebraska," Omaha News, runs a long column and a large cut of the Omaha crowd.

The World-Telegram reports a full page of the meeting, but admits that the meeting was too large to report, but admitted that it was the Iowa Tour.

Comrade A. W. Kicker writes: "The meeting was a success. The platform was too large and the audience too large for any party in the state.

Democratic Reform

Alien concerns a democratic Congress with every vote against it demands. Labor arbitration bill in Congress, 20,000 members of the IWW. Bell was on the ballot. Democratic Governor offered a free election to terminate the miners. Bryan votes to raze the Philadelphia, 1900. Democratic reformer, 100,000 men. All the votes in House of Representatives for the labor arbitration bill. Democratic judge issues an injunction against the strike. Democratic secretary of state of Iowa issues an injunction against the strike.

Socialist Appeal to the People of Nebraska

The Socialist party, through its nabobs in the cities of Omaha, Cornhusker, Fremont, Baltic, and Lincoln, is making a tremendous appeal to the people of Nebraska. The Socialist party is making a tremendous appeal to the people of Nebraska.

The interest in Socialism on the part of the farmers has led to the establishment of the Social Democratic Party of America (the "Party"). The party's aims include the establishment of a socialist state, where the means of production and distribution are owned and controlled by the working class. The party advocates for the establishment of a workers' state, where the interests of the working class would be protected.

The party has a platform that includes the following key points:

1. The establishment of a workers' state, where the means of production and distribution are owned and controlled by the working class.
2. The abolition of private property and the establishment of public ownership of the means of production and distribution.
3. The establishment of a socialist state, where the interests of the working class would be protected.
4. The establishment of a workers' state, where the means of production and distribution are owned and controlled by the working class.
5. The abolition of private property and the establishment of public ownership of the means of production and distribution.
6. The establishment of a socialist state, where the interests of the working class would be protected.

The party also emphasizes the importance of education and the establishment of a socialist education system. The party believes that education is a key tool in the fight for socialism, and that all members of society should have access to quality education.

The party's strategy includes the following key points:

1. The establishment of a workers' state, where the means of production and distribution are owned and controlled by the working class.
2. The abolition of private property and the establishment of public ownership of the means of production and distribution.
3. The establishment of a socialist state, where the interests of the working class would be protected.

5. The abolition of private property and the establishment of public ownership of the means of production and distribution.
6. The establishment of a socialist state, where the interests of the working class would be protected.

The party also emphasizes the importance of international solidarity and the establishment of a socialist international. The party believes that socialism can only be achieved by the团结 of all workers of the world.

Drummers for the Wholesale Grocers Make Trouble with Their Own Employees

The Year in Debt

No class of workers has been struck harder by the recent development of labor conditions than the wholesale grocer’s drummers. The old-time jolly drummer, dressed in tattered coat, pebbled hat, and liberal in his expense account, is a thing of the past. Many drummers are now specialized, skilled work for which he had no training. If he could not support himself, he was worth a good deal of the store before he had his own business, and if his house, not at the expense of his services. In other fields of toil, the wolf is at the door and more getting the worst of it, but the drummer never gave a thought for the future, and he could never secure beyond perilous. In the wholesale grocery business, the machinery produced an oversupply of drummers. These were introduced that could be run just as easily as clockwork, and the drummers were代替. Homeless drummers, men and women of similar make and condition to all others... In certain cases, it was quite probable that his employers were better off than they had been before, for when the poor wretches struck behind the柜台, the proprietors... CAMPAIGN LEAFLETS
PUSH THEM OUT AND MAKE VOTES

No. 1.—Address to Unorganized Socialists
Contains information concerning the Social-
democratic labor movement and its methods, object and program.

No. 2.—Outline of American Workmen
By Ben Attarney. This is an admirable
document which every socialist should
examine to see what workmen's ideas appeal to the intelligence of the working man.

No. 3.—Machine Production and Capitalist Profit
The argument of this leaflet is a material
one. It is adapted to the use of the Com- munist League, and almost every American Socialist should have a supply of it to hand to look at. It is the only way out.

No. 4.—Tilers of America
By Ben Attarney. This is a reasonably effective campaign leaflet which every Socialist can
use to awaken the sympathies of his friends, and can now be supplied in German, Polish and Bohemian.

No. 5.—Industrial Crisis
“Cause and Cure.” A strong appeal to the mass of the people. The leaflet gives the fundamental issues of the struggle, and will fascinate any Socialist to the necessity of action.
