A Socialist's Duty

The Socialist's duty is to make the world a better place. For this, we must work to overthrow capitalism and replace it with a socialist society. The revolution is the only way to achieve this goal.

NOTES AND COMMENT

Capitalism is a system where the means of production are owned by a few wealthy individuals and corporations. This leads to inequality, poverty, and exploitation of workers.

"I am still without a party." — Mayor John F. Madden

A Few Observations

Mister workingman, you have a great many days to think. You have been told that we are getting into the worst depression in the world. The world is full of depression and in 1932 we are just starting it.

"Teddy's caustic gallbladder will now go on evacuation. Ministerial triumphant and with the usual
dilations of ideals of socialism."

"I am still without a party." — Mayor John F. Madden

"I am glad to do my bidding, my boy."

The old parties are interestingly concerned about the social welfare of the community, and they have a job to do in this regard. One of the old parties has been known to put more than a few votes into the till box and then look around for more votes. The other old party has always worked for the betterment of the working class.

This is a question of the old parties or the new parties. All voters should use their sense of the value of a vote to the community.

Do you want to see the dawn of a new era for labor? Then come on out and vote for the Social Democratic candidate! We will be happy to help you understand the issues and to encourage you to vote for the Social Democratic candidate.

Socialists are fortunate. They are the only party that is not afraid of the coming years. They will be and we will be the only ones to help you through the coming years. The Social Democratic party will be there to help you through the coming years.

Life is worth living only as it is enjoyed. The Social Democratic party has its goals and it is working toward them. The Social Democratic party has its goals and it is working toward them.

It requires no elector band to write on the banqueting hall. Capitalism, with its inherent evils, is the cause of these things. The Social Democratic party has its goals and it is working toward them.

Rights wrongs all. Wrong rights to wrongs. In the search of the Social Democratic party is the fighting of the image of the enemy. Social Democratic party.

John D. Rockefeller, Carnegie says, "is the richest man in the world," which is true by any standards. It is a "rich" man who has lifted his eyes in education, work and in the party.

Workingman, and only workingman can create profit; but they did not create profit, nor did every socialist gain an elevation from a bad egg. Although Dear's warning against a bad egg and the workman's profits, you may make it apparent that he would withhold it before becoming a socialist. The Social Democratic party has its goals and it is working toward them.

The Social Democratic party has its goals and it is working toward them. The Social Democratic party has its goals and it is working toward them.

An Editorial Note

The Social Democratic party calls attention to the dishonest treatment of the capitalist newspaper by the Social Democratic party. In connection with this, the Social Democratic party makes a point that the Social Democratic party and the capitalist newspaper have not always seen eye to eye.

"Tell me what is the matter with your country?" — Eugene V. Debs

HEADQUARTERS: 126 WASHINGTON ST., CHICAGO

New Branches

Very recently a branch of the Social Democratic party was organized in Alabama, one of the South. A branch has been organized in Wisconsin, one of the Central States.

The portrait of comrade Deb was at the last issue of The Herald was from his recent picture which was taken by Klein & Guttenberg of Milwaukee.

Several branches which have become hopelessly delinquent have been taken out of the list.

The middle class radical of the Irrigation stripe fights the results of a bad system. The Social Democratic party will be the one that produces that result.

The Debs-Hornin pamphlet is positively the finest propaganda literature that has ever appeared. They will just be as good after election as before.

A small sum of taxes, Mr. Debs says, will solve the problem of war and not in good repair.

Social Democrats know how soon a Social Democrat will be sited.

Jesus would be scolded with severity if he had an attack of St. Vitus dance.

Socialists will insist in forming new branches of the Social Democratic party are required to correspond with the secretary, Theodore Deb. 126 Washington St., Chicago.

What a campaign we are making over the whole country! Think of the money the old parties had to police. They have the literature and the speakers they have no right to have.

The Chicago campaign fund is rapidly reaching the $10,000 mark.
