WOMAN:
HER ENVIRONMENT.

Editorial Shearings.

President Main Times. The momentum of progress in the laboring world is gathering force, with a growth that indicates the steady progress of the international movement. The world is waking up to the necessity of the existence of a class of social workers, and the American people are manifesting an increasing interest in the work of the social reformers and labor organizers. The American people are beginning to realize that the working class is the foundation of society, and that the welfare of the working class is the welfare of society. The labor movement is gaining momentum, with a growth that indicates the steady progress of the international movement.
