Codification is the Way.

Nothing more seriously important can be done by the people than to codify the law. The people should codify the law. They should codify the law. The people should codify the law.

See Socialists Ahead.

There is at this moment no greater need for the people to unite than the need for the people to unite for the purpose of codifying the law. The people should codify the law. They should codify the law. The people should codify the law.

John Swinton, Socialist.

Swinton, the Socialist, has written a book on the subject of codification. He has written a book on the subject of codification. He has written a book on the subject of codification.
