Our Issue in This Election.

A just cause cannot be defeated by any amount of argument or manipulation of the mind. The work of a corrupt man can be accomplished more easily by the influence of the world than by the influence of the people. But the result is no less certain because of the ease with which it can be accomplished. It is the duty of every true democrat to stand for what is right and honorable, and to resist the efforts of those who seek to mislead and misrepresent the truth.

The Democratic party is the party of the people. It has always stood for the principles of justice and equality. It has been the champion of the common man, and has fought against the interests of the wealthy few. It is the party that has fought for the rights of labor, and has been the champion of the working class. It is the party that has fought for the improvement of the conditions of life, and has been the champion of the progress of the country.

The Republican party, on the other hand, is the party of the rich. It has always been the champion of the interest of the wealthy few. It has fought against the rights of labor, and has been the champion of the interests of the rich. It is the party that has fought for the maintenance of the status quo, and has been the champion of the interests of the wealthy few.

The Democratic party is the party of the future. It is the party that will lead the country to prosperity and peace. It is the party that will lead the country to justice and equality. It is the party that will lead the country to progress and prosperity. It is the party that will lead the country to freedom and happiness.

The Republican party is the party of the past. It is the party that will lead the country to stagnation and ruin. It is the party that will lead the country to war and turmoil. It is the party that will lead the country to poverty and suffering. It is the party that will lead the country to darkness and despair.

We must stand for what is right, and we must resist the efforts of those who seek to mislead and misrepresent the truth. We must stand for the principles of justice and equality, and we must fight against the interest of the wealthy few. We must stand for the future, and we must stand against the past. We must stand for the Democratic party, and we must resist the efforts of the Republican party.
