GREAT GAINS FOR SOCIAL DEMOCRACY

Milwaukee In the Van-Guard with a Surprising Vote!

OLD PARTIES AGHAST!

The Social Democrats of Milwaukee carried nearly 9000 Votes, Doubled Their Strength, and Are Now Ready for the Capture of the Popular Power at the Next Election.

NEWS FROM OTHER POINTS.

The result of the city election in Milwaukee was very gratifying to the Social Democrats, and the parties of the old order were astounded by the gains made by the Socialists. The large increase in the number of votes received by the Socialists showed that the workers of the city were becoming more conscious of their class interests and were determined to fight for a better social order. The Socialists had worked hard to mobilize the workers and to spread their message, and this had paid off in the form of increased support on election day.

DAMAGED BY RAILROAD ACCIDENT

Will be Sold for Half and Less than Half of Original Cost

The factory agents who examined the goods said the trouble results from the attempt to get all the pianos in the car through the Kansas City depot by means of their own workmen. A more proper plan would have been to look to the smaller stations and then to the larger ones.

The National Platform.

The financial state of the nation is in a far better condition than it was a year ag. The public is better able to pay its debts, and the banks are more willing to lend money. The government is making progress towards the establishment of a just and equitable system of taxation. The tariff is being reformed and the internal improvements are being improved. The state of the country is prosperous and the people are happy.
