TIMELY EXAMPLE OF "BENIGHTED MEXICO."

Our government needs practical thinking before the New Year starts. Indeed, he who would make the Mexican government more effective must first adjust his mental attitude to the actual conditions that exist in Mexico.

The economic system of the United States is on its way to destruction. The Mexicans have long been aware of the fact that their system is based on the exploitation of the rich and the destruction of the poor. The Mexican government is trying to rectify this situation by nationalizing the industry. The Mexicans are making great strides in the direction of social justice and equality. It is time that the American people became aware of this fact and supported the Mexican government in its efforts to build a better society.

A TIP TO THE SLAVE.

The American Federation of Labor is making great progress in its efforts to improve the conditions of the working class in Mexico. The federation is working hard to educate the workers and to organize them into strong unions. The Mexican workers are beginning to understand the importance of working together for their own benefit. The federation is also working to improve the conditions of the farmers and to help them to secure better wages and working conditions.

The Mexican government is also making great strides in the direction of social justice and equality. The government is working to improve the conditions of the poor and to provide them with better opportunities. The government is also working to improve the conditions of the farmers and to help them to secure better wages and working conditions.

The Mexicans are making great strides in the direction of social justice and equality. It is time that the American people became aware of this fact and supported the Mexican government in its efforts to build a better society.

AFAME WITH SOCIALISM THROUGH THE WEST.

The American Federation of Labor has made great strides in organizing the workers in the West. The federation has been able to gain the support of many workers and to win important victories. The federation is also working to improve the conditions of the farmers and to help them to secure better wages and working conditions.

The Mexican government is also making great strides in the direction of social justice and equality. The government is working to improve the conditions of the poor and to provide them with better opportunities. The government is also working to improve the conditions of the farmers and to help them to secure better wages and working conditions.

The Mexicans are making great strides in the direction of social justice and equality. It is time that the American people became aware of this fact and supported the Mexican government in its efforts to build a better society.

FATHER MUGERTY ON INTENTIONS DISCONTENTFUL.
The widespread discontent prevailing at the present time has its roots in the influences of the past. The present generation has been shaped by the experiences of the previous one, and these experiences have left a lasting impression on their minds. The tendency to discontent is a natural human reaction to perceived injustices and inequalities. It is not a phenomenon to be ignored or dismissed lightly, but rather one that requires careful analysis and understanding.

RATES OF INTEREST.
The rates of interest are set by the central bank and are influenced by various economic factors, including inflation and the demand for money. They play a crucial role in the economy by influencing lending and borrowing decisions and affecting the overall level of economic activity.

HUNGER A CRISIS.

MILWAUKEE, JUNE 24.—After a week of intense hunger, the poor of this city are in dire need of food. The city government has taken steps to address the situation, but the problem remains acute. The need for immediate action is urgent, and the community must come together to provide relief.

Cherubs and Churchyard.

By H. M. HAYES.

The cherubs are the symbols of the Church, and are often depicted in its architecture and art. They represent the spirit of the Church, and are used to symbolize its power and authority. Cherubs are also often associated with the concept of peace and purity. In this context, the cherubs are likely referring to the peaceful and serene atmosphere of the churchyard. The use of cherubs is a common theme in religious art and decoration, and is often used to convey a sense of divine presence and protection. The cherubs are associated with the Holy Spirit and are often depicted with wings, symbolizing their ability to fly or soar. In this context, the cherubs may be representing the spiritual lifting of the soul or the divine presence in the church. The cherubs are also often associated with the archangels, and are seen as protectors and guides for the faithful. In this context, the cherubs may be representing the guidance and protection of the church and its community.
Gleanings from Socialistic Fields.

Notes from Yankee-land.

A woman who works and who has the courage to fight for the vote will not be afraid to go to a socialist meeting. She will not be afraid of anything. She will not be afraid to stand up for her rights. She will not be afraid to speak her mind.

Across the Herring Pond.

Among the residents of Waterford, the conscientious objectors of the First World War, the old time Socialists, are a large minority. Although many of them have been voted out of office in recent years, they are still very much in evidence.
