WHY PHYSICIANS SHOULD BE SOCIALISTS.

By Dr. F. Fisher Cusins. J. Rapgey.

"In there is not some terrible injury to justice in the distribution of wealth, which has been curiously called the perverted form of charity..."

"The social control, which the socialists demand, has been compared with an ocean's wave,..."

"The same profit-mongering which excludes medicine from..."

"The same profit-mongering which excludes medicine from..."

"The same profit-mongering which excludes medicine from..."

Indeed, a republic has developed in the past two years to make the public consciousness in the interest of all people. In the words of the ever-memorable clarion, "Socialism is the only solution."..."

My Knight of the Empty Dinner Table.

The money power fighting Lake Power.

The money power is gathering momentum; it is now the only power in the land that counts, and it is using it. Lake Power is a menace to the interests of the country, and it is trying to stifle it. The money power is attempting to control the government and the country by its influence and its wealth. It is trying to get the government on its side by buying the votes of the people.

WILLIAM J. WILSON.

Wilson's Last Stand.

Wilson's last stand was made in the battle of the budget. He fought valiantly, but he was overpowered by the forces of money. He was forced to give in, and the result was the defeat of his budget. It is a sad day for the country when such a great man as Wilson is defeated by the forces of money.
