The BATTLE IS ON! EVERY VOTER CONVERTED IS A VICTORY!

To the workers, councillors! a battle is on. Do you not see the threat of a new attack against the workers? Do you not sense the danger of the workers being defeated and enslaved? Do you not understand that the battle of the workers is the battle of all mankind?

The struggle is for freedom. The struggle is for the right to live. The struggle is for the right to work. The struggle is for the right to vote. The struggle is for the right to organize and to be free from the oppression of the capitalist class.

The capitalists are determined to crush the workers. They are determined to strip the workers of their rights. They are determined to suppress the workers' voices. They are determined to keep the workers in servitude.

The workers must fight back. They must resist. They must fight for their rights. They must fight for the liberation of all mankind.

The battle is on. Every voter converted is a victory. The fight is on. The struggle is for freedom. The workers must stand together and fight. The workers must win. The workers must prevail.
