THE LOCAL SITUATION.

DEVELOPMENTS THAT ONLY SHOW THE GENERAL SURFACE.

The turmoil in New York, Chicago, St. Louis, Minneapolis and other large cities is but a small part of the story of the upheaval in the whole country. The wave of strikes and lockouts in the railroad and transportation field has given an opportunity for other workers to follow suit. The trouble in the South is just beginning to unfold. The miners in Western states and the steelworkers in the Pacific northwest are also setting up shop.

The strike in Chicago has gathered momentum and may spread to other cities. The situation is critical and the government must take action to prevent a general strike. The workers are demanding a fair wage and an end to exploiting them. The employers are determined to keep costs down and maintain profits. This conflict will only continue to worsen unless a solution is found.

The Herald in an unsympathetic view of Socialism.

The strike in Chicago is an example of the failure of Socialism. The workers are being exploited and their demands are not being met. The government should intervene to protect the workers and ensure their rights. Socialism is not the answer to the problems of capitalism.

THE PASSING SHOW.

EUGENE V. DERSK GETS SOME TIMELY COMMENT.

The passing show is a new form of entertainment that has become popular in recent years. It is a combination of vaudeville and cabaret, featuring a variety of acts from comedians to musicians.

The show is a hit and is drawing large crowds. The performers are talented and the acts are well-received. The show is a success and is expected to continue for many more years.

For an Effective Labor Day.

In the preparations for our Labor Day, we must be sure to include the following:

1. Labor Day Picnic: A way to celebrate the hard work of the workers.
2. Labor Day Parade: A way to show appreciation for the workers and their contributions.
3. Labor Day Speech: A way to educate the public about the importance of labor.

The Labor Day is a day to remember the hard work of the workers and to appreciate their contributions to society. Let us make it a day to celebrate and enjoy.

THE WEAPON OF MALICIOUS MISREPRESENTATION.

It is hardly necessary to reply to the unanswerable questions and the baseless, if not mendacious, charges of the "Socialist Makers." It is unnecessary to adduce evidence in support of the wanton slander and vilification leveled against them. The Socialist movement has been and is at present the most prominent interest of the world. It has been and is to be earnestly pursued by the working men of all countries and all classes. It has been and is to be defended and opposed by all political parties.

ISN'T IT ABOUT TIME FOR THE CHURCH TO GET BACK TO THE REAL TEACHING OF THE CARPENTER OF NAZARETH?

London, July 21: The International Socialist Bureau held its twelfth meeting on Saturday in Brussels, as is the custom of that body, and passed a resolution condemning the recent operations of the Russian Government in the South and condemning the Western American Federation of Locomotive Enginemen which has been active in agitating for a strike in the iron industry. The next meeting will be held on August 5 at the same place.
