Here is a little bit of information for the union men to ponder over: Mrs. Eliot is a Member of the Civic Federation! This means that in going into the Civic Federation Pres. Gompers, John Mitchell and other representatives of organized labor, have joined hands with men who are the open and declared enemies of organized labor!

The Gage of Battle Thrown Down in Milwaukee.

The following is the call for a city convention in Milwaukee which has just been issued and which fires the first gun for Socialism in the big battle now just opening there: AMIDST the cries of public indignation, calls for the punishment of the corruptionists, and denunciation of one old party by the other, calmly and knowing its ultimate purpose rises the organization of the working people, the Social Democratic party, and presents another opportunity to the electors of Milwaukee in the approaching spring election to declare at the polls their choice for future methods and principles in the administration of city affairs.

Exactly the opposite is the case with the Social Democratic Party. The Social Democracy of America is the American expression of the international movement of modern wage workers for better food, better houses, enough sleep, more leisure, more education and more culture.

We, therefore, in behalf of the Social Democratic Party of the City of Milwaukee, call a convention to be held at Lincoln Hall, on the twenty-seventh day of February, 1904, at 8 p. m., for the purpose of nominating a complete city ticket, and to also nominate at the proper time ward officers to be voted for at the election to be held April 5, 1904.

A MAN IN A GLASS-HOUSE IS THROWING STONES AT US!

"Behel's 'Woman' is too nasty to be read. Throw it in the fire." "Woman means nothing to Socialists; she is considered an economic animal. They want to marry and separate each year, each month or each week."

Who are the people's real enemies? Here is Senator Hanna who says we have produced more than we can consume. J. J. Hill, the railway magnate, tells the farmers of the Northwest that new markets must be found for their products. They have produced more than our own people can use.

As To True Brotherhood.

Eugene V. Debs Writes to the New Organization of Railway Men on the Problems Before Them.

To the United Brotherhood of Railway Employees: You are having, and will continue to have, for some time, an uphill work, but this is the kind strong men undertake and the kind that develops their best qualities and gives their names to history.

During the "boom" times of the last three or four years the railroads have been "making" an army of new railroad men. The signs of depression are already beginning to appear. The let-down is inevitable, and among the first things that will happen will be sweeping reductions of wages.

The simple, effective way, and only way, to unite railway employees is within a single organization, each class is within its own sub-jurisdiction and in control of its own affairs, subject only to the supervision of the general organization.

Yours fraternally, Eugene V. Debs Terre Haute, Ind., Dec. 5th.

blessing the nuptial bed after night-fall, and so on. And this point is worth making: That all these abuses of the past were only overthrown by agitators and agitators—by people filled with the same spirit that animates the Socialists of today and that to these are women beholden for the measure of their rights at the present stage of the progress of civilization, Father Sherman to the contrary notwithstanding.

Still, in matters of speculation and belief as to a future life Socialism holds aloof and does not meddle, and ought not to meddle. It is the individual's privilege to believe as he chooses, else there would be no freedom of conscience. In fact if it were sought to take such a right away from them, Socialists would be among the first to fight such a move. In Germany it is a notable fact that the Socialist members of the reichstag voted to permit the return of the banished Jesuits.

ANTICIPATIONS AND HOPES. THE GREAT ALFRED RUSSELL WALLACE WRITES OF THE COMING DAYS.

[Wishing to lay before their readers at Christmas time an interesting synopsis of the thoughts with which the elite of mankind look into the future, the "Berliner Lokal-Anzeiger" obtained contributions from the leading personages of the civilized countries. Amongst others, they invited Dr. Alfred Russel Wallace, as the co-founder of the evolutionary theory, to join the symposium. On receiving his MS., they found the opinions expressed therein too strong for publication in a newspaper published in the Emperor's bulletin Empire of Blood and Iron. We print herewith the rejected article, showing where the great scientist stands with regard to the social question.]

conditions), and this being obtained, will inevitably lead to a social state adapted to the stage of development of each nation and of each successive age. This, in my opinion, is the ideal which the workers (manual and intellectual workers alike) of every civilized country should keep in view.

THE CHANCE IS UPON US.

Careful inquiry made by the New York World through its correspondents at various and widely separated industrial centers of the country shows that trade conditions are not what they were six months ago and compared with a year ago are decidedly less promising.

What We Social Democrats Are After.

The Socialist party, in national convention assembled, reaffirms its adherence to the principles of International Socialism, and declares its aim to be the organization of the working class, and those in sympathy with it, into a political party, with the object of conquering the powers of government and using them for the purpose of transforming the present system of private ownership of the means of production and distribution into collective ownership by the entire people.

THE ECONOMIC INTERESTS OF THE CAPITALIST CLASS DOMINATE OUR ENTIRE SOCIAL SYSTEM.

Private ownership of the means of production and distribution is responsible for the ever-increasing uncertainty of livelihood and the poverty and misery of the working class, and it divides society into two hostile classes—the capitalist and wage-workers. The once powerful middle class is rapidly disappearing in the mill of competition. The struggle is now between the capitalist class and the working class.

LET US DO YOUR ADDRESSING.

We are now in position to do addressing of all kinds. If you are the Secretary of a Union or other society, you know how tedious it is to address a large lot of envelopes or postal cards.

Official Paper of the Federated Trades Council of Milwaukee and of the Wisconsin State Federation of Labor.

Entered at Milwaukee Post-office as Second-class Matter, Aug. 20, 1901.

What International Socialism Demands:

- 1. Collective ownership of public utilities and all industries in the hands of Trusts and Combines.
2. Democratic management of such collective industry.
3. Reduction of the hours of labor and progressively increased remuneration.
4. State and National Insurance for the workers and honorable rest for old age.
5. The inauguration of public industries to safeguard the workers against lack of employment.
6. Education of ALL children up to the age of 18 years. No child labor.
7. Equal political and civil rights for men and women.

If you believe in the above vote with the Social Democrat.

They Cry for Bread and are Given a Stone!

statement of "What Democracy Now Stands For," and it makes interesting reading. There can be no doubt of the right of Congressman Williams to speak for the party, for he is the leader in the struggle for "democratic" legislation among the Representatives at the very core of national government.

There is a waning superstition among the voting population that the Democratic party stands for democracy—for the people. Many of the immigrants coming to this country, caught by the word democracy, have voted the Democratic ticket, supposing it actually stood for opposition to capitalism.

But it is easy to fix a standard by which to pass judgment on the Democratic party. The greatest conflict in history is upon civilization at this very time. It is the conflict between the workers who have grown restless under economic oppression and their capitalistic exploiters who use the powers of government to make sure of their special privilege to exact a parasitic living out of those who toil, by virtue of their ownership of the machinery and the forces of production.

We look through Congressman Williams' article in vain to find even a faint reference to the labor problem. Not a line, not a sentence about it. He does not appear to know that it exists, although in reality he certainly knows it very well.

So here we have the position of the Democratic party brought up to date by an accredited mouthpiece of the party. What is there in it all to attract a wage worker? The wage workers' interests are made to appear, or we are to suppose them to be identical with those of the small capitalist.

The people cry for bread, and these statesmen give them tariff talk! Socialists charge that the Republican and Democratic parties are merely the two wings of capitalism in politics, and that through these two wings the capitalist class keeps the working class divided politically and therefore renders that class harmless so far as its menace to the right to exploit the laborer goes.

The working class is in distress. The people generally are groaning under burdens and anxieties that take the pleasure out of living and entail all manner of resulting hardships. The few are rioting in unearned wealth, produced by the toil of the plundered many. There are habits of mind, of course, that keep many men from opening their eyes to the actual situation. They suffer in silence, in stolid acquiescence to the system that is eating at their very vitals.

Winfield R. Gaylord, state organizer for the Wisconsin Socialists, has sent a challenge to a debate to Father Sherman, which up to the time of going to press (Friday) had not been accepted. In a recent speech in Milwaukee, Sherman said the time had come for the priests to step into the arena and meet the Socialists "eye to eye and face to face."

Frank G. Carpenter, the newspaper man, has just interviewed Senator Hanna on the question of prosperity and labor. And Hanna said some things that it is well to consider. For instance he said that the present hard times were not caused by either labor or capital.

Father McGrady was loudly cheered as he took a seat on the platform at the Cincinnati meeting of Comrade James F. Carey of Massachusetts.

There's Harmony at the Top!

IT'S THE RANK AND FILE THAT MUST DO THE QUARRELING, JUST AS THEY DO THE PAYING.

SAID A DELEGATE TO THE BOSTON CONVENTION OF THE A. F. of L. "At the head the Federation is conducted in an aristocratic way. I had it impressed on me that the men at the head of the General Labor Movement in this country have only one interest in the Labor Movement, and that is a Personal Interest. They want the rank and file to keep quarreling—it doesn't bother them any. While the convention was on, Mitchell and Gompers were dined at a fashionable club (which, by the way, was on the unfair list of the Boston Central Body) by Pres. Eliot of Harvard College, the man who says that a scab is a hero."

T. V. Powderly used to say: "When a labor leader begins to please the capitalists, look out for him!" And Powderly ought to know!

"Upon what food does this our Gompers feed, that he has become so great?"—Shakespeare up to date. Answer.—He feeds upon Hanna's wine and Pres. Eliot's scab club banquets, so it is related!

A MEMORIAL FOR MACCARTNEY.—Subscription lists are being circulated by the MacCartney Memorial Committee of Massachusetts for the purpose of raising \$2,500 with which to erect a memorial to the late Socialist legislator. It is proposed to have a bronze bust made by a famous sculptor. During his fatal illness, MacCartney requested that he be buried at Rockland Mass., and it is proposed to purchase a lot and erect a memorial at that place. It was Comrade MacCartney who placed Debs in nomination for the presidency of the United States at the Indianapolis convention of our party in 1900.

The Michigan state convention of the Socialist party has been called to meet Lansing, Feb. 26. The following dates have been arranged for Franklin and Marion Wentworth for their eastern tour: Feb. 7, Cincinnati; 9, Toledo; 10, Cleveland; 13, Baltimore; 14, Washington, D. C.; 15 and 16, Reading, Pa.; 17, 18, 19, New York City. The lecture tour of James F. Carey under direction of the national headquarters has so far been remarkably successful. The meetings at Cleveland, Toledo, Akron, Cincinnati, Ohio, and Covington, Ky., are reported among the best ever held at those places. In Cincinnati the hall was filled and the doors had to be closed to prevent overcrowding. While in Colorado in February, Comrade Carey will spend a week in the southern coal mining district among the strikers at the expense of the national office.

Dates are being arranged by the National Secretary for A. M. and May Wood Simons for their eastern tour to begin Mar. 20, for four weeks.

IOWA.—National Organizer John W. Bennett sends in an application for charter from Holly Springs.

In spite of the unfavorable weather, Organizer Mr. McTrillis secured fourteen names to an application for charter at Centerville, and the prospects are good for a large increase in the near future. He held successful meetings at Hamilton and Avery also.

Prof. Geo. R. Kirkpatrick, who has been engaged by the Iowa State Committee for a month's campaigning in Iowa in March, writes that he should be pleased if the locals would arrange afternoon addresses before Women's Clubs, in addition to his evening lectures. There will be no extra charge for these afternoon addresses, and the subjects most appropriate are "Babies with the Harness On" and "Socialism and Art." Commencing February 1st, Comrade John M. Work has a week's engagement in Milwaukee.

J. J. Jacobson, Secy.

COLORADO.—These are "strenuous" times in Colorado; many of our Socialist comrades having suffered imprisonment and deportation from their homes by the militia, and our fine local at Telluride has been almost annihilated by those uniformed bandits. But wherever our departed comrades go, they go as propagandists of the Socialist party program, and are the most outspoken of all its advocates.

Comrade Guy E. Miller, Pres. of the Telluride Miners' Union, who is an exile from his home, has been inspiring the Denver comrades by his presence and his words during the past week. Comrade A. W. Floaten, of Telluride, who was imprisoned last summer for the crime of speaking on the street, has been re-elected member of the National Committee on a vote of 202 to 28. The union men and Socialists who have been on trial at Georgetown for blowing up the Sun and Moon property at Idaho Springs, have been acquitted.

the testimony showing that the detectives employed by the Citizens' Alliance blew up the property, to make a case, and break up the union.

J. W. Martin, State Secy.

WISCONSIN.—A new outpost is gained for the Socialist agitation! A branch has been organized in Marinette, and as there has never been a Social Democratic branch in this town, or any Socialist movement, and as moreover the comrades organized themselves, without the assistance of an organizer or speaker, this seems to be a matter for real encouragement. The new branch has secured the services of Comrade Thompson for three dates.

Organizer Ray reports successful meetings at most points where he has touched, spite of severe weather. Accounts of his meetings will be found in the correspondence printed in another column. Superior branch is hunting up new members, and expects to receive a large accession of membership during the visit of Comrade Ray.

Comrade John M. Work, National Committeeman of Iowa, begins the campaign in Milwaukee during the coming week. He speaks in the North Side Turner Hall, Feb. 4, and in Peterson's Hall, 2714 North ave., Feb. 1, and before the Patternmakers, Feb. 2. Comrade Carl D. Thompson will also address the Patternmakers on the same date.

F. E. Seeds, of Covington, Ky., will speak at National Hall, Milwaukee, Sunday, Feb. 7, under the auspices of the South Side Lecture Bureau.

Rev. Carl D. Thompson speaks Sunday, Jan. 31, at 3 p. m. in Siegel's Hall, cor. 12th and Walnut sts., Milwaukee.

WISCONSIN STATE BOARD.

The State Executive Board met Jan. 23 with all resident members present except E. Seidel. R. Sattiel of the non-resident members was also present. H. Tuttle requested to go on record in endorsement of the action taken by the Board at its special meeting of Jan. 16, where C. A. Born was found guilty of the charges preferred against him and expelled from the party. W. H. Phelps of Janesville and H. J. Ammann of Kiel also wrote to express their endorsement of these actions.

A charter was granted to Mosinee, and to West Allis on condition of the approval of the City Central Committee. R. Sattiel presented his resignation from the State Executive Board, since being now a resident of Milwaukee, he is no longer eligible as a non-resident member. The appointment of his successor was laid over till the next meeting. A bill of \$35.55 for printing was allowed. It was voted that at the next meeting the board shall take up the matter of an appeal to the comrades in the state for a campaign fund for the spring municipal campaign in cities of the second class. It was decided to send out an appeal to the entire Socialist press and to the State Secretaries of the Socialist party, asking for assistance in the Wisconsin campaign, to offset the special efforts of the old parties, who, it is reported, have sent \$50,000 into the state to fight the Social Democrats. Berger and Tuttle were appointed a committee to draft this appeal. The Board also

THE CITY CAMPAIGN OPENS!

The City Candidates will be Nominated at Lincoln Hall, February 27.

LIST OF MEETINGS AND SPEAKERS.

The most notable campaign of the Social Democrats of Milwaukee ever entered into opens next Thursday evening with a mass meeting at the North Side Turner hall, Walnut street, between Tenth and Eleventh, at which the principal speaker will be National Committeeman John M. Work, of Des Moines, Ia. From then on there will be a continuous round of campaigning with speakers and with special distributions of literature. The list of notable speakers from outside of the state has already been published and below will be found a list of the halls and speakers by dates for the first few weeks of the campaign. It is not alone the duty of every Socialist to attend these meetings, but he should also bring a non-Socialist with him, and especially work to get those who know nothing about Socialism, but who are inclined to vote our ticket because of the rottenness of capitalistic administrations—to get such men to go too. It is for just such that speakers of national reputation are brought here. We

will get a large vote this year of people friendly to us, but who know little of our principles. It is our duty in this campaign to educate these people, so they will understand just what they vote for.

The city convention of the party will be held at Lincoln hall, Saturday evening, Feb. 27. The basis of representation will be three delegates for each ward branch having less than twenty-five members and two delegates for branches having over twenty-five. Added to these, each ward is entitled to one extra delegate for each 100 votes cast in the last county election for sheriff, or major fraction thereof. Based upon this rule the representation in the convention by wards will be as follows: First ward 5 delegates; Second ward 7; Third ward 4; Fourth ward 5; Fifth ward 7; Sixth ward 8; Seventh ward 4; Eighth ward 7; Ninth ward 14; Tenth ward 11; Eleventh ward 16; Twelfth ward 11; Thirteenth ward 9; Fourteenth ward 8; Fifteenth ward 7; Sixteenth ward 5; Seventeenth ward 9; Eighteenth ward 6; Nineteenth ward 8; Twentieth ward 16; Twenty-first ward 12; Twenty-second ward 11; Twenty-third ward 7—a total of 196. These delegates are to be elected at once in regular or special meetings of the branches. Care must be taken that those elected live in the ward concerned and that they are of voting age.

Here is the list of meetings and speakers as far as completed: Feb. 1, Peterson's hall, 2714 North ave., John M. Work, of Iowa. Pattern-makers' meeting, Lipp's hall, Third street, Feb. 2, John M. Work, and Carl D. Thompson of Nebraska. Feb. 4, North Side Turner hall, John M. Work. (Feb. 5 and 6, Work speaks at Green Bay). Feb. 7, F. E. Seeds of Covington, Ky., at National hall. Feb. 9, South Side Turn hall, F. E. Seeds. Feb. 14, Thomas hall, Eighteenth ward, James H. Brower of Elgin, Ills.

Tonight at the Expo! The Monster Carnival of the Party will tickle you almost to death.

The Socialists of the northwest side, Milwaukee, will start a Sunday afternoon lecture course at Siegel's hall, northwest corner of Twelfth and Walnut streets, tomorrow, Sunday, Jan. 31. Carl D. Thompson of Nebraska will be the speaker, his subject being: What Socialism Means to Every Wage Worker. This lecture course is intended to interest the people of the entire northwest district of the city, and deserves a large attendance. The lecture will begin at 3 p. m., and there will be, as usual, a general discussion before the close of the meeting.

Don't miss the opening meeting of the campaign. John M. Work of Iowa, at North Side Turn Hall, Thursday evening, February 4th, 1904.

The presence of a notorious La Follette ward heeler on the new grand jury is one of the signs of the times!

The Milwaukee council showed suspicious haste in hurrying through an ordinance taxing the tally-ho coaches, suspicious when it is remembered that the measure originated with John I. Beggs, who wants to run special sight-seeing street cars about the city in connection with the boat lines, and also suspicious when it is remembered how certain hoodlum measures were put through in the past.

Don't be fooled by the Tobacco Trust. No Union Tobacco made unless it bears the blue label. Old Burley. Eight Brothers and Power are made in a Union Factory. Every package bears a blue label.

The grand jury is said to be up a stump with regard to the big corruptors of the aldermen, because the big fellows offered no bribes personally, but worked through agents who can be counted on to stand pat.

A correspondent signing himself "new Socialist" wants to know what can be done with the wretched service on the North avenue car line. Nothing, at present. But if the people will stop voting for capitalism something can be done before long. Try it.

A Battle With Boreas

The Strenuous Life of the North Wind

and the low thermometer it pitted against the rising tide of the January Sale, but Boreas had to take a back seat at Barrett's—visitors this forenoon were responsive as usual to the bargain happenings, and careful observers tell us they are quite exceptional—they will continue so.
