THE MILWAUKEE SOCIALISTS ARE ALL GOING TO THE BIG SOCIAL-DEMOCRATIC CARNIVAL TO-NIGHT. SEE FOURTH PAGE.

WISCONSIN SOCIAL-DemOCRATIC HeralD

January 30, 1904

We have heard that the socialist party is all going to the big socialDemocratic Carnival to-night. We are sure that the party will have a splendid time and that all the socialist friends will be there.

The Carnival will be held at the Wisconsin State Fair Grounds, and will be a grand affair. The socialists will be joined by many other labor and socialist organizations from all parts of the state.

The Carnival will feature a variety of different events, including music, dancing, and games. The socialist friends will have a special section of the grounds designated for them, where they will be able to enjoy the festivities in a more relaxed atmosphere.

The socialists have been working hard to prepare for this event, and we are sure that it will be a great success. We hope that all socialist friends will be able to attend and enjoy the festivities.

We encourage all socialist friends to come out and join us at the Carnival. It will be a great opportunity to meet and socialize with fellow socialists, as well as to show our collective strength and solidarity as a movement.

We look forward to seeing you there and hope that this event will be a great success.

The Socialist Party
GLEANINGS FROM BUSY SOCIALISTIC FIELDS!

NOTE: In some estates the organization known as the Socialist Party, in others as the Social Democratic Party. The term "Social" is used and it does not refer to a single union inside, but to the body as a whole.

BOTES FROM YANKER LATE:

A Socialist who has just returned from a visit to the United States reports that the Socialist party has made considerable progress in the last year. The party is now organized in almost every state, and has a large membership. The Socialist party is now in a strong position to make its influence felt in the coming elections.

OLD RIP VAN WINKLE BEATEN!

A SLEEPER, T.JE WORKINGMAN BEATS ALL RECORDS.

Hard times are coming, says the New York Times, as the American Federation of Labor, in its convention at St. Louis, Missouri, elects T.J.E. Workman to its executive board. Workman is a workingman, and his election shows the growing influence of the workingman in the labor movement.

BRAIT FOR SUCCEKERS.

Try to be LUCKY at the Ballarat, but don't give up. There is no surer way to success than to work hard and steadily.

WANT A JOB?

If you want a job, be sure to let us know. We have been successful in placing thousands of people in good positions.

THE TIME FOR SAVING.

Now is the time to save. The stock market is low, and there is no better time to build up a capital for the future.

TWO OF A KIND.

Governor John B. Hickenlooper of Colorado has turned down the proposal of the Colorado Railroad Company to build a line from Denver to Cheyenne, Nebraska. The Governor said that the line was unnecessary and that it would be a waste of money.

The Socialist party owns a railway company, and it is working hard to build up its own line. The party believes that it is a necessary and economic way of transportation.

THE SOCIALIST PARTY AND THE RAILROADS.

The Socialist party is working hard to build up its own railway company. The party believes that it is a necessary and economic way of transportation.

There's Harmony at the Top!
IT'S THE RANK AND FILE THAT MUST DO THE QUARRELING. JUST AS THEY DO THE PAYING.

Said A Delegate to the Boston Convention of the A. F. of L.: "At the head the Federation is conducted on an autocratic way. I find it imposed on me that the men at the head of the General Labor Movement in this country have not only interest in the labor movement, but that of a personal interest. They want the rank and file to keep quarreling. it doesn't bother them any more. While the convention was on, Mitchell and Gompers were staid at a fashionable club, while the way was on the other list of the Boston Central Club, By Pro. Effet of Harvard College, the men who says that a rich is a man?"

T. V. Powerly used to say: "When a labor leader begins to look for the capitalists, look out for him!" And Powerly ought to know!

"Egos what lead does our government find, that his hands are great?" Shakespeare might have asked in such an era. I have heard his name mentioned in just that way, by the way, as if it is related!

A MEMORIAL FOR MACKEARY

There are many among members of the Federation who are mourning the loss of two prominent Union men. They are Mr. H. F. MacKay and Mr. W. H. Stone. Both men were prominent in the Federation, and the loss of their service will be keenly felt. Mr. MacKay was a man of great ability and experience, and will be missed in the Federation.

National Secretary.

CORKS - "There are numerous those who are seeking political advancement. The leaders of these men are the ones who are seeking to manipulate the people. They are willing to accept any argument that will bring them to the top."

WISCONSIN - A new report is given in the United States of America by the U.S. Department of Labor. It shows that the conditions in the factories are much improved, and that the wages are more reasonable. The report is favorable to the workers, and the government is taking steps to improve the conditions.

IOWA - National Organizing Committee of the A.F. of L. is paying its respects to the late Mr. J. F. Stone.

Said a Delegate to the Boston Convention of the A. F. of L.: "At the head the Federation is conducted on an autocratic way. I find it imposed on me that the men at the head of the General Labor Movement in this country have not only interest in the labor movement, but that of a personal interest. Effet of Harvard College, the man who says that a rich is a man?"

The beginning suggesting that the movement is not going to be an easy one for the workers, and that it will be necessary to organize in a more systematic way. The report is favorable to the workers, and the government is taking steps to improve the conditions.
