Gleanings from Busy Socialist Fields!

"We are making the opposition to be socialists in the United States. Where the term "socialism" is used it does not refer to those scenes below, but to the local body of the national Socialist party," the paper said.

"The Labor party, which is running on the socialist ticket," the paper said, "is the only real party of socialism in the United States. It is opposed to the Labor party of the United States, which is opposed to the United States.

The Socialist party, which is running on the socialist ticket, is the only real party of socialism in the United States. It is opposed to the Labor party of the United States, which is opposed to the United States.

TWO KINDS OF CAMPAIGNS.
How the Capitalist Parties get their Funds! How the Socialists must get theirs!

The Campaign Funds of the Two Capitalist Parties are secured by Crooks from the Workers.

A Pail of "Stale" Meat! A Bad Meal!

The Wisconsin campaign committees have sent out the following circular to the Socialist clubs throughout the country:

"Bargaining is a battle ground for Socialists this spring. Present political conditions make this the most important battle we have ever undertaken. Our enemies are there to meet us in every avenue of attack. We, the Men of the World, will not allow the worker to be mistreated on this battle ground."

The campaign committee of the Socialist party, under the direction of its general executive committee, has made a thorough study of the present political situation and has come to the conclusion that the only way to make the workers feel that they are working for something is to have a campaign committee.

The committee has been formed to carry on an active campaign throughout the country, and is now ready to receive subscriptions. It is hoped that every Socialist will do his part in this campaign.

The committee will receive donations of money, in the form of subscriptions, and will make a report of the same to the general executive committee at its next meeting. The committee will also receive subscriptions of time, labor, and services.

The committee will also be responsible for the publication of the Socialist weekly, which will contain the latest news from the various sections of the country, and will also contain articles on current political and social issues.

Dropping Their Masks

Democratic and Republican Parties Both Deny to Capitalist, and They Admit It by Combating.

Socialism or Capitalism, Which?

Milwaukee is to witness the final round of the battle between Capitalist and Socialist parties this coming week. The Republican and Democratic parties have各自 been the subject of much controversy in the city, with the Socialists on the offensive. The recent election has shown that the Socialist party is gaining ground in Milwaukee, and they are expected to make a strong showing in the upcoming primary. The Socialist party is committed to a different kind of economy, where the means of production are owned by the community as a whole, rather than by a small elite of capitalists.

NEVER WAS THERE SUCH A TIME!

Milwaukee Capitalists at their Wits' End. The Wits Politic Upset - the Flats Revolt!

Never was there such a situation as in Milwaukee! Last week the city was in a state of turmoil, with the worst riots in recent memory. The events that led up to the unrest are still being investigated, but it appears that the Socialists, who have been gaining popularity in the city, were largely responsible for the violence. The Socialists are committed to a different kind of economy, where the means of production are owned by the community as a whole, rather than by a small elite of capitalists. The city is still trying to recover from the chaos, and the Socialists are likely to face severe consequences.

IF WE SHOULD SAY

In bold, black type that every woman who entered this week would see was a given Skating Rink. Dollar Bill, you would be important. Too big - "there's a sitting here." Yet this is positive, what we are going to do.

When we marked those Empress Women's hair at $2.50, marked them down, $2, $1.50, we added a base margin of profit. They are paying a $2.50 or $2.00, and $1.50 for goods and services that cost them far less. This is why they are needed, and why we are doing this—good reason too, we can't afford space enough to tell them.

The Shoes speak for themselves. Do you want the Half Dollar? Red, Blue or Green Trading dance with every purchase. With every purchase, a new shoe.

LOUIS RIPPLE

555 MIDDLE STREET, beth, 5th & 6th Ave.
