WILL WAUKEE HOT SHOTS.

BY VICTOR L. BERGER.

HAWKES is slitting through the field like a lion. He has a quiet but deadly weapon in his hand and a determined look on his face. He is not afraid of the high-flying hawks who would try to stop him. He is ready to strike and strike with all his might. His aim is true and his shot is deadly. He is the champion of the working class and he will not be defeated.

You may be wondering why I am talking about a sporting event. The reason is that the socialists are just like these hawks. They are trying to stop the working class from gaining its freedom. But the working class is not like the hawks. They are not afraid of the socialists. They are determined to win their freedom. They will not be defeated.

So, if you are a socialist, you should not be afraid. You should be proud of your work and your efforts. You should not be afraid of the working class. They are your friends and they will support you. You should not be afraid of the high-flying hawks. They are your enemies and they will not support you.

Remember, the socialists are just like the hawks. They are trying to stop the working class from gaining its freedom. But the working class is not like the hawks. They are determined to win their freedom. They will not be defeated.
