The National Socialist Platform for 1904. (Reprinted at Chicago, May 3, 1904.)

In the battle for the party, in the gradual establishment, make our appeal to the American people as the defenders and protectors of the old freedom and the grand opportunity of democracy. Let us not forget that the struggle is for the protection and preservation of the American system of government. Let us recall the past, the struggle for freedom, the fight for independence, the sacrifice of the fathers, the blood shed in the war of liberation. The fight is not for power, for control, for money, but for freedom, for the maintenance of the rights of man.

The Socialist platform is a plan and a practical outline for the achievement of freedom. It is the program of the Social Democratic Party, a program of action, a program of work, a program of thought. It is the program of the future, the program of the day, the program of the hour. It is the program of the people, the program of the workers, the program of the farmers, the program of the students, the program of the business men, the program of the laborers, the program of the women, the program of the children.

The platform is a series of resolutions, a series of propositions, a series of demands, a series of demands for freedom, for equality, for justice, for peace, for reform, for progress, for happiness, for the welfare of the people. It is a series of resolutions, a series of demands, a series of demands for the achievement of freedom, for the achievement of the rights of man, for the achievement of the rights of the workers, for the achievement of the rights of the farmers, for the achievement of the rights of the students, for the achievement of the rights of the business men, for the achievement of the rights of the laborers, for the achievement of the rights of the women, for the achievement of the rights of the children.

The World Moves!

New Zealand’s Prosperity.

New Zealand’s prosperity is increasing. The government’s policy of free trade and low wages has paid off. The country is exporting more and importing less. The government has been financed by the sale of bonds, but the country is now self-sufficient. The farmers are happy, the workers are content, and the country is prosperous.

The More Stamp Stamps.

The Stamp Commission has again increased the value of stamps. The prices are now as follows: 1 cent, 2 cents, 3 cents, 5 cents, 10 cents, 25 cents, and 1 dollar.

Gleanings from Busy Socialist Fields!

NOTE: In some states the election is in June. In the Socialist Party, where the “tariff” is used it does not refer to trade union labels, but to the local body

The Democratic state convention of New York this week will be attended by the Socialist Republicans. The Socialist Republicans are a new party that has been formed in New York.

The Social Democratic League has changed its name to the Social Democratic Party. This change was made to avoid confusion with the Social Democratic League in England.

The Montgomery Socialist League has been formed in Alabama. It is a branch of the Socialist Party.

The Socialist Party of Wisconsin has endorsed the candidacy of Mr. Jones for governor. Mr. Jones is a Socialist and a strong advocate of labor rights.

Some important legislation has been passed in various states. In Oregon, a law was passed that prohibits the use of leaded gas in automobiles. In New York, a law was passed that provides for the payment of accident benefits to workers injured on the job.

The Socialist Party is growing stronger every day. It is estimated that there are now over 200,000 members in the party.

Early Enemies of Liberty for the People in America.

"It is too late," said Mr. Wilson, "to demand that our campaign be continued. The Democratic Party has already nominated the candidate who will carry us to victory. All we can do now is to support him and work for his election."

The "Brotherhood of Man," under the capitalistic System.

The following report of the Milwaukee socialist meeting, held last Saturday night, was sent to the socialistic newspaper reporters:

The question of raising the price of bread is also being giving attention in some of the cities in the United States, which have been influenced by the reports that some bread dealers have increased the price of bread. This movement is not only a reaction against the high prices of bread, but also a protest against the monopoly of the food question, which is in the hands of the large companies, and which is being exploited for the benefit of the capitalist class. The socialist Aldermen are determined to fight this movement, and to keep the price of bread as low as possible. They are also determined to fight the monopoly of the food question, and to keep the price of bread as low as possible.

Under the capitalistic system, the price of bread is determined by the capitalist class, and is therefore subject to manipulation for their own benefit. The socialist Aldermen are determined to fight this system, and to keep the price of bread as low as possible.

Not a single reader should fail to attend. It will be a memorable demonstration — one which you will be proud of having attended your life-long. Hundreds of Conrades from every part of Wisconsin are coming.

And why not? It is fun for the benefit of the Socialist Press and the Campaign Fund. It is not a local but a State Picnic. By the way, that reminds me of the tickets sent you. Have you paid for yours? Many Conrades are in financial difficulties, and have not been able to get their tickets. Let everyone give the Mononade a Boost. Advertise it. Talk about it. Bring your friends.
