LEDLEDUM AND TWEELEDDE.

Boyer Says the Old Parties are Both Rotten.

It is not a question of a moment when the common people of America will awake to the fact that they are not being asked to vote between the two old parties. In 1896, 1898, and 1900, the men of the people were asked their votes by the old parties, and the present conditions are not likely to change. The old parties are both rotten, and the capitalist politicians fail to secure the votes of the people in the same way.

Many prosperous employers in Chicago are joining the Social Democratic party.

A system that permits the working class to be divided through the hands of the old parties is to the interest of the capitalist. It is claimed that in Belgium over one hundred thousand people work for a party, and half of these are not on the party list. The working class in this country is not so organized, but the capitalist politicians fail to secure the votes of the people.

SOCIALISM AND THE CITY.

By WINFIELD R. GAYLORD.

The socialistic enterprise would not find any incentive for doing what the present capitalist would do. It would be a mere game of numbers. The socialistic enterprise might as well do one thing or another as long as it had the power to do it. It would be a mere game of numbers. The socialistic enterprise might as well do one thing or another as long as it had the power to do it.

It is in the nature of things that the socialistic enterprise would be a mere game of numbers. The socialistic enterprise might as well do one thing or another as long as it had the power to do it.

The REAL JUDGE PARKER STANDS REVEALED.

Alfred Henry Lewis shows that by his Own Record he has Low Political Ideals!

Beyond a doubt the American people have more respect for the American Judge than for the American President. This is because the President is a politician, while the Judge is to be accorded the respect due to the impartial and incorruptible. And, in the same way, the American President has the right to consider that the American Judge is above politics. And it is therefore fitting to consider the case of Judge Parker and the President as two examples of the man's powers and duties. On Colonial Policy.

The Socialist Reviewers of Halifax submitted the following statement of the policy of the Dominion government.

The only way to solve the problem of the empire is to divide it among the various nations of the world. The British Empire is the greatest of all empires, and it must be divided among the various nations of the world. NOTE: In some states the organization is known as the Socialist Party, in others as the Social Democratic Party, and in a few as the Social Democratic Labor Party.

WILEY & BANFORD

1504-1508 BROADWAY.
HALF HOURS IN THE HERALD SANCTUARY.

The first time I came to the library for the first time, I decided to borrow a book. The librarian was helpful and suggested several books that might interest me. I was impressed with her knowledge and professionalism. I also appreciated the clean and quiet environment of the library. I plan to visit again in the future.

THE CHURCH IN BAD COMPANY.

There are a few churches in our town, and I have attended a few of them. However, I have noticed that some of them are not very welcoming to new members. Some have strict dress codes or require a lot of paperwork to join. I feel that church should be a place of welcome and support, not a place to feel judged.

DEBS AND HANFORD DATES.

Debs and Hanford are two controversial figures in our country's history. Debs, a socialist, was a prominent figure in the early 20th century, while Hanford, a conservative, was a pioneer in the oil industry. Their ideas and policies continue to influence modern politics.

WASHINGTON, D.C.

The capital of the United States, Washington, D.C., is a city of monuments and museums. It is a place of great history and culture. I have visited the White House, the Supreme Court, and the National Mall several times. Each visit has been a unique experience, and I look forward to visiting again in the future.

THE NEW TIME.

This newspaper, The New Time, is a great resource for staying informed about local events and issues. I enjoy reading it every week and appreciate the work of the staff to keep the community connected.

FOR MUSIC.

The city of Milwaukee is known for its rich musical heritage. From jazz clubs to concert halls, there is something for everyone. I recently attended a concert by a local band that was fantastic. I am looking forward to seeing more performances in the future.

UNIONISM AND SOCIALISM.

Unionism and socialism are two related concepts that have had a significant impact on our country's history. Unions have fought for better working conditions and wages for workers, while socialists have advocated for a more equitable society. These ideas continue to shape our political landscape today.

**TOWN TOPICS BY THE TOWN CRIER.**

Waste not, want not, is the dictum by which the Larivé family lives. A portion of the fruit and vegetables that the family grows is freely given away. A small garden is being tended by Mrs. K. Larivé, who keeps a careful watch on the progress of the plants. The garden is located in the rear of the house, and consists of a small plot of ground that is just large enough to provide the family with the vegetables they need for the winter months.
