THE LABOR MOVEMENT OF MODERN TIMES.

Eugene V. Debs Writes of Its Great Trials and Its Remarkable Triumphs.

The labor movement of modern times is the product of past ages. It has come to us as the heritage of a long struggle, a long fight for the rights of man. It is the product of a long and arduous past.

During the colonial period of our history, when agriculture was the principal pursuit, when the shop and factory were in their infancy, the labor of the new world was done by the hand. The labor of the earth was done by the hand.

During the industrial period, the factory was developed, and the iron and steel industries were born. The labor of the new world was done by the hand. The labor of the earth was done by the hand.

Who said John Mitchell was a traitor?

John Mitchell's demand at the Van Nuys convention, that the Socialists oppose any traitor, was, of course, inexcusable, pure and simple. Yet the question arises: Has not Mr. Mil-

Dear Friend:

The light seems to be shining through the clouds in the political horizon. If there is a ray of hope in the present political situation, it is in the direction of the Socialists. If we want to know where Socialism is, we must look to the Socialist party. The Socialist party is the only party that stands for the people. It is the only party that represents the working class.
