Hail Christmas!

While Santa Claus is not a socialist, he is an ardent supporter of the Christmas spirit. For the people, especially the children, we have long known the joy and happiness that Christmas brings. He knows that the spirit of Christmas is not just the exchange of gifts, but the love and togetherness that it engenders.

Many of our readers have written to us expressing their love for Christmas and how it brings them joy and happiness. We want to remind everyone that this spirit of Christmas should be celebrated all year round.

The AFL is not just a union; it is a community of workers who stand together to make a better world for all workers. We are proud to be a part of the AFL and to be a part of the community of workers who are fighting for a better world.
HALF HOURS IN THE HOLY SACRAMENT.

For ten centuries a man was in the habit of praying with his knees on the ground. Once he was in a day's work. The men in the streets worked, and only the women prayed. When the great printing press was invented, the workmen over the presses went to work, and the women took the place of the men in prayer. Thus the workmen, for the first time, formed a large part of the people of the land, and the women took the place of the men in prayer.

When the workman went to work, he was in a day's work. When the woman went to work, she was in a day's work. She was in a day's work, and the workmen went to work. Thus the workmen, for the first time, formed a large part of the people of the land, and the women took the place of the men in prayer.
