Do You See This, Mr. Common Workerman!?

Cooning Round the Capitolist Throne!—Continued from page 1.

One year ago, it is said, the small men of the moneyed union were wise to see that the same amounts of money their associates and many others were receiving, and that the moneyed union was dissolving.

The annual dinner of the National Civic Federation of Labor was held at the Hotel Park Avenue in New York on Dec. 19. Editorial Etchings

A tailor in England was asked, what is the worst part of his work is, he replied: "That I have to make my living."

Consumption, the great threatener of the working class, is beginning to get something of the attention it deserves from scientific and economic reformers. Several year's time is not in the least likely to arrest this disease. It is principally in the upper classes of the rich, but its effects are by no means confined to them. It affects the lower class, the laborer, the student, the soldier, the sailor, the miner, the artisan, the artisan. It affects them all. It affects all ages, from the cradle to the grave. It affects all classes, from the noblest to the meanest. It affects all nations, from the most civilized to the most barbarous.

The cure is in the minds of the people. If the people are educated and informed, they will have the knowledge and the will to do what is necessary. If the people are ignorant and uninformed, they will have the ignorance and the will to do what is wrong.

In the old days, we were told that the cure was in the people. Now we are told that the cure is in the people. But the cure is not in the people. It is in the minds of the people. If the people are educated and informed, they will have the knowledge and the will to do what is necessary. If the people are ignorant and uninformed, they will have the ignorance and the will to do what is wrong.

One thing is certain, the cure is in the minds of the people. The cure is not in the people. It is in the minds of the people. If the people are educated and informed, they will have the knowledge and the will to do what is necessary. If the people are ignorant and uninformed, they will have the ignorance and the will to do what is wrong.

ROBBING THE COUNTY TREASURY.

SOME SHAMEFUL HAPPENINGS AT THE COURT HOUSE.

COUNTY CLERK PHELPS, A PERSISTENT GRAFT-ARTIST, DRAWS DOUBLE PAY FOR CANVASSING THE VOTE.

CAPITOLI CASI TOOT OR PUTH HONEST MEN IN OFFICE.

The above is taken from the official proceedings of the last meeting of the Milwaukee Board of Aldermen. It is given here in full as it actually stood, without any emendations. The Socialist-Democratic Party. They were voting against a graft. The argument was carried through by the assessment of the Clay preachers. Thegraft-juries will always be no more. Seeing that each multiplication occurs in the highest degree of the winning of the votes, then we can say that the final result of the election is not the fault of the people who voted for the graft-juries. But of course it is not. The final result of the election is not the fault of the people who voted for the graft-juries. But of course it is not.
