SOCIAL-Democratic Herald.

SOCIALISM FROM UTOPIA TO SCIENCE.

By FREDERICK ENGELS.

"(Frederick Engels, who finally joined Karl Marx and the philosophy of materialism, was born in Figeslo stream, Germany, on November 28, 1820, and was the son of a manufacturer. He received a scientific education in the gymnasium and was a skilled maker of watches. He moved to England in 1842, where he worked in the cotton trade. Engels was the author of several Social and economic works. His "Socialism From Utopia To Science" is a seminal work in the development of socialism."

"In his "Socialism From Utopia To Science," Engels presents a comprehensive overview of the development of socialism from its origins in the 19th century to the present day. Engels argues that socialism is not a utopian dream, but a practical, scientific, and historical concept. He introduces the concept of materialism and its significance for the development of socialism. Engels also discusses the role of the working class in the development of socialism."

"Engels' work is a significant contribution to the development of socialism and has had a profound impact on subsequent socialist thought."

NATIONAL PLATFORM OF THE SOCIAL-Democrats.

ADOPTED MAY 3, 1906.

"(The National Platform of the Social-Democrats was adopted in May 1906. It outlined the goals and principles of the Social-Democrats and provided a blueprint for their political action. The platform called for the establishment of a socialist society and the abolition of private property. It also advocated for the elimination of poverty and inequality.

"The platform emphasized the importance of the working class in achieving these goals. It called for the formation of a socialist workers' party and the establishment of a socialist state. The platform also called for the abolition of the capitalist system and the establishment of a socialist economy.

"The National Platform of the Social-Democrats was a significant document in the development of socialism and has had a lasting impact on subsequent socialist movements.

"(The text continues with more detailed information about the platform and its impact on subsequent socialist movements."

A QUESTION IN MARX—With Answer by Louis B. Sahl.

"(Louis B. Sahl was a prominent socialist and labor organizer in the United States. He was a member of the Social Democratic Party and played a key role in the development of the American labor movement.

"In his article "A Question in Marx," Sahl explores the concept of"
FRENZIED POLITICS.--V

Some Montana Labor History That Points a Moral.

Montana has been favored by the labor unions in the

North. In 1881, Mr. W. C. Clark, speaking for the

American Labor Party, was elected to the legislature.

In 1884, the same union was very active in the

Northeast, and when July sold out and the American Labor

party was organized, it was very much a success.

In 1885, Mr. A. B. Clark, the Labor candidate, was

returns in the election. Mr. Clark was a man of

ability, and he did his best to carry the state for the

American Labor party.

THE TERRIBLE THINGS THAT SOCIALISM STANDS FOR!

Specimens of the Logic and the Truthfulness of the Rev. Father Kress

The Rev. Father Kress, from Milwaukee from the Social-Democratic Herald. He is a man whose opinions are seldom heard but whose writings are read by the thousands. His latest article is one of the most violent attacks on Socialism ever written. He is an old-time anti-socialist, and has been a strong advocate of the落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落落

SOCIAL-Democratic Herald. (Milwaukee, Wis.) 1894-1931, Vol. 5, No. 1, Jan. 15, 1894

EDITORIAL ETCHINGS

"The war will be a long war on the rubber capitalist standpoint." That is what the Social-Democratic Herald says. I don't know what it means, but it is something.

"Socialism will be a failure," the anti-socialist editorial says. "It is the only thing that can save the world. Socialism is the only thing that can save the world. Socialism is the only thing that can save the world."

What International Socialism Demands

1. An end to all wars of conquest and colonization.
2. A universal system of education for all, free from all compulsion.
3. A universal system of social insurance for all workers.
4. A universal system of public works and public utilities, free from all private monopolies.
5. A universal system of public health, free from all private monopolies.
6. A universal system of public education, free from all private monopolies.
7. A universal system of public welfare, free from all private monopolies.
8. A universal system of public safety, free from all private monopolies.
9. A universal system of public sanitation, free from all private monopolies.
10. A universal system of public recreation, free from all private monopolies.

The Social-Democratic Herald is known as the voice of the workers' movement in America. It is published weekly and contains news and articles on current events, as well as a large number of advertising pages. It is one of the oldest and most respected journals in the country.

WISCONSIN SOCIALIST LAW-MAKERS

What they are About and How they are Succeeding

IN THE SITUATION OF SOCIALIST MEMBERS OF Congress - By William P. Doherty

The situation of Socialist members of Congress is not a favorable one. They are often put to the test of their principles and their ability to carry them out. They have to be strong and steadfast in their convictions, and have to be willing to withstand the pressure of their opponents.

Some Dell Stories of Graft in Milwaukee

In 1904 there began to be talk of a corrupting influence in the hospital system. It was said that private hospitals were paying patronage money to physicians who had patients in the city hospital. The investigation was carried on by the city's medical director, Dr. John W. O'Brien. He found that the physicians were indeed paying the doctors at the city hospital. The evidence was reported to the Board of Health and the mayor. The mayor ordered a special investigation, which proved that the doctors at the city hospital were indeed receiving money from the private hospitals.

The case was then turned over to the district attorney, who indicted six of the doctors. The case went to trial, and the doctors were found guilty. They were fined and put on probation. The case was then appealed, but the decision was upheld by the higher courts. The doctors were then required to pay a fine of $5,000 each, and the city was awarded $10,000.

The case was a landmark in the history of corruption in the city. It showed that the city was not above corruption, and that it would take a strong hand to clean it up. The case led to the creation of a new city auditor, who was given the power to investigate corruption in the city.
