TOO MUCH PROSPERITY! EDUCATED MEN LOOKING FOR WORK IN PANAMA!

Since there is no place where there are no problems, there is no place where there are no solutions. The problem is to find the right solution. The President of the United States, Mr. William Howard Taft, has announced that he is going to the Far East to find a solution to the problem of unemployment in Panama. He has called upon Congress to pass a law that will provide work for all unemployed men.

THE CHURCH, THE PEOPLE, AND THE NEED FOR SOCIALISM

Victor L. Berger Writes of Church Growth and Shows the Forces That Are Against Progress

A correspondent writes us today regarding the growth of the Catholic Church. He says that the Church has made great strides in the United States, and that the residence of Catholics has increased from 5,000,000 to 25,000,000 in the last ten years. He further states that the Catholic Church is expanding rapidly in the West, and that the number of churches and parishes is increasing at a remarkable rate.

In addition to the growth of the Catholic Church, the correspondent states that the Church is also making progress in social and political issues. He mentions that the Church is working for the betterment of the working class, and that it is opposing the policies of the rich and powerful.

In conclusion, the correspondent states that the Catholic Church is a force for good, and that it is working to improve the lives of all people. He encourages everyone to support the growth of the Catholic Church and to work for its social and political goals.

Conservative Stagnation

Conservative stagnation is a term used to describe the slowdown in economic growth that occurs when a country is not able to keep up with the demands of a rapidly changing world. It can be caused by a variety of factors, such as political instability, lack of investment, or poor management. In order to overcome conservative stagnation, a country must take steps to modernize its economy and increase its productivity.
PEACE' IN COLORADO!

A. F. Elston Writes of the Present Situation.

The political struggle between the laborers and employers in Colorado, which has been going on for so many years, has finally resulted in peace. The two parties have agreed to settle their differences by arbitration, and the laborers have agreed to give up their demands for higher wages. The employers have promised to pay the workers a fair wage, and the laborers have promised to work for the employers.

Keeping the Voters from the Polls

The political atmosphere in this state has become very tense in recent weeks. The candidates for public office have been making statements that are causing much concern among the voters. Some candidates have been speaking of the need for a new form of government, while others have been criticizing the current system.

QUESTIONS MADE WAS CATALYZED

The Rev. J. B. Smith, of Denver, has been asked to make a statement on the issue of statehood. He has been accused of making a statement that was not in line with his beliefs. However, he has denied making any such statement.

GREETINGS TO THE INTERNATIONAL ARMY BY FATHER GAPON

To the International Socialist Bureau:—In order to clear up all misunderstandings in regard to the strike, we wish to present a brief statement from Father Michael P. Gapon.

I will state, that a resolution was passed prohibiting the exclusion of any workmen from the strike, regardless of the labor condition of their homes, the fear being, that any action along these lines would tend to provoke the Social Democratic press, and the Socialist and Labor organizations, to adopt a united front in opposition to the American Federation of Labor and all attempts to exclude the laboring classes from union rights.

We hope that the Social Democratic press and the Socialist organizations, who are advertising a united front in opposition to the American Federation of Labor, will feel that they have no right to exclude any union member from their ranks, and will aid in the program to be adopted.

We have the strong conviction, based upon our experiences in labor and truth, that unity of action alone can bring success to the labor movement.

I, therefore, suggest that the Social Democratic press and the Socialist organizations, who are advertising a united front in opposition to the American Federation of Labor, adopt a united front in opposition to the American Federation of Labor and all attempts to exclude the laboring classes from union rights.
