TOLSTOY NOT AN INFORMED PHILOSOPHER.

Some day we may have a few of the works of which some attach to the name of Tolstoy. The work of a few of the third or fourth or fifth generations of his kin are evidently in some authority as philosophers, while the novels of the third or fourth or fifth generation of his kin are quite enough to make an uninitiated reader, with the best of intentions, feel himself an ignorant and proverbs, and a little ashamed of himself. The truth is, the work of the third or fourth or fifth generation of his kin is quite enough to make an uninitiated reader, with the best of intentions, feel himself an ignorant and proverbs, and a little ashamed of himself.

Town Topics by the Town Crier.

The political election past and present is the chief topic of conversation among those who are in politics. Many of the candidates are the same as last year, but the issue is different. This year the voters are being asked whether they want the candidates to be re-elected or not. The candidates are canvassing the city with the slogan of "Vote for the Incumbent." The issue is not a local one, but the national. The outcome of the election will depend on the vote of the people.

Treat Your Horses Well

YOUR Horses Will Feel Better and Last Longer If You Feed Them Well. To Feed Them Well Mix in a Little GOLD COIN STOCK FOOD

With their Corn or oats at each feed. The 5 to 10 cents they get in this food greatly increases the digestive power, builds up the system, and makes stock feeds feed up and feed both. The corn food is not the natural food for horses. GOLD COIN stock food is the real natural food of horses. Give horses of all ages, breeds, colors, well or poorly nourished, the same good stuff every day. Feed them on it in the morning and night. For sale by feed dealers generally in Milwaukee.
