A Few Plain Pointers for Plain Working People—by a Plain Man.

What is the question for you, Mr. Workingman? The working man has always been the most important part of the population in all lands. He is not only the natural rival of the rich man but the very life blood of the country. They are the men who produce the wealth, who make the nation great, and who will make it great. They are the men who create work for the other classes, who work for the other classes, and who must be treated fairly.

The working man is the backbone of the nation. He is the man who supports the government, who pays the taxes, and who keeps the country going. He is the man who keeps the factories open, who keeps the stores supplied, and who keeps the country alive. He is the man who makes the country strong, who makes it prosperous, and who makes it great.

The working man is the man who has the right to be treated with respect. He is the man who has the right to be treated fairly. He is the man who has the right to be treated with dignity. He is the man who has the right to be treated with consideration. He is the man who has the right to be treated with justice.

Our object in the main is to make the working man understand his position and his rights. The Social Democrats are the friends of the working man. They are the friends of the working man. They are the friends of the working man. They are the friends of the working man. They are the friends of the working man.

The Social Democrats have made the working man understand his position and his rights. They have made the working man understand his position and his rights. They have made the working man understand his position and his rights. They have made the working man understand his position and his rights. They have made the working man understand his position and his rights.

THE TRUTH ABOUT "DIVIDING UP"—NOW GET WISE!

No, Socialist does not mean for dividing up.

CAPITALISTS STANDS FOR DIVIDING UP.

Capitalists have no desire to share the wealth with the working class.

They want to keep all of it for themselves.

They want to keep all of it for themselves.

Some Disreputable Campaigning

The man who seeks to destroy the drink-buying habits of influence is a menace to the welfare of the community. There is a smooth-tongued campaign being prosecuted by the people in antimunicipal tobacconists. They say that by buying a tobacco, they are in league with the enemy, the foreigner, the woman, and the Jew. This is based on an American, and a very real, fear of foreign influence. The tobacco industry is controlled by the English, and their influence is strong. This is the reason why we should resist the campaign. It is a complete lie that the English are trying to influence us. The English are our friends, and we should support them. We should vote for the English, and against the foreigner, the woman, and the Jew. This is the only way to protect our country, and our national interests. We should resist the campaign, and show our support for the English, and against the foreigner, the woman, and the Jew. This is the only way to protect our country, and our national interests. Coun Tryps by the Town Crier.

IT IS A SOCIALITY'S DUTY TO GO TO THE PRIMARY HOUSES OF THE TOWN.

Our reaction is a party ticket. We are not yet out, but we do not and do not.

The old-time aldermen who are the position put themselves in a strong position, but when they didn’t want to go to the primary house because of the primary party and the primary house between two of them are beginning to play the town.

OUR CANDIDATES: W.B. A. ARNOLD.

For Comptroller:

HARRY E. BRIGGS.

For City Attorney:

W.F. R. (Deputy to the Primary Election).

The primary election, where the sovereignty of the people is exercised, is an opportunity for the people to express their will. The primary election is the election of the candidates for the primary party and the primary party between two of them are beginning to play the town.

The best thing is to vote for a man who is willing to do his duty before the people, not for his own. The people have a right to know who is going to be their representative in the house of the town.

When the town’s not bad, honest men get their due, and as a party, the town’s not bad. Last Saturday night, Davis Rose, and the other old-time aldermen, put on a show of strength and were elected to the town’s board of aldermen. They were elected by a large majority, and the people are proud of their elections.

The old-time aldermen who are the position put themselves in a strong position, but when they didn’t want to go to the primary house because of the primary party and the primary house between two of them are beginning to play the town.
