Some Editorial Comment.

A great change is taking place in American politics. The Democratic leader of Congress will be the Vice-President of the United States in June.

At the municipal elections in Chicago, the Socialists received 5,400 votes out of the 17,000 candidates they put up, or 32 per cent of the total. Their total vote was 2,200,000.

The change is already visible in the political life of the country. The Socialist party is rapidly gaining ground in the three big northern states.

Young Senator Beveridge of Wisconsin, who was elected to the Senate in 1892, is now the majority leader. He is already the leader of the Socialist party in the Senate.

The Republican party, as far as it is concerned with the issue of depression and the question of labor, is trying to get away from its past record.

The theory of the Republicans that the depression is due to the high cost of living, and that it will go away if the cost of living is brought down, is a fraud.

The party is now in the hands of a group of men who are trying to get away from their past record and to get into power.

The Socialist party is now in a strong position to take over the reins of government if it wins the next election.

Is There Any Other Way?

By Victor L. Berger.

This world is a very cold place, and I don't see any way for us to get out of it. We are all alone in the world, and we have to take care of ourselves.

And yet, if we look closer, there are others at hand who are just as much in the cold as we are. The only way to help them is to help ourselves.

Right now we are looking at one of the cardinal points of the whole question—the question of the depression. It is the most important question of all, and if we don't do something about it, we will be in trouble.

We have to come to terms with the fact that we are all in this together. If we don't work together, we will all suffer.

And if we don't work together, we will all suffer. It is the only way to solve the problem.
A Devastator of the Workers!

To the Working Class of America:

The time has come when the Working Men of America must arise and assume the lead in a fight against the system of exploitation under which they live. The working class must unite and organize in order to achieve its aims.

Chicago.

April 9, 1898, an election for a new Alderman was held, representing the 3rd Ward. The Republicans polled 2,523 votes, the Democrats 2,527, the Social Democrats 2,540. The Social Democrats carried the Ward by 17 votes. The Social Democrats are the only party that has ever been returned against the Republicans.

The election was a great success for the Social Democrats. The Republican party is in a state of disorganization, and the Social Democrats are gaining ground.

The Social Democrats are now the majority in the 3rd Ward. The Republican Alderman has resigned, and the Social Democrats have taken control of the Ward. The Social Democrats are now in a position to carry out their program, which is to make the Ward a model of city government.
