Some Editorial Comment

Socialism, as a rule, is good for nothing but with a few exceptions. It is often of value for a little while. But pinch on the spindle, and it will still spin. The next time you see the Labor party, sit down. But pinch on the spindle, and it will still spin.

The great demand for socialization is just a demand to come from the East side. The people of the West are not interested in socialization. They want to keep their farms, and they want to keep their homes. They want to be free, and they want to be independent. They do not want to be controlled by a socialist government.

The socialists are only interested in the farms of other people. They do not want to work on their own farms. They want to have someone else work for them. They do not want to share in the profits of their own labor.

GLEANINGS FROM BUSY FIELDS

In Yankee Land

Maryland Socialists have organized a group to work for the election of John P. Hunter in the 1st Congressional District of Maryland. The group is working hard to ensure a Socialist victory in this important election.

The group has been very active, and they have been holding meetings and organizing a strong campaign. They have also been working to build support for their candidate among the working class and the poor.

We encourage all socialists to support John P. Hunter in this election. He is a strong and dedicated candidate who is working hard to represent the people of the 1st Congressional District.

Please let me know if you need any further information or if there is anything else I can do to help.

Across the Pond

The total vote cast for Green candidates in the elections in certain cities and towns amounted to about 10,000. The Socialist candidate for state controller, John J. O’Shea, got a majority of the votes, and the Socialists will have a strong showing in the coming election.

The Socialist party is working hard to build support for their candidates in the upcoming election. They are working to educate voters about the issues and to mobilize support for their candidates.

We encourage everyone to support the Socialist candidates in the upcoming election. They are working for a better future for all people.

Please let me know if you need any further information or if there is anything else I can do to help.

OFFICIALLY TRICKED!

MISLED BY THE QUEER WORK OF OFFICIALS, SURVEYOR-ELECT GLAESER FAILS TO QUALIFY.

Milwaukee's county officials have just turned a neat trick on the Socialist Seymour-elect of Milwaukee, Chester Glaeser. They did it in the usual manner, that is, with the threat of a所有 surety bond, and the issuance of an official certificate. More than ever, it seemed to be a joke that the scheme would be faithfully brought to work for their advantage.

Last Monday was the day on which the county officials sent out the formal certificate to instruct the county officials on the proper way to act. The certificate was sent out on the day that the county officials had stopped the official certificate of the proper name of any of the voters.

However, this time, the certificate did not work. The certificate was sent out to the county officials on the day that the county officials had stopped the official certificate of the proper name of any of the voters. The county officials did not bother to call the attention of the county officials to the fact that the certificate had not been sent out in time.

Deficit Still Going Down!

AT THIS our 14th birthday, it's quite natural that we look back. Fourteen years ago we had only our little store, 20x80, and a plan. That plan was to build up a business by giving our patrons a little more for their money than anyone else would.

Today we are recognized as the biggest retailers of Men's, Boys' and Children's Clothing and Furnishings in Wisconsin and the second largest in the Northwest. Success begets success.

As our business grew from its small beginning, and we were able to add store after store, our purchasing power increased— that is, buying for four stores enables us to offer our patrons more value for their money than the one-store dealer possibly can.

During this sale we shall make bigger price reductions than we have ever known in Wisconsin. You will notice that the number 14 and its multiples appear repeatedly in our prices. This is no accident. It is to call your attention to our 14th Anniversary and the biggest price reductions ever offered in the "Great Northwest".
