The man who sells his vote is a traitor to his class! (1908)

The Clutch of Capitalism

In the late 19th century, the influence of the railroad industry and the development of mass transit systems—such as the electric trolley—were revolutionizing transportation. This led to a significant shift in the way people traveled and interacted with urban spaces.

The growth of the railroad industry was accompanied by a rise in the cost of living and a struggle for workers' rights. Theeroonorganized labor movements and strikes against rail companies, highlighting the economic disparities of the time.

The Clutch of Capitalism

The nineties were a time of great change and transformation in the United States. The effects of the railroad industry were felt across the country, leading to both innovation and challenges for the American populace.

In the late 19th century, the influence of the railroad industry and the development of mass transit systems—such as the electric trolley—were revolutionizing transportation. This led to a significant shift in the way people traveled and interacted with urban spaces.

The growth of the railroad industry was accompanied by a rise in the cost of living and a struggle for workers' rights. Theeroonorganized labor movements and strikes against rail companies, highlighting the economic disparities of the time.

The Social-Democrats Getting 3-cent Fares.

Part of the Milwaukee people are planning a road along the line of the present street cars near the center of the city. The Social-Democrats in the city council are in favor of the plan.

The Social-Democrats have already adopted a resolution instructing the city fathers to proceed in the matter, through the Department of Public Works, in the city, and the city commission can and will do it.

The Social-Democrats are watchful.

They saw the fate of the reformers, and they made up their minds not to let it happen to them.

ALD. HEATH presented the fol-

lowering resolutions:

1. That the fare on street cars is 5 cents and that the Social-Democrats will fight to reduce it to 3 cents.

2. That the Social-Democrats will not tolerate any delay in reducing the fare.

The resolutions were adopted, and ALD. HEATH promised that the Social-Democrats would not rest until the fare was reduced to 3 cents.

Fare Reduction.

The fare on street cars has been reduced to 3 cents. This was the result of the Social-Democrats' efforts. They were able to get the city commission to reduce the fare from 5 cents to 3 cents.

One man paid two cents for a fare on a street car, and he is happy.

The Social-Democrats are the ones who reduced the fare from 5 cents to 3 cents. They are the ones who have made life easier for the people of Milwaukee.

The Social-Democrats are the ones who have made Milwaukee a better place to live in.

The Social-Democrats are the ones who have made Milwaukee a better place to work in.

The Social-Democrats are the ones who have made Milwaukee a better place to play in.

The Social-Democrats are the ones who have made Milwaukee a better place to live, work, and play in.

Our Two Big Stores are located within the city. Our West Side Store being on the outside of the business section and our East Side Store being on the inside, we are in a position to serve the Western as well as the Eastern portion of the city. We are not connected with any other department store.

Look at Our Show Windows and compare yourself with the returning customers. We have made all winter coats and suits for men and women, and all winter garments for children, all of which are manufactured in the best material and made to the best quality.

White Maple Kitchen Cabinets
The most practical and convenient piece of furniture ever designed for the kitchen: It is a Cupboard, Table and Floor Bin all combined in one—particularly useful for the storage of kitchen utensils.

This elegant Kitchen Cabinet, special for next week.

The height of this cabinet is 86 inches, and the width 52 inches. The general plan of work is of the best. The four bins are all smoothly darker. The doors have 3/4 inch of the most improved patent latches to hold all the hardware used on these cabinets (such as drawers, knobs and hinges) in place. The woodwork, protected by painting them in the finest selected white maple stain to be had.
