Sociables, and fellow workers, all of whom have been so considerate of our leaders and the women's social and educational work. In addition, the President of the Women's Board, Mrs. J. R. Smith, also spoke, and the program closed with a singing of "The Star-Spangled Banner."

The Democratic party is determined to carry on and win the coming election. We are united and we are strong. We have the support of the people, and we know how to win. We are going to fight, and we are going to win. We are going to make sure that the Republican party is not going to have another chance to rule this country again.
THE REASON for SOCIALISM

"Always be ready to play the avenger to any one who take their money and try to purchase the Conduct of human suffering and the remedy.

Now, where shall I place the blame for those thousand killed and crippled every year? I am sure we can all agree that it is unkind to kill and cripple people and that we should try to prevent those things from happening. But where do we place the blame for the suffering of these people? I believe that the blame should be placed on the people who are responsible for these things happening. If we can prevent these things from happening, then we can prevent the suffering of these people.

The cause of human suffering is not always direct. It can also be indirect, such as poverty, lack of education, and lack of access to healthcare. We need to address these issues if we want to prevent the suffering of people. If we can do this, then we can help to make the world a better place for everyone.
Why City Government is the Spoil of the Corporations!

Eve-Opening Chapter from "The Spirit of American Government" by Prof. J. Allen Smith of the University of Washington.

In this country the greatest glaring abuses and most conspicuous failures of the state governments have been the result of the people's own government. The motives of popular government have used this fact for the purpose of devising the theory of democracy. They have been to believe that the people of every state which their political authority in the hands of the masses—this is the fruit of an extreme delusion.

American cities are far from being examples of extreme democracy. In most important respects they are less democratic than the government of any state or nation. In this country popular control of the city is generally considered a license for private monopolies and trusts, while in Great Britain and the countries of Western Europe, the city government has been held in municipal government the municipal approach to democracy.

Under any competent administration the truth lies in desirability of a city under the leadership of a people's organization of local government. It might be said to be an absolute death to plan and carry out any policies of purely local concern. This right, however, the American city does possess.

The true local unit is the city, and this, according to our legal and constitutional theory, is the creature of the state legislature. The cities are therefore subject to the will of the state legislature; they cannot be declared by the courts to remain independent of the state legislature and have no power to make laws.

SHALL THE CORPORATIONS RULE MILWAUKEE!

CITIZENS OF MILWAUKEE: YOU SEE THE SODIUM OF MILWAUKEE'S STREET SERVICE CORPORATIONS, WHICH ARE ENTITLED TO THE SAME IMMUNITY FROM TAXATION FOR ALL THE TERRITORY ON WHICH THEY ARE LOCATED AS ALL THE 88 LARGE BAD AUTOMOBILES, MANUFACTURED WITH HERBS, AT WORK IN EVERY PLACE, AS THEY ARE PRESENT IN THE CITY. THINK OF THE MONEY SPENT IN THIS WAY ALONE.

WHAT CORPORATIONS SUPPLIED IT?

The public service corporations make from FIVE TO SIX MILLION DOLLARS PROFIT a YEAR. Their annual report states that they are carrying on the business in the public interest. And they do.

But this was our own in Pringle's province. He cleared his name. He dropped the money question, and his face was one of surprise when it was asked how much money spent.

And ROSE SPENT EVEN MORE MONEY!

Why was all this vast sum spent to corrupt the electorate? To corrupt the electorate of MILWAUKEE!

If the public service corporation were to have their OWN PROTECTION, they MUST HAVE EITHER A LAW OR A RULE THAT THEY CAN CONTINUE TO DO BUSINESS ANYTIME.
