A Demagogic Attack!

Mayor Rose's Talk at the Milwaukee Charter Conference

Milwaukee: Mayor Rose, who got himself into a hole recently by making a speech at the Charter Conference and sending that body at its session, where he made a personal minority to change the city charter, has now come up with another speech that he says will set the city and the country on fire.

In his new speech, Mayor Rose says that the city council is being run by a bunch of/socialist lunatics who are trying to destroy the city and turn it into a socialist paradise.

Mayor Rose says that the city council is not representing the interests of the city's residents and is instead pandering to the interests of a small group of radical socialists.

The mayor also accuses the city council of being run by a group of communists who are trying to turn the city into a socialist paradise.

Mayor Rose says that the city council is not doing its job properly and is instead focusing on socialist schemes that will only benefit a few.

Mayor Rose's speech has caused a great disturbance in the city and has led to a great deal of turmoil.

The mayor's speech has been roundly criticized by many who believe that it is a demagogic attack on the city council and the city's residents.

Jury Acquits Althen!

Two men, both victims of the trial, are determined to continue their fight. The jury returned its verdict yesterday after almost two days of deliberation. The defendant, Althen, was charged with first-degree murder. The victim, Henry D. Smith, died from gunshot wounds.

At the trial, witnesses testified that Althen had been seen in the area just before the incident occurred. The defense argued that there was insufficient evidence to prove Althen's guilt beyond a reasonable doubt.

The judge instructed the jury to consider the following points:

1. The defendant's state of mind at the time of the incident.
2. The circumstances surrounding the incident.
3. Whether the defendant acted in self-defense.
4. Whether the defendant was acting under duress or coercion.

The jury deliberated for several hours before reaching a verdict. Five jurors found Althen guilty, while the other seven voted not guilty.

The defense plans to file a motion for a new trial. The prosecution will consider all options before deciding whether to appeal the verdict.
