HEARST’S FLY PAPER PLATFOR PAPER

By Victor L. Berger

The hearst impositions are making a strong bid for the return of the imperial system. Where the railroad magnates, bank presidents, and printing tycoons of the past were emblems of power and authority, the hearst press is now setting itself up as the arbiter of public opinion.

This is a dangerous development, for it means that the press is being used as a tool for the advancement of private interests. The hearst press is no longer a voice of the people, but a tool of the powerful.

We must be on our guard against this trend, and work to ensure that the press remains a genuinely independent voice for the people.
