LET CRAFTER AND REFORMER REMEMBER!

By Victor L. Berger.

The office of United States senator for Wisconsin was defended in the Statehouse yesterday against an attack by the United States senator from Illinois, Reverend Goree, who was making a tour of the State, and who in his campaign in the State was endeavoring to obtain the election by the people of Wisconsin of a man to the United States Senate who would not have believed in the party organization and would not have been the beneficiary of the party organization.

The Appalling Traffic in Young Girls!

The following extract is taken from a letter written by Harry A. Parkes, an Ex-Soldier, to the Chicago Tribune for March 31st. Mr. Parkes has been a correspondent in the eastern states for several months and knows the inside story of the beautiful, but shameless, girls who travel the circuits of the country and are the targets of all the evil passions of men.

"The Beautiful, But Shameless Girls!"

"TheBeautiful, But Shameless Girls!"

"TheBeautiful, But Shameless Girls!"

"TheBeautiful, But Shameless Girls!"

"TheBeautiful, But Shameless Girls!"

"TheBeautiful, But Shameless Girls!"

In a comfortable farm home in a small town of a Midwestern state, a young girl, who was brought up in the best of society, was murdered by four men who were her former boyfriends. The case is one of the most shocking and saddest in recent history. The girl was found dead in her room, and the investigation revealed that she had been drugged and then brutally attacked.

The girl's family, who were shocked and grief-stricken, posted a $10,000 reward for the arrest of the killers, but no one has come forward. The family is now suing the local authorities for negligence in not preventing the crime.

The case is a tragic reminder of the dangers that can exist in any community, and the need for vigilance and protection.

FOOLISH NOTIONS AS TO SOCIALISM

An odd reply of a Baptist preacher tells us that the best definition of socialism is that which destroys the family, for it sets up people to great expectation, and urges them to heroic acts, and the origin of the race, it cannot ever be revived.

The paragon did not succeed in the war, because he desired to preach good tidings to the poor; he had nothing to do with the poor, and remaining of sight of them, he threw a wad of paper into the town of his residence, and thus established his views in a quiet and peaceful manner.

How can a preacher do this? Just ask the question and let this man answer it.

I can not think of a better way to get into that sermon. He refused to answer me, because I asked the question, but in this case, the answer is to be found in the spirit of the age.

I soon reached what I consider a just conclusion concerning this matter, and I ask you to consider it, that I can not think of a better way to get into that sermon. He refused to answer me, because I asked the question, but in this case, the answer is to be found in the spirit of the age.

I was then asked why I was not at work, and why I was so stupid. I was then asked why I was not at work, and why I was so stupid. I was then asked why I was not at work, and why I was so stupid. I was then asked why I was not at work, and why I was so stupid. I was then asked why I was not at work, and why I was so stupid.

I was then asked why I was not at work, and why I was so stupid.

WAGE AERATION IN AUS.

Consul-General John J. Fiske, of Sydney, expresses a desire that the Commonwealth arbitration system may not be undermined by provincial measures, and that the states may be encouraged to make use of the Commonwealth arbitration system, which is the only one that has been successful in Australia. He feels that the arbitration system is the best that can be had in Australia. 

COAL-CUTTING MACHINERY.

Cable of the British Admiralty reads, "Japan has delivered two of the largest coal-cutting machines ever built, to the British Admiralty, to be used for the construction of the new battleships. The machines are of the type used in the construction of the Great White Fleet."

Political Refugee Defense League

2,064 Burroughs Machines
SOLD IN December, 1908

"Business conditions" did not prevent another general smash-up of all sales records in the adding machine industry last year.

More Burroughs Adding and Listing Machines were sold during 1908 than ever before in any one year.

More Burroughs Adding and Listing Machines were sold during the last three months of 1908 than were sold in the whole year 1903.

More Burroughs were sold in December, 1908, than ever were sold before in any one month.

More Burroughs were sold in 1908, in proportion to the total combined sales of all other kinds of adding and listing machines, than ever before.

More different lines of business bought Burroughs in 1908 than ever before.

All the above is due to one specific condition—that employer in every line of business who has discovered the need of the Burroughs. Also, that while every business is "different," there are different types of Burroughs for every business. Burroughs specially adapted to the bookkeeping, costing, and billing methods of every business—in other words, a Burroughs fits the special needs of every business.

Let Women Vote for Better Schools

A word to the women: Are you thinking about the fact that in the coming school election you have an opportunity to cast your vote for the best interests of the children? If you have, you should be aghast at the sight of the school tax increase and the fact that the children are being deprived of their right to education. It is the responsibility of every woman to vote for the best school board that will serve the children. If you want to do your duty by your children, vote for the school board that will provide the best education. The school board that you vote for will shape the future of our children. It is in your power to make a difference.

Let's work together to make the school system better. We need your votes to ensure that the children receive the education they deserve. Together, we can create a brighter future for our children. Let's vote for better schools!}
