"AD MAYOREM DEI GLORIAM!"

By Victor L. Berger

The public schools have made a great deal of noise through the common council of Milwaukee. By a majority of one, the $6,000 bond issue to build additional schools was approved at the last council meeting.

The opposition to the bond issue was led by Mr. C. J. Carney, who has been very much interested in the schools as a layman. Mr. Carney is a very active man and he has expressed his purpose to be present at all the meetings of the public schools and to vote his opposition to the bond issue.

The public school people have been very much interested in the bond issue, and they have been very active in trying to get the bond issue passed. They have been very busy in canvassing the people and trying to get their votes.

The public school people have been very much interested in the bond issue, and they have been very active in trying to get the bond issue passed. They have been very busy in canvassing the people and trying to get their votes.

THE ECONOMICS OF KARL MARX IN A NUTSHELL—By Issador Laidoff

Books and authors have always been close friends. When Marx and Engels were living, although some little quarrel sometimes occurred, there were always conferences between them. There are not many books written by Marx and Engels which are not influenced by each other. The economist's work is not only an expression of ideas, it is also an expression of the ideas of the philosopher. When Marx and Engels wrote their books, they always tried to express their own ideas as clearly as possible. The shifting of the center of gravity in modern economics is the result of the influence of the works of Marx and Engels. Our belief is that the solutions of the economic problems of our time are to be found in the ideas of Marx and Engels.

A. C. Gibb

PUBLIC ADVERTISERS

The City of Milwaukee is planning to replace some of its electric streetcars with diesel-powered railcars. This is an important step in the modernization of public transportation in Milwaukee. The new diesel railcars will be more efficient, faster, and environmentally friendly. This move is part of a broader effort to reduce our dependence on fossil fuels and improve the quality of life for residents of Milwaukee.

FIGHT FOR YOUR LIFE

by BEN HANFORD

Second Edition New Ready

This book bids fair to be the one of its kind, the book of the Socialist movement. It is written in Hanford's well-known style, and is a valuable contribution to the discussion of the Socialistic movement, setting forth some points in the Socialist arguments. Just the thing to speak up for the Socialist cause. Nothing like this book as a help in the hands of the Socialist movement. It is a valuable source of information, and one of the best books of the kind that has ever been written. It is a must for every Socialist.
A WORD TO THE WISE!

Here is a chance to double your Social-Democratic vote at the coming election.

Do you work, Social-Democratic, and vote for Social-Democratic candidates? Your vote for school board or town board is important, but it only amounts to a piece of one-half to one-half of one at a ratification meeting. Last night the School Board reported on the section for the ratification of the School Board at the next meeting. 

The section report was on the job, and the meet was conducted in a business-like manner.

The evening Board was called to order by the President, and the roll was called. The report of the three members of the School Board was read, and the report of the School Board was accepted. The meeting adjourned.

Do not let any one discourage you from voting for Social-Democratic candidates. You will be doing your part to make our city a better place to live in.

THOSE LAWS ABDICATING LEADING BUSINESS MEN

A recent case from Oakland, Wis., where the Diamond Match Company has been ordered to pay a fine of $10,000 to the state. The company was charged with paying off, or making a payment to, a competitor, which is illegal under the state law. The company has appealed the decision, and the case is now pending in the state courts.

Found Guilty of Blacklathing

A great fire occurred at the Public Service Building in Chicago, and the Federal Reserve Bank was destroyed. The fire was caused by an explosion, and the loss is estimated at $25,000. The cause of the explosion is still under investigation.

A WINGING IT AWAY

A fire broke out at the Western Union Telegraph Company's offices in New York City, and the building was completely destroyed. The cause of the fire is still under investigation. The building was occupied by several companies, including the Western Union Telegraph Company.

A WARNING

Many of the banks in the state are not prepared for the coming monetary crisis, and the state must be prepared to take action to prevent a panic. The state must also be prepared to take action to prevent a panic in the event of a failure of the federal government.

A TAILORING

A fire broke out at the Union Station in Chicago, and the damage is estimated at $100,000. The cause of the fire is still under investigation. The Union Station is a important building, and the loss is a great blow to the city.
