Do We Want Progress by Catastrophe and Bloodshed Or by Common Sense?

By Frederick Hecht.

Comment on Passing Events by Frederick Hecht.

"I am a social democrat, Mr. Taft. But are you a Mason?"

"Oh, yes, sir. I am a Mason, of course."

"Well, I must say that is a relief, Mr. Taft. I was afraid you might be a socialist."
The Common Good

As "Anodorfor"ed". Adaptation of Robert B. Yeates's Famous "Men of Europe" (Continued from last week)

The common good is an idea that has been advocated by many philosophers and political thinkers. It refers to the collective well-being of a society or community. The idea is that each individual should act in a way that promotes the common well-being rather than just their own personal gain.

The article mentions that the common good is the ideal of democracy and is the basis for a just society. It argues that the common good is not just an abstract concept, but something that can be practiced in everyday life. The article also suggests that the common good can be achieved through the cooperation of individuals and communities.

The article concludes by emphasizing the importance of the common good and its role in building a just and compassionate society. It suggests that by working together, individuals can create a world that is truly inclusive and equitable.

Swedish Strike News Suppressed!

Cleveland, Ohio—Again we see the power of communist and socialist organizations to suppress evidence of foreign government-sponsored shop strikes. Here, the workers are being told to forget about the strike in Sweden, which has been settled. The report that the Swedish workers have all made peace with the owners and their employers was returned to print, to show that there are still about 100,000 workers on strike at the establishments controlled by the Employers' Association, and that the workers have agreed to return to work. The workers are being told that the strike is beginning to come to an end from the workers' point of view.

At the Theaters Next Week

DAVIDSON.

The big musical event of the week will be the opening of "Davidson," which will premiere on Broadway Sunday night at the Alhambra theater. Henry Morgan will direct the production.

The company which will be seen in the opening production of the musical comedy is said to be the strongest organization yet seen on stage. Miss Frances Cameron, who is the best singer in the show, has been chosen as a member of the company. She is the only member who has been chosen from outside the city.

KAYA NON LUXE.

-from an influence which is very potent in the minds of audiences, "Kaya Non Luxe" is said to be the most powerful of the musical comedies that have been played in the city in recent years. The opening of the show is set for next week.
