Comment on Passing Events.

By Frederic Heath

"It is well for those who want to make the best of the world, to decide in advance that the world is not making the best of them."

The Day Money's plan of government is perhaps rather a good lesson for the people as a whole, but no one in the hereafter has yet been known to be more than a mediocre success in the "business of life." One of the three most important lessons which the world has to offer us is the "business of life." It is because we are all in the "business of life" that we must all be on our guard. We must all be on our guard because we must all be on our guard for the same reason. We must all be on our guard because we must all be on our guard for the same reason.

Motor Socialists meet for the first time in the history of the Socialist movement. The Socialists of the world are now meeting for the first time in the history of the Socialist movement. This meeting is being held in the Socialists' Hall, and is attended by representatives of the various Socialist societies of the world. The meeting is being held for the purpose of discussing the political problems of the world and of the Socialist movement. Socialists Rescue City From Big Hold-up!

Milwaukee - Alleging that the "Malheur" rebel did not have time to plan a hold-up in the city, a Socialist party candidate for mayor, Mr. T. M. Miller, declared today that he would make the city a Socialist city. Mr. Miller has been a Socialist for many years and has been a Socialist for many years. He has been a Socialist for many years and has been a Socialist for many years. He has been a Socialist for many years and has been a Socialist for many years. He has been a Socialist for many years and has been a Socialist for many years. He has been a Socialist for many years and has been a Socialist for many years. He has been a Socialist for many years and has been a Socialist for many years. He has been a Socialist for many years and has been a Socialist for many years. He has been a Socialist for many years and has been a Socialist for many years. He has been a Socialist for many years and has been a Socialist for many years.

"It is impossible to calculate the number of people who would have been killed in the hold-up," Mr. Miller said. "But I am sure that the number would have been great."

The Socialist party, which has been in existence for many years, has been active in the city for many years. The Social-Democratic and the Supreme Court

By Harvey W. Whitney, Member of the Ohio State Legislature.

Though for the Union, the supreme court has more power, under the new constitution, than that of the old State constitution. All cases which may be decided upon by the supreme court, in which the parties resort to the court for the protection of their rights, are to be decided upon by the supreme court, and can not be tried by juries. On account of the inability of the presidents of the supreme court to render the decisions of the court, and the provisions for professional criticism, as well as the fact that the court of appeals at large is not a court of justice, as the supreme court is, the decision of the supreme court is not a final decision of the case.

The court in the case of the Washington v. the City of Chicago, held that the city of Chicago, in providing a police force, was not properly constituted. The city of Chicago, in providing a police force, was not properly constituted, as it was not constituted as a city, but as a county, and the court held that the police force of the city of Chicago was not properly constituted as a police force.

THE SUPREME COURT

A new and more weighty court, the Supreme Court, was established in the new constitution, which was to consist of nine justices, and was to be elected by the legislature. This court was to have the power to hear and determine all cases that come before it, and was also to have the power to hear and determine all cases that come before it, and was also to have the power to hear and determine all cases that come before it, and was also to have the power to hear and determine all cases that come before it, and was also to have the power to hear and determine all cases
