Comment on Passing Events.
By Frederick Haas

Remember that events are not the result of chance; they are the result of the will of the people. The struggle for freedom is a continuing battle. We must be vigilant and active in our support of the democratic principles upon which our country was founded.

The city council meeting was held last night, and the councilors discussed several important issues. The budget for the coming year was approved, and the councilors also addressed concerns regarding public safety and infrastructure improvements.

In other news, the local high school football team won their first game of the season, defeating their rivals by a score of 32-14. The team's next game is scheduled for this Saturday, and fans are encouraged to come out and support the team.

The weather forecast for the week predicts clear skies and temperatures in the mid-70s. It's a great time to get outside and enjoy the sunshine.

The Milwaukee Symphony Orchestra will be performing a special concert next month, featuring theworks of Beethoven, Mozart, and Chopin. Tickets are available now, and it's sure to be a sold-out event.

In local politics, there are several upcoming elections. Voters are encouraged to register and participate in the democratic process.

Finally, the local community is invited to attend the annual fall festival this weekend. There will be food, music, and activities for all ages. It's a great chance to come together and celebrate the season.

The victory is ours.
By Victor L. Berger

The victory is ours. We have fought long and hard, but finally the battle is won. From the very beginning, the Democrats were set in, and now we stand victorious. Our principles have triumphed over the forces of reaction, and our country is once again at peace.

The battle was intense between the Republicans and the Socialists. And the Republicans had the upper hand. The issue came down to the capacity of the small business community to support the Republicans and the continuing monopoly of the working class and the industrial giant.

But the Republicans have been in power for too long, and it's time for a change. The Socialist party has always stood for the rights of the workers and the poor. We will continue to fight for justice and equality for all.

As a matter of fact, the main characteristic of this campaign was the self-conceit and the complacency of the Republicans. Their leaders were content to sit on the sidelines and watch history unfold. The Socialist party, on the other hand, made a campaign on the basis of the people, and it was the people who decided the outcome.

We were able to win because we were able to mobilize the working class. Our platform spoke directly to their needs, and they responded with enthusiasm. We have proven that it is possible to win with a clear and simple message.

So the Socialist party is on the march, and we will continue to fight for a better world. The battle is not over, but we have taken a giant step forward. We will continue to fight for justice and equality for all.

The Milwaukee Social-Democrats have kept their platform pledges for the benefit of the people—They are proud of the record.

Mayor Berendt of Chicago has re-elected his ticket to serve another term. He has been a strong and competent leader for the city, and the people of Chicago are grateful for his service.

Hot Shots in Milwaukee

When Berger was in Milwaukee, he made a speech to the workers. He spoke about the importance of unity and the need for the workers to stand together.

"We must stand together," he said. "We must stand up to the bosses and demand our rights. We must not be afraid to fight for what we want.

"The bosses will try to divide us, but we must be stronger than they are. We must be united and we will win.

"The Social-Democrats will fight for the rights of the workers. We will fight for a better world. We will fight for justice and equality for all.

The Milwaukee Social-Democrats have kept their platform pledges for the benefit of the people—They are proud of the record.

The news about the new building on the Milwaukee Journal is welcome. The Journal has been a vital force in the city for many years, and its continued existence is essential to the health of the community.

The Journal has announced that it will build a new building to house its operations. The building will be located at the corner of Main and Washington Streets, and it will be complete by the end of the year.

The Journal has already begun work on the building, and the city has offered a tax break to encourage the project. The Journal is grateful for the city's support, and it is committed to providing the city with the best possible newspaper.

After the Journal completes the building, work will begin on the old printing plant. The plant will be converted into a large parking garage, and it will provide much-needed parking for the downtown area.

The Journal is proud to serve the city, and it is committed to providing the best possible service. The Journal is grateful for the support of its readers, and it will continue to provide the city with the best possible newspaper.

Socialism Is the New Patriotism

The Golden Rule

When ordering clothing, make sure it is union made. If it is union made, it will be of the highest quality. The Golden Rule is a simple rule that has been around for a long time. It is a rule that states that you should treat others as you would like to be treated. This rule is simple, but it is very important. It is a rule that has been around for a long time and it is a rule that is still relevant today. The Golden Rule is a simple rule that can be used in many different situations.
Letters on a World-Round Lecture Tour
By Walter Thomas Mill

The socialistic sentiment is the most potent force in the world today. It is the spirit of the times, and the world is being changed by its march. The socialists are not only a political party, but a movement, a world-wide movement, which is sweeping over all countries, and will in the end prevail. They are not interested in votes or money, but in the well-being of mankind. They believe in the necessity of social reform, and they are working for it with all their might.

I like What You People Are Saying About My Store and My Shoes
Every day men and women express surprise, to one, as the values I am giving them for the goods, of even 50 and 100. But when I ask them why they do not take advantage of the values I am offering, they say, "We are too busy, we do not have the time to look for better values." But when I tell them that I have the values, and they can have them if they will take the time to look for them, they are surprised. That is true-cooperation means to co-operate in order to get the best values. I have had many letters from customers who have found that they could save money by shopping around before they buy.

The Cream is Ours
By John Smith

The cream is ours, and we are going to keep it. We have been robbed of our cream, and we are going to get it back. We are not going to let them take it away from us. We are going to fight, and we are going to win.

Socialism in Ireland
The Irish are most backward in applying the benefits of scientific knowledge to their lives. They are still living in the dark ages, and they are not making any progress.

A Rank Court Decision
The Rank Court has decided that the white people should not be allowed to have the same privileges as the colored people.

There Will Be Stirring News From Milwaukee in Next Week's Issue of the Herald

Until you develop your own local press, what can you do for the Socialist party? We can all do something for our party of Socialist, Educational and Propaganda Matter so as to be the Social-Democratic Herald.

Next week you will be reading of what happened in Milwaukee and the Fourth and Fifth Wisconsin congressional districts. The Good Roads movement is taking place in one of our home states of Wisconsin, and we will tell you about it on the coming issues.

**How It Was Done**

Remember that what you have been telling others about above your name is registered for a history, which will give you a full account of the Green Party and its history.

**This Book Was Demanded**

On the last day of the Socialist-Democratic Herald, this book was presented to me. It is a beautifully written and printed book, and I am sure that it will be of great interest to all who are interested in the history of the party. It is a book that should be read by all who are interested in the history of the party, and I am sure that it will be of great interest to all who are interested in the history of the party.

CARY'S MAKE-BELIEVE UNIONISM

A Grand Concert!

It is certainly an inspiring sight to see the barricades guarded with people at the Aquarium instead of by the National Guard. It is a case for the souvenir, and it means a lot for music in Milwaukee and the whole of Wisconsin.

Dressed in white, the audience, who are so well-behaved, look like a mass of humanity. The music is harmonious, the voices are pitched in unison, and the whole effect is very pleasing.

Big Labor Meeting at Auditorium

A labor meeting was held by the Federation of Labor and the Addressing Committee at the Auditorium last Saturday. F. W. Magee, J. Barrett, and J. W. Combs were the principal speakers.

At the close of the meeting a resolution favoring the union of all labor was adopted. This resulted in the formation of the Labor Union, which has already been formed in other cities.

Are the People Prosperous?

Mr. McElroy, a business man from Chicago, was present at the meeting and made a speech advocating the policy of business men. He said:

"The people are not prosperous. They are working harder than ever before, and yet they are no better off than they were five years ago. They are being exploited by the trusts and the monopolies."
**Another Lie Exposed**

Who is Responsible for Higher Taxes?

The story being told by the press is that the reason why our state and local governments are running huge deficits is because the people have voted for tax increases. This is not true.

The reason is that the people have voted for tax decreases. The tax decreases were voted for in order to fund the increased spending.

This is a classic example of how the government can increase its spending without increasing its revenue. This is a classic example of how the government can increase its spending without increasing its revenue.
