A Confession of Their Utter Bankruptcy As Parties

The New York Times has published the following letter from the chairman of the Republican National Committee, Grover Cleveland, to President Taft:

"Dear Mr. Taft:"

"As chairman of the Republican National Committee, I am compelled to express my entire disapproval of the course of action taken by the Republican Party in the recent elections."

"I have been opposed to the nomination of Mr. Bong for Governor of Wisconsin, and I am opposed to the nomination of Mr. Taft for President."

"I believe that the Republican Party is in a state of bankruptcy, and I am convinced that unless immediate steps are taken to correct this condition, the Party will be irreparably damaged."

"I am convinced that the Party must be reorganized and reconstituted, and that a new leader must be chosen to guide it."

"If you will, therefore, consider the matter carefully, and if you will act promptly, we may yet save the Party."

"Sincerely yours,"

"Grover Cleveland"

President Taft immediately replied:

"Dear Mr. Cleveland:"

"I am much obliged for your letter, and I appreciate your concern for the welfare of the Republican Party."

"I am convinced that the Party is in a state of bankruptcy, and I am resolved to do everything in my power to save it."

"I believe that the Party must be reorganized and reconstituted, and that a new leader must be chosen to guide it."

"I have been opposed to the nomination of Mr. Bong for Governor of Wisconsin, and I am opposed to the nomination of Mr. Taft for President."

"I believe that the Party must be reorganized and reconstituted, and that a new leader must be chosen to guide it."

"If you will, therefore, consider the matter carefully, and if you will act promptly, we may yet save the Party."

"Sincerely yours,"

"Theodore Roosevelt"

The political situation in Wisconsin is very critical, and it is certain that a new leader will be needed to guide the Republican Party.

The Wisconsin Republican Party, under the leadership of Governor Bong, has been defeated in the recent elections, and it is clear that a new leader will be needed to guide the Party in the future.

The Wisconsin Democratic Party, under the leadership of Governor Foraker, has been victorious in the recent elections, and it is certain that a new leader will be needed to guide the Party in the future.

The Wisconsin Progressive Party, under the leadership of Governor Baxter, has been victorious in the recent elections, and it is certain that a new leader will be needed to guide the Party in the future.

The Wisconsin Socialist Party, under the leadership of Governor Ryerson, has been victorious in the recent elections, and it is certain that a new leader will be needed to guide the Party in the future.

The Wisconsin Labor Party, under the leadership of Governor Bacon, has been victorious in the recent elections, and it is certain that a new leader will be needed to guide the Party in the future.

The Wisconsin Farmer Party, under the leadership of Governor Foraker, has been victorious in the recent elections, and it is certain that a new leader will be needed to guide the Party in the future.

Newspapers Controlled by the Ruling Class Maintain That Japanese Socialists AreAnarchists—Wholesale Murder of Comrades in the Far East—Royalty Takes a Grave

By Bliss Franklin

The truth is what the newspapers maintain that the Japanese socialists are anarchists and that the wholesale murder of comrades in the Far East is the work of the ruling classes. The truth is that the Japanese press are engaged in a campaign of distortion and propaganda designed to create an atmosphere of fear and hatred among the people of the United States.

The &quot;Three Good Old Blasts&quot;..."
Congestion of Travel & Street Railway Operation

Congestion of travel is the most serious cause of difficulty in operating the cars of a street railway system.

To move the working population of any big city to the business centers in the morning and back to their homes in the evening is an immense everyday task for a traction company.

In Milwaukee this work is more difficult than in most cities of its size, largely because of unavoidable delays at the bridges and railroad crossings.

The narrowness of some streets and the peculiar conditions which practically confine THE MILWAUKEE ELECTRIC RAILWAY & LIGHT COMPANY to the use of a limited number of streets in the operation of all its lines makes these difficulties of a nature that do not exist in most large cities.

The Milwaukee Electric Railway and Light Company

Wisconsin State Organization

The effect of these limitations is most clearly shown in the fact that for a considerable part of the time in the morning and evening rush hours, cars cross at Third Street and Grand Avenue at an average rate of approximately one car every ten seconds, with city cars running into and out of Grand Avenue at one side of the street and industrial cars at the other side.

In 1910, the Company carried, in round numbers, 120,000 passengers on its cars. This is an average, of 370,000 passengers, approximately, for each day of the year.

Of this daily average, of 320,000, the Company carried approximately 130,000 passengers each day in the two rush periods, covering in all about three hours of the twenty-four.

This means an average of over 41,000 passengers per hour, or about 88 passengers per car per hour, assuming that the Company was using every one of the city cars it had at that time and was able to move them through the streets without any intermission of a serious nature.

News of Organized Labor
Conducted by Walter S. Fisher

St. Paul, Minn.—The organization of the main clerks in the northwest city was completed last week with the announcement of a new settlement. An agreement was reached with the manufacturers and the settlement was made by the clerks. The new settlement will be in effect immediately.

Saginaw, Mich.—Organizers of the plant workers at the Ford Motor Company factory here have signed an agreement to cover wages and hours of work for the plant workers. The agreement provides for an increase in wages from $1.25 to $1.50 per hour and for a decrease in the number of hours from 42 to 38 per week.

St. Louis, Mo.—The recent railroad strike in the state has been settled with the agreement of the Western Railway Union and the road operators. The new contract provides for an increase in wages from $1.50 to $1.75 per hour and for a decrease in the number of hours from 38 to 36 per week.

Chicago, Ill.—The recent AME strike has been settled with the agreement of the AME and the road operators. The new contract provides for an increase in wages from $1.50 to $1.75 per hour and for a decrease in the number of hours from 38 to 36 per week.

Chicago, Ill.—The recent railroad strike in the state has been settled with the agreement of the Western Railway Union and the road operators. The new contract provides for an increase in wages from $1.50 to $1.75 per hour and for a decrease in the number of hours from 38 to 36 per week.
