On-to-Washington Edition

But One Among Many

Truly, the Socialist party is a minority con-
gregation. There can be no doubt about it.
While in the extreme minority in Congress, I
am the only one of my party. And I represen-
ting the majority of the people. I feel instinc-
tively that while the majority of the people
are in the Socialist party, they are men who
are fighting against the new forces in the
World. And I feel that the majority is not
only by the people, but by the Socialist
party.

It is this why I sacrifice my election in
favor of the Social Democratic party on April 6.
Concerned, few men have had greater respon-
sibility thrown upon them than has been thrown
upon me. And few men have a smaller opportunity when
compared with the necessity of the task.
If I had to celebrate a poem or not counting the
seasons. The eyes of the entire nation will be upon me.

I am not a Socialist or a laborer, but a citizen.
I am not an internationalist, but a national
American. I am not a proletarian, but a
workingman. I am not a revolutionist, but a
reformer. And in that capacity, I commit
myself to the principles of the Social
Democratic party.

Congressman Berger Begins His Important Work

By Victor L. Berger

The common people are awakening to the
fact that the bastions of the reactionary
establishment are more and more
economic rights. The common people are dis-
covering the wisdom and the power of the
Social Democratic party.

A republic is not a natural, but the common
people, the most progressive and most
rational people, to achieve the general
right of the people to write and read and
write should be realized.

Theodore Roosevelt, in his message to Congress,
said: "The right to vote shall be extended to all
women."

On the other hand, the right to vote for women
has been extended to all men.

The Social Democratic party, in its fight for
the right to vote for women, has been
launched by the Socialist party.

Milwaukee's Lying Journalism Rebuked by Capitalist Paper

The Real Facts

[By John W. Meek]

The Milwaukee Journal has published a
series of articles attacking the Socialist
campaign. These attacks are based on
false statements and misrepresentations.

The Journal states that the Socialist
campaign is a plot against the interests
of the working class. This is a complete
misrepresentation. The Socialist campaign
is a fight for the rights of the working
class.

The Journal also states that the Socialist
campaign is a revolutionary movement.
This is false. The Socialist campaign is
a peaceful and non-violent movement.

The Journal further states that the
Socialist campaign is a threat to public
order. This is a misrepresentation. The
Socialist campaign is a movement for
peace, order, and justice.

The Journal should be ashamed of itself for
publishing such false statements.

Great Scientist Talks Socialism

Alfred Russel Wallace, the famous naturalist, who discovered the Wallace Line and is credited with the theory of natural selection, has recently addressed a gathering on the subject of socialism. He spoke of the need for a new economic system that would distribute wealth more equally among the people. He emphasized the importance of cooperation and community ownership in order to achieve a fairer society.

Wisconsin Socialist Legislators and Their Work

Friday, July 12, 1912

Wisconsin Socialist Legislators and Their Work (From L. Holmes in the Independents.)

There are two hundred thousand Socialist workers and thirty-nine thousand in the同盟hlehere are more men and women and seniors and Socialist women's clubs in the state of Wisconsin than there are in the state of Massachusetts. They are scattered throughout the state in every city and town, and they are working side by side with the farmers of Wisconsin in the struggle for social justice.

Disagreement with the Republican Party

Disagreement with the Republican Party is evident in the state of Wisconsin. The Socialist Party is the only party that has a chance of winning the state of Wisconsin in the election of 1912. The Socialists have always been the leading party in Wisconsin and have been successful in the last four elections. They have had a large following in the state and have been able to carry many of the counties in the state.

The Wisconsin Socialist Legislators "At Home" in Their Barrooms.

Assemblyman Frank Weber, in the course of his speech, said that the Socialists have many ideas that are better than those of the Republicans. He said that the Socialists have the best ideas of all the parties in the state, and that they are the only party that has a chance of winning the state of Wisconsin in the election of 1912.

How to Capitalize Rewards Genius

Forty Dollars A Month Is the Incentive for the Wage-Earner Who Must Be Keenly Aware of Every Opportunity to Show Effort and to Perform Advertorial

By Bates Hood

It is common knowledge that the majority of the citizens of the United States are not in the position to capitalize their rewards. They are content to accept their wages as a fixed income and to rely on the government to provide for their needs. However, it is possible to make the most of one's rewards if one is willing to take the trouble to look for opportunities. If one is willing to work hard and to be resourceful, one can capitalize on one's rewards and enjoy a better standard of living.

The The Allied LABEL

Read the advertisement over again and study it carefully, and don't let the reader who is about to subscribe to your magazine know what his prospects are and what your prospects are. Don't show him how to divide the work, and don't show him how to divide the labor. Leave him to work it out for himself. Leave him to work it out for himself.

Union Labor and Political Parties

By August Engel, D/D, great Socialist.

The trade union movement is making great strides in the United States. It is becoming more and more popular, and the number of members is increasing daily. The trade union movement is working for the benefit of the workers, and it is doing a good deal of good. It is doing a great deal of good.

Comrades!  Friends!!  Sympathizers!!!

WAKE UP!

10,000 × $10 = $100,000

What's an easy example isn't it? And it will be just as easy to get the amount required to start our daily Socialist Paper. In order to start this daily paper we are going to sell 1,000 bonds (secured by mortgage) at $10 each. That's easy isn't it?

Remember, this is not a donation—this is an investment—and a good investment at that. These bonds bear interest at the rate of four (4) per cent. per year.

If you had a friend who asked you for $10.00 as a loan and you knew he needed the money, wouldn't you loan it to him? Sure you would! The Socialist movement is your best friend, and when you are asked to help this cause will you refuse? You surely won't. Especially when you get interest on the loan! You know, and so do the others know that this city is in dire need of a Socialist daily paper to refute the false representations of the daily press. Think of how dandy it would be if we had a Socialist Daily to champion our cause instead of you having to answer verbally—reall as it were—all the lies which the capitalists papers are grinding out wholesale.

And all this can be done if you and 0,000 other comrades and sympathizers will give one grand boost, 10,000 acting at one time—whe—wouldn't that be a sight—and then—Presto! the daily appears. Easy, isn't it? Surely! Now don't think there are enough others to help without you—you must help—you are the one.

William Morris—A Memory
By E. W. Lightner
(From the Herald)

William Morris has died. The great, rambling house, Trimble’s, the kind of place where the days are long and the nights are short, has lost one of its most cherished secrets. The house is silent now, and the only sound is the occasional creaking of an old floorboard. The years seem to have broken through the walls, and the spirit of the man who created Trimble’s is gone. The light that once shone through his eyes is gone, and the laughter that filled the room is silent. The legacy of William Morris will live on, however, in the memories of those who knew him. He was a man of many talents, and his contributions to the world will not be forgotten. William Morris will be missed, but his spirit will continue to inspire others for many years to come.

Shall We Sustain the Enemy?

The press is a mighty power. It has the ability to shape opinion and influence the course of events. It can create a movement or stifle one. It can bring about change or maintain the status quo. The press is a powerful tool that can be used for good or evil. It is up to each individual to determine how they use it. Shall we sustain the enemy by giving them the power to shape our world? Or shall we use our press to fight for freedom and justice? The choice is ours, and the consequences of our actions will be felt for generations to come.

That the Milwaukee newspapers are the ENEMY of the city, and the Sentinel in particular, may be generally agreed. There are

dbate in the city's interests the past few months. Those newspapers have

served the lowest depth of censuring, and in the past few months have been

used as a tool to further the interests of other newspapers. There are

two main reasons for this: the Sentinel and other newspapers have

a) They were the most vocal in their opposition to the city's plans.

b) They were the most vocal in their support of the city's opponents.

**DISAPPOINTMENT AFTER YEAR WITH THE SOCIALISTS**

In Milwaukee, the socialists have not lived up to expectations. They have

failed to bring about the desired changes in the city. The socialist

philosophy of cooperation and self-government has not been

successful. The city's problems remain unsolved.
