AS TO THE "MILITIA OF CHRIST"

The Militia of Christ is not a new movement. It has never been under the name of Saint Hermann in Spain or in the United States. The name of this organization is derived from the name of the First Militia of Christ. The business of the First Militia of Christ was to establish a new society of religious and to organized the work in the various states of the United States, according to the laws of Saint Hermann in Spain.

RUSSELL'S BEST WORK

The greatest American in English letters, whose work is not yet fully appreciated by the public, is George M. Russell, whose "Menace of Socialism," composed by Father Gongora, in one Saturday afternoon.

"The COMING NATION" is a hand-picked volume, which makes a fine introduction to the socialistic cause. It contains selections from the work of the best living American writers, and is a price that will make it worth any American to have a copy.

History, Logic and Laughter
Three New Pamphlets You Should Have
Care, Read and Send the Authors
By A. W. Moses

"You can't get all the corn on the cob at once," is a saying current among devotees of the current corn crops in the South, which will ripen in a few weeks. You can't get all the good education and good ideas at once. You may get a little of the corn this year and a little of the corn next year. But you may get all the good ideas, if you accept them whenever and wherever they come from the authors who are writing them.

While this is true, I will make one reservation as a writer of children's books. It is that the three pamphlets we have collected here are devoted to the "best of the best" in history, logic and laughter.

Our Proposition to You
Send us at once for the three following pamphlets: "History," "Logic," and "Laughter," and you will have your own private collection of choice reading material. Each pamphlet is written by a noted author and is guaranteed to give you hours of enjoyment. Each pamphlet is only one penny, and if you send your money and the list of the pamphlets you want, you will receive them in one year at your nearest post office.

Subject Matter of the Pamphlets
"United States Constitution and Constitution Day," is the title of the first pamphlet. It is a simplified history of the United States, written for children. It is an excellent introduction to the study of United States history and the constitution. It is written by a noted historian and is written in easy-to-understand language.

"Logic," is the subject matter of the second pamphlet. It is a collection of logical arguments and syllogisms, written by a noted logician. It is an excellent introduction to the study of logic and reasoning.

"Laughter," is the subject matter of the third pamphlet. It is a collection of humorous stories and jokes, written by a noted humorist. It is an excellent introduction to the study of humor and the art of telling jokes.

CAPITALISTS—true, you are the founders of our religion, but we control the masses now.

The "Moral" of Capitalism's 400

The Bill of Rights in the Constitution of the United States is 400 words long. It is the Bill of Rights that gives us the freedom to worship or not, to speak or not. It is the Bill of Rights that gives us the right to education, to the press, to the right to bear arms.

Congress vs. Supreme Court

"Congress is supreme," says the Constitution. "No legislation of Congress shall be effective unless it is passed by a two-thirds vote of each House, and ratified by the States." But the courts have declared that Congress is not supreme. The courts have declared that Congress is subject to the Constitution. The courts have declared that the Constitution is supreme.

Effective Work in Con-necticut

"The will of the people," says the Constitution. "The people shall be supreme." But the courts have declared that the will of the people is not supreme. The courts have declared that the Constitution is supreme. The courts have declared that the Constitution is supreme.

Washington Letter

"The President," says the Constitution. "The President shall be from time to time, a report of the State of the Union, and recommend such measures as he shall judge necessary and expedient." But the courts have declared that the President is not supreme. The courts have declared that the Constitution is supreme. The courts have declared that the Constitution is supreme.

Elected Socialists Now in Conference in Milwaukee

Comrades, Everywhere, Greetings.

When you are reading this edition of the Herald, hundreds of Socialists from all parts of the country are in conference in the main auditorium in Brisbane Hall. Can you estimate the meaning of this meeting? Can you contemplate this unique gathering without feeling a thrill of joy and hope for the future?

This conference, of elected Socialists, is the first fruits of the long years of faithful work on the part of the pioneers of the Socialist movement.

The Socialist movement is growing everywhere with leaps and bounds. It will grow YOUR commodity if YOU will pay a little attention to it. It will grow if you will support the election of Socialists. It will grow if you will support the organization of the Socialist party.

The best thought seed is good Socialist literature.

Next week's edition of the Social-Democratic Herald will be largely devoted to giving information about the conference of elected Socialists now going on.

What can you get in the nature of propaganda literature which is so likely to have the desired result on the minds of those you wish to reach? What can do the best to spread the Social Democratic movement? What can do the best to spread the Socialist movement?

Order your copy of the Social Democratic Herald on free distribution to your community.

Washington Editor—eight pages, $1.00 per hundred, $7.50 per thousand.
National Edition—four pages, 75c per hundred, $5.00 per thousand.

Oiled Streets

When this present season of roadbuilding is ended, I am sure that John A. Hunsley of this city will find himself a rich beneficiary. This is going to be the biggest business the county ever had for. Hunsley says that he will carry on this business for many years. He will have his winter quarters in the state capital, where he plans to keep a store, and his spring quarters in Milwaukee. The city is one weather-driven phenomenon, and will be the most popular place for Hunsley to operate in the state. He was Hunsley who started the business of oiling streets in Milwaukee years ago. He says that he will be able to sell his oil at a profitable price, and that he will be able to make a large profit on his business. Hunsley plans to carry on this business for many years, and he will be able to make a large profit on his business.

To Sr. Louis the appraiser brought a weekly workmanwoman does and the property owner should not be surprised. Of course his house was assessed. He was a citizen and his property was taxable. Of course, if he had not paid his taxes for the past few years, he would have been in trouble. His house was assessed, but he was not surprised. He knew the property was taxable and his taxes should be paid.

The assessment roll is an important document. It shows the value of property in the city. The value is determined by the assessor, who is a public official. The roll is kept by the city clerk, who is a public official as well. The roll is used to determine the amount of taxes to be paid by each property owner.
