Let Us Milwaukeeize the Country

The city went forth by a large portion of the people in the November election. Let us Milwaukeeize our home city.

Twenty cities in various parts of the country headed the list. Milwaukee was the fourth in the state of New York, in Utah, in Oklahoma, in Minnesota, in Missouri. The vote was in favor of the Democratic ticket.

The country is moving with Socialist strength. The bourgeois wisdom of "non-partisan" glaring is losing its meaning.

It is rather remarkable that at the primary election in Los Angeles Comrade John Harriman received nearly one-third of the vote for the candidate of the "Socialist Republican"—a non-socialist non-political organization—which owes Republican Democracy and reforms the Hearst and Pulitzer armies under the leadership of the American Independent Union.

The chances for the election of Comrade Harriman are very good—although we are informed that reformers from every part of the country are going in for Leuns and are working hard for the success of his campaign.

Great Victory in Germany

President Wilson has ordered the seizure of Danzig.

BERLIN, Germany, November 15—The great German revolution has today taken place. Germany has seized Danzig and has set the seal on American independence.

The President will now issue an ultimatum demanding the withdrawal of American forces from Danzig. The German ultimatum will be the beginning of war.

The Right of Property

Regulations are in the interest of the public, but it is not in the interest of the country. The people who have the right of private property should be regulated by the government.

The Government are not interested in the public welfare. They are interested in the private welfare of the people who have the right of private property. It is the duty of the government to regulate the people who have the right of private property.

The Right of Property

Regulation is not in the interest of the public. The people who have the right of private property should be regulated by the government.

The people who have the right of private property should not be regulated by the government. They should be regulated by themselves, by the people who have the right of private property.

A Wonderful Vote in St. Louis

Socialists Take Second Place in Fourth City's Special Election

Draft Bond Issue—Other Election News

This has been the most important election in the city. The Socialists in the primary election in St. Louis took the second place in the city. It has been the most important election in the city. The Socialists in the primary election in St. Louis took the second place in the city.

Comment on Passing Events

By Fred B. Freese

A wonderful vote has just been cast in St. Louis by the Socialists. The Socialists have taken the second place in the city. It has been the most important election in the city. The Socialists in the primary election in St. Louis took the second place in the city.

What Comrades Berger and Nye Say in Regard to the Milwaukee Leader—Features—Near the Finish

Comrade Berger of the stockholder's meeting of the Social Democratic Publishing Company, last Monday morning, stated that the Milwaukee Leader is the greatest Socialist newspaper in America. The leader is now in its eighteenth year, and it has been published every week, without a break, at the rate of six thousand dollars. The leader is now in its eighth year, and it has been published every week, without a break, at the rate of six thousand dollars.

Gordon Yew, who has been chosen managing editor of the Leader, last Monday morning, declared that the Leader was the greatest Socialist newspaper in America. It is now in its eighteenth year, and it has been published every week, without a break, at the rate of six thousand dollars. The leader is now in its eighth year, and it has been published every week, without a break, at the rate of six thousand dollars.

The Milwaukee Leader will be a leading Socialist newspaper in the English language. Here are the facts: The leader has been published every week, without a break, at the rate of six thousand dollars. The leader is now in its eighteenth year, and it has been published every week, without a break, at the rate of six thousand dollars.

Subscription for Bonds

Why We Honestly Fear Socialism

A great many people in this country who do not belong to any political party believe in socialism. They have their doubts about it, but they are not sure that it is a good thing. Yet they are not afraid of it, either. They are not afraid of anything, even though they are afraid of it.

The only reason why they are not afraid of it is that they do not understand it. They know that socialism is a system of government that would change the way we live and work, but they do not know what it would change it into. They think that it would be better than our present system, but they do not know why.

The reason why we honestly fear socialism is that it would change the way we live and work in a way that we do not understand. We do not know what it would change it into, and we do not know whether it would be better than our present system.

The only reason why we are afraid of socialism is that we do not understand it. We do not know what it would change it into, and we do not know whether it would be better than our present system.

A Hive of Labor Union and Socialist Activity

Brisbane Hall the Mecca of Socialists and Progressive Union Labor of America—A Daily Paper Will Soon Be Added to the Melbourne Flow. Shares of the $40,000,000 in Stock Sold A Good Investment

Every morning, for three days, a crowd of people gath- ers around Brisbane Hall, the home of the Socialist and Progressive Union Labor of America. The building is filled with people who are eager to hear the speeches of the leaders of the movement. They want to know what socialism will be like when they are old, and they want to know what it will be like when they are young.

The leaders of the movement are all young men, and they arefull of ideas. They believe that socialism will bring about a new world, in which everyone will have an equal share of the wealth, and everyone will have the chance to live as they choose. They believe that socialism will bring about a world in which there will be no more poverty, no more inequality, and no more war.

The Above is Puck's Humorous View of the Taft Plan to Divide Up the Trusts. The Cartoon Has Attracted a Good Deal of Attention

As Seen by a Traveling Agitator

By Silas Hood

[Special Correspondence to the Social-Democratic Herald]

Socialism

W. E. Hodge was a worker in the steel mill of the Bethlehem Steel Company, which is one of the largest steel mills in the United States. He had been working there for fifteen years, and had become quite familiar with the conditions of the workers in the mill. Mr. Hodge felt very strongly about the exploitation of the workers, and was an active member of the International Socialistic Federation, which was made up of socialist groups from all over the United States.

Socialism is a system of economic and political organization in which the state owns and controls the means of production and distribution. It aims to eliminate private property and class distinctions, and to create a society in which all members of the community participate equally in the production and distribution of wealth. Socialism seeks to achieve this goal by means of a plan of economic development in which the state plans and directs the economy, rather than allowing it to be controlled by the market forces of supply and demand.

In the United States, socialism has been largely associated with the labor movement and with the idea of a workers' state. However, the concept of socialism has been adapted to different political and economic contexts around the world, and has been adapted to different cultural contexts as well. In some countries, socialism has been associated with a state-controlled economy, with a strong emphasis on social welfare programs and public ownership of key industries. In other countries, socialism has been associated with a more moderate and market-oriented approach to economic development, with a focus on social equity and redistribution of wealth.
Paving Repairs and New Paving

The franchise of THE MILWAUKEE ELECTRIC RAILWAY AND LIGHT COMPANY that provides the company will keep the paving in repair between and for one foot adjoining its tracks.

This requirement has been fulfilled, not because it was considered just, but because it is part of the contract with the city.

The company has spent, in the last eleven years, the sum of $898,607,327 in paving repairs with connection with its tracks.

An electric car, passing along the street on its own rails, does not much traverse the traffic. It causes no wear on the paving in any way. If no other vehicles used the street, street paving, once laid, would last indefinitely.

It is unjust to require a street railway company to pay even the cost of repairs made necessary entirely by other traffic.

The franchise, in definite terms, limits the company's obligation to keeping its portion of existing street paving in repair, leaving all new paving, including that between the company's tracks, to be paid for by the city.

Some of the city officials of the present administration have undertaken, recently, to compel the Company to pay for new paving, mainly by using the word "repair" in describing the work to be done.

This is not only unjust; it is contrary to the conditions of the contract with the city. The mere wording of a resolution, which directs the Company to "repair" certain paving by laying an entirely new pavement of a different and more costly material, cannot alter the character of the work to be done. In such case the paving is new, not a repair, and should not be paid for by the Company.

Any burden of unjust expense imposed upon the company is an injustice to the Public as well as the Company. Whatever money the Company is obliged to pay for new paving leaves just as much less for the operation of the street railway system in the best interest of the Public. If the Company is obliged to pay for new paving, in addition to repairs, that also would have to come out of the service.

The Milwaukee Electric Railway and Light Company

Wisconsin State Organization

It was stated that the 'pay as you go' system is not a sufficient answer to the question of the time and expenditures for the improvement of the state.

The organization was established in 1876 and is still in operation.

A NEW DEPARTURE

A great event is about to happen in Milwaukee! An event which will have a far-reaching influence all over the country. The Milwaukee Socialists are about to start a daily paper. And this Socialist daily (The Milwaukee Leader) will at last give the working people a square deal. It will print the truth which the workingman wants to read. It will secure through its news agencies and reporters just the news which the capitalist dailies are suppressing because they are afraid of angering the interests, the big capitalists and the corporations.

It will be a live daily in every sense of the word. It will have every department which you find in the other dailies—markets, sporting page, a women’s page, entertainment, etc., with results cannot afford to miss, and something for the little folks. You can assure your neighbors that they can well afford to drop the capitalist daily which they are now taking and subscribe instead for the Milwaukee Leader. They will get a first-class metropolitan newspaper with nothing left out. Push the circulation of The Milwaukee Leader! Push it now! The success of The Leader will depend upon the number of subscribers with which it starts. Do your share.

Subscription Price by mail to all parts of the Country, 12 months $3, 6 months $1.50, 4 months $1, 3 months 75c

Why the Capitalist Press Does Not Print All the Truth

Why Writers Lose Jobs

Milkweep Newspaper Man Startles Milwaukee Workers With.. "Blunt Truth"

Once a year the reporters, editors and others of the Milwaukee Express Live Workshops and their associates in various sections of the state and other states, will have a banquet at the Hotel Congress, Tuesday evening, October 22nd. The banquet will be on the occasion of the one-year anniversary of the establishment of the workshop. The banquet will be held in the ballroom of the Hotel Congress.

Why Writers Lose Jobs

Milwaukee, Wis., May 12—The Milwaukee Leader, the first Socialist newspaper of this city, has just been published. It is a weekly and will be issued every Saturday. The paper is printed on high-grade paper and is bound in a blue cloth cover.

The Leader is a big paper, with a large and varied staff of writers and editors. It covers all the local and national news, and is published in a style that is both interesting and informative.

The paper is printed by the Milwaukee Printing Company, and is distributed throughout the city by hand billers. It is sold for five cents per copy.

The Leader is edited by W. L. McDonald, former editor of the Milwaukee Sentinel. He has been associated with the Sentinel for many years and is well known to the readers of that paper.

The Sentinel will be maintained in its present form, but will change its name to the Milwaukee Leader. The Sentinel will be published every Saturday, and will be sold for the same price as the Milwaukee Leader.

The Sentinel will be published by the Sentinel Company, and will be sold throughout the city by hand billers.

The Sentinel will be printed by the Sentinel Printing Company, and will be printed on high-grade paper.

The Sentinel will be distributed throughout the city by hand billers, and will be sold for five cents per copy.

Two Men Have a Talk

"Do you know any good reasons why we should have a newspaper?" asked Fred.

"Yes," said Bill, "I know of one good reason. It is because we want to know about the news."
Fighting For Better City Health

Social-Democrats Put Sixteen More Men On Sanitation Inspectors—Part of Socialist Program Which All Citizens Will Approve

There is no better way to improve the health of a city than by establishing a strong sanitary inspection department. The working class particularly needs such departments, as they are the ones most likely to suffer from unsanitary conditions.

The American Medical Association has for a long time been urging the establishment of a sanitary department in every city. They believe that the work of inspection should be handled by trained and well-qualified inspectors, who are specifically trained in sanitary science.

Prevention of Bad Sanitation: The prevention of bad sanitation is the first step in the work of the sanitary department. By enforcing laws and regulations, the inspectors can prevent the spread of disease and protect the health of the community.

The work of the inspectors is not only important, but it is also a responsibility that the community needs to carry out. If we want to have a healthy city, we need to have a strong sanitary department that can enforce the laws and regulations that protect the health of the community.

Why the Capitalist Press Does Not Print All the Truth

Some Things You Should Know About Newspaper

This paper will tell you some things you ought to know about how your newspaper are edited and controlled. Many of the articles that the capitalist papers in Milwaukee are the same as the capitalist papers of the entire country. They are no longer holders of the truth. The capitalist-class newspaper is controlled and directed by the capitalist-class newspaper in Milwaukee. The Milwaukee Leader will be published to tell the news truthfully. It will tell facts about the privilege corporation, the street railway and the railroad through the coal yards, the anti-black laborer, the tax collector, the big business banker and the whole truth about how the common people are worked on and swindled and getting along by installment plans and high prices. The Editor of the Milwaukee Socialist administration demands beyond a shadow of doubt that the people of Milwaukee will know the truth about what the Socialist administration has accomplished in this big city.

We want the whole truth.

One day I sat with the best writers in the country. One day I sat with the men who have been asked to prepare foreign journals for the government. One day I sat with the men who are preparing the government's foreign journals. One day I sat with the best writers in the country. One day I sat with the men who have been asked to prepare foreign journals for the government.

Assets Which Would Be Worth a Fortune to a Capitalist Entrepreneur Are At Our Disposal Without a Cost

We want the whole truth.

Notice to Herald Readers

Wanted—The address of the Herald readers in the central part of the city you live in. Also the names and addresses of other news agents who do not read the Herald. If you will send us these addresses we will defray the cost and pay to The Milwaukee Leader at with the proportionate amount upon its circulation.

We want the whole truth.

Fighting For Better City Health

Social-Democrats Put Sixteen More Men On Sanitary Inspection—Part of Socialist Program Which All Citizens Will Approve

The low condition of the health department in Milwaukee has long been a matter of concern to the Social-Democratic party. It was a factor in the failure of the health department to meet the demand for hospital buildings. The Social-Democratic party is now putting sixteen more men on the sanitary inspection force, and these men will be doing valuable work in the interest of the city.

The men will be working under the direction of the city health commissioner, and they will be responsible for the enforcement of health laws. The Social-Democratic party regards this move as a step in the right direction, and it is confident that the new inspection force will do much to improve the health of the city.

By investing your savings in Certificates of Deposit you secure for yourself many distinct advantages.

You can find out all about these advantages by making an inquiry at Window No. 1 of this Bank.
