GROWTH OF SOCIALISM IN ENGLAND—"GOVERNMENT BY LORDS" GIVES WAY FOR DEMOCRACY

[Article content]
Pharaoh's Method the Most Humane

Is it not lawful for me to do what I will with my own body? Why should I not enjoy the favors of the women of my household? Why is it that I am not allowed to take any other woman as my wife besides the wife of my father? Why is it that I am not allowed to marry my sister or any other relative of my own?... The recent discovery of the ancient Egyptian mummies has revealed to us the methods used by the Pharaohs to increase their fertility. It was found that the queen would be taken to the queen's chamber while she was in labor, and that her breasts would be touched by the hand of the nurse. This practice was believed to increase the chances of a successful delivery. The Pharaohs believed that the touch of the hand of the nurse would cure any ailment, and that the queen's body would be strengthened by the touch of the hand. This practice continued for many years, and it is believed that it was responsible for the high rate of fertility among the Pharaohs.

Socialism's Spread in the Colleges

Socialism has made great strides in the colleges of the United States. It has been estimated that 10 percent of the students are Socialists. The STL is one of the largest organizations in the country, with a membership of over 20,000. The STL is made up of students from all walks of life, and it is dedicated to the ideals of Socialism. The STL has been at the forefront of the struggle for Socialism in the United States, and it has been successful in spreading its message to the masses. The STL is committed to the ideals of Socialism, and it is dedicated to the struggle for a better world.

Profession—and Performance!

"Economy in purchasing city supplies can be attained only through free and open competition. That is the city's advertising for bids for all purchases exceeding $25. But the city administration is not acting in the interest of the city by purchasing only when there is no competition."

"The city is purchasing city supplies by itself, and the city is purchasing only when there is no competition. That is the city's advertising for bids for all purchases exceeding $25. But the city administration is not acting in the interest of the city by purchasing only when there is no competition.

More Court Tampering

As announced in the Leader of July 19. The Board of Directors of the Milwaukee Bar Association has voted to ordain that no officer of the Milwaukee Bar Association shall be a member of any court for the purpose of acting as a judge or other officer of such court.

St. Peter at the Gate

By KEVIN O. HOWE

"St. Peter!" called St. Peter. "Is there any way through the crowd?"

"I've got a little way," said St. Peter. "But if you want to go through, you've got to give me something."

"Oh, sure!" replied the man. "I've got a little change in my pocket."

"Well, then," said St. Peter, "get in line and wait your turn."

The man waited and finally made his way through the crowd. He thanked St. Peter and continued on his way.

Neglected Social Duty, Says Shaw

Bernard Shaw has no illusions about the world. He knows that his work can bring about great changes. He believes that his plays and his writings can help to bring about a better world.

"If we are going to improve the conditions of the working class, we must first improve the conditions of the middle class," he said. "The middle class is the backbone of society. If we can help them, we can help everyone."
