BERGER HAS WONDERFUL RECORD IN NATION'S CONGRESS

BY LOUIS KOPPEL

A speaker at a recent meeting of the 1912 Social Democratic convention in Chicago, I asked the question: "What has Berger done for the working class of the United States?"

"Not much," was the reply.

"What has he done?"

"He has made friends with the capitalists."

"What has he done?"

"He has helped the capitalists."

"What has he done?"

"He has sold his soul to the capitalist class."

"What has he done?"

"He has betrayed the working class."

"What has he done?"

"He has been a traitor to his class."

"What has he done?"

"He has been a disgrace to his party and his country."

Debs' Masterful Appeal for a Thoughtful Ballot

The People Get What They Vote For!

By JOHN M. RUSK

The people get what they vote for, and they vote what they get. If you want to have bread to eat, you must plant the seed which will produce it. If you want justice, you must work for it; if you want peace, you must fight for it; if you want this country to lead the world, you must organize and elect men who will lead. The people get what they vote for. They do all these things because they have the right to vote, and they know they have the right to vote.

Debs' Masterful Appeal for a Thoughtful Ballot

Liberty, diameter, and vote, examined by human beings or elected by human beings, will be the result of the ballot. The ballot is a tool of the people, and it is used to elect rulers, who in turn use it to govern the people.

Debs' Masterful Appeal for a Thoughtful Ballot

The victims awaken

The victims of the world are awakening to the fact that the ballot is their tool, and they will use it to elect men who will lead them to freedom and justice. They will no longer be content to vote for the candidates who promise them what they do not deserve.

Debs' Masterful Appeal for a Thoughtful Ballot

Progressives for War

We are Progressives for War, and we will fight for peace. We will not be satisfied until the world is at peace, and we will work for peace until the world is at peace. We will not be satisfied until the world is at peace, and we will work for peace until the world is at peace.
