The Thing That Has Just Happened in Gary!

In the Chicago Tribune, April 21, an editorial was printed protesting the refusal of the Catholic Church to recognize the Negro. The editorial states: "The Church is under the obligation to recognize the Negro as a human being and to accord him the same rights and privileges as any other citizen of the United States."

The newspaper also quotes the words of Father John J. O'Keeffe, a priest in Gary, who said: "We are living in a time of progress, and the Catholic Church must keep pace with the times. The Negro is a human being and should be treated as such."

Government should have the power to regulate the
conditions of labor.

OR OUR YOUNG FOLKS

24

The story of the young man who was killed in the service of his country is one that should never be forgotten. The young man was a brave and loyal soldier, and his death was a sad and tragic loss to his family and to his country.

The young man was born in a small town, and his family was not wealthy. But he was determined to serve his country, and he joined the army as soon as he was old enough.

The young man fought bravely in many battles, and he was always willing to risk his life for his country. He was a popular soldier, and his comrades respected him highly.

The young man was killed in action, and his body was brought home to his family. His funeral was a somber and touching event, and his family mourned him deeply.

The young man's sacrifice is a reminder of the importance of service to one's country. We should always remember the brave men and women who have given their lives for their country, and we should always honor them for their sacrifice.
