CARDINAL GIBBONS FIGHTING SOCIALISM — By Paul Seide

According to Mr. Seide the anti-socialist campaign has resulted in the"selling" of over $30,000,000 worth of bonds in one year. Mr. Seide maintains that the bonds sold were purchased by mistaken people who were not aware of the true nature of socialism. He states that the campaign has been successful in misleading the public and that the bonds were sold without the knowledge of the people who bought them.

IT HAPPENED IN MILWAUKEE

A Bitter Pill for Patriots.

John N. Tillman, who was a prominent Republican in Milwaukee, recently revealed that the American Telephone and Telegraph Company, which is a division of the giant AT&T, had interfered with his ability to communicate with his political contacts.

Tillman claimed that he was placed on a "no-call" list by the company, preventing him from accessing the telephone service.

He also alleged that the company had threatened to cut off his lines if he did not agree to cease all political activity.

The company denied any involvement in the matter, stating that they were simply following standard procedures to protect their business interests.

When asked about the situation, the company representative said, "We are committed to upholding the privacy of our customers. We do not interfere with the political activities of our clients."

City Attorney's Argument.

In response to Tillman's claims, the City Attorney stated, "We are investigating the matter thoroughly. We will take appropriate action if there is any violation of the law."

The case is expected to go to trial in the next few weeks.

Save the Bill.

MADISON - April 28--In his statement before the senate committee, the senator from Milwaukee, Mr. Brown, was emphatic in his defense of the bill which would allow the city to own and maintain its own public telephone system.

Mr. Brown stated that the city is in a position to make a profit on the service, and that it would be a civic duty for the city to provide the service to its citizens.

The bill has been in the legislature for several years, but has never been passed. Mr. Brown believes that this time it will be successful.

The senator also spoke of the importance of the bill in the context of national politics. He said, "This is a demonstration of the strength of the local democracy in America."

Socialism Moves Up.

The Socialist party has made great strides in recent years, and has begun to challenge the traditional parties in some of the major cities.

In Milwaukee, the Socialist party is making its presence felt, with candidates running in several local elections.

The party is focused on issues such as workers' rights, social justice, and economic equality.

The party's slogan is "Workers of the World, Unite!" and they are dedicated to the idea of a classless society where everyone is equal.

Socialism continues to grow in popularity, and it is expected that its influence will only increase in the coming years.

About the Kerri Company.

One L. W. Winger, a former employee of the company, has testified in support of the plaintiffs.

Mr. Winger stated, "I was fired because I was a union organizer. It was a clear violation of my rights."

The Kerri Company has vowed to continue fighting the lawsuit, stating that they are not guilty of any wrongdoing.
HERE ARE THE FACTS ABOUT WEST VIRGINIA'S SHAME

It is one of their economic grievances that the coal companies, with the blessing and support of the State, have pushed up to the skies the wages of the miners. The wages at the time of the present strike was $1.50 per shift, with regard to the companies. The present strike was the result of the companies’ failure to meet the demands of the miners for a higher wage. The miners were willing to accept a wage of $2 per shift, but the companies refused to meet this demand. PARIS, France — The government of the United States has taken steps to suppress the strike in West Virginia. The strike was called by the United Mine Workers of America, demanding an increase in wages and better working conditions.

WEEKLY CHAT

A recent reader commenting on our recent column on the Young Socialist League mentioned the need for our organization to be more active in the community. This is a sentiment shared by many of our members, and it is something that we are working towards.

The Young Socialist League is an organization of young people who are committed to social justice and the fight against capitalism. We believe that the young should be involved in the struggle for a better world, and we are working to make that happen.

We have been active in a number of community events, including a protest against the war in Iraq, a march for workers’ rights, and a rally for immigrant rights. We have also been involved in efforts to organize and mobilize young people to vote in upcoming elections.

We are always looking for new members, and we welcome anyone who is interested in becoming part of our movement. If you are interested in learning more about the Young Socialist League, please contact us at the address below.

JULY AND HIS FATHER DISCUSS THE INCENTIVE

By B. A. Bancroft

"Dad," said Bill Jones, "what do you mean by incentive?" The son looked at his father with a puzzled expression.

"Incentive," replied the elder Jones, "is the act of giving an inducement to do something. It's a way of encouraging people to do what you want them to do." Bill thought about this for a moment.

"Well, Dad," he said, "how would you like it if I did your chores without being asked?" Mr. Jones smiled.

"That would be a real incentive," he said.

"And what if I got a "job" for doing them?" asked Bill.

"That, too," replied Mr. Jones.

"Well, then, I'll do them," said Bill.

"Excellent," said Mr. Jones, "now let's talk about how we can make your work easier."
