THE MEANING OF SOCIALISM—AS SUMMED UP BY VICTOR L. BERGER

Socialism is generally defined as the "collective ownership and management of the means of production and distribution." This definition explains less than most, because it misses the basis of socialists as an organized bloc or philosophy. Socialism is the name of a phase of civilization and the possession of a civilization and the name of the civilization we have now. It is the name of a state of society where there is no private property and the means of production and distribution will be owned and controlled by the community as a whole. This definition leaves a few who feel that socialism is the name of the phase of civilization which is to be created by man, but that individual ownership of the means of production and distribution will be maintained. PRICKING ANARCHIST WINDBAGS

The name of one of the leading anarchists, who was recently arrested, appeared in the Social Democratic Herald under the heading "Archbishop's Attack on Women — A View From Dark Ages." The archbishop was quoted as saying:"The Women's Movement in its present form is a great menace to society." The article went on to say:"The archbishop is right in his views about the danger of the movement. Women are not capable of understanding the principles upon which society is founded. They are too emotional and too sensitive to be able to make a contribution to the progress of the world." The article concluded:"It is important that the archbishop's words be taken seriously and that steps be taken to prevent the spread of the Women's Movement."

A Weekly Story.

The Beauty Pits.

By Samuel S. Whitehead.

Mr. Whitehead will be glad to receive any young lady he may think would make an acceptable subject for his weekly story.

The Beauty Pits, at the Hotel Georgian, are open on Monday nights. The tickets are not expensive. A lady may enter for one or three quarters of an hour at a time. The admission charge is ten cents a night.

The Beauty Pits have been for years the most fashionable place of entertainment in the city. It is well known to all the women of the town who are not too young or too old to enjoy themselves, and its reputation is one of the best kept secrets in the city.

The place is large and well appointed, and the decorations are tastefully arranged. The music is always pleasing, and there are always young men of good character to be found there.

It is a place where the young lady can find some amusement, and where she can meet young men of good character, and where she can enjoy herself without the slightest fear of any ill consequences.

The Beauty Pits is now in operation.
