MEANING AND PURPOSE OF FLAG IDOLATRY—By Victor L. Berger

The flag is potent in the United States of America because of the fact that it represents the spirit and ideals of the people. It is the symbol of our nation's freedom, and it is a tribute to the sacrifice of our forefathers. It is a mark of respect and honor.

The flag is to be respected and revered, but it is not to be idolized. It is not to be treated as an object of worship. It is to be used as a symbol of our national identity and pride.

The flag is not to be used as a cover-up for criminal activity. It is not to be used as a shield for illegal acts. It is not to be used as a justification for immoral behavior.

The flag is to be respected and revered, but it is not to be used as a means of subversion. It is not to be used as a means of promoting violence. It is not to be used as a means of undermining the authority of the government.

The flag is to be respected and revered, but it is not to be used as a means of undermining the principles of democracy. It is not to be used as a means of promoting dictatorships. It is not to be used as a means of promoting totalitarianism.

The flag is to be respected and revered, but it is not to be used as a means of promoting personal gain. It is not to be used as a means of promoting selfish interests. It is not to be used as a means of promoting personal power.

The flag is to be respected and revered, but it is not to be used as a means of promoting divisiveness. It is not to be used as a means of promoting hatred. It is not to be used as a means of promoting violence.

The flag is to be respected and revered, but it is not to be used as a means of promoting ignorance. It is not to be used as a means of promoting superstition. It is not to be used as a means of promoting anti-intellectualism.

The flag is to be respected and revered, but it is not to be used as a means of promoting ignorance. It is not to be used as a means of promoting superstition. It is not to be used as a means of promoting anti-intellectualism.

SMUG PREACHER TO THE RICH DOES LACK SERVICE FOR COPPER TRUST

Light in being shed on the Cabinet copper strike. The Rev. Arthur H. Lord, who is serving as the official representative of the World of Work and the Milwaukee Federation of Labor at the present American Federation of Labor convention, has succeeded in getting his first speech out of the secretary of the convention and into the ears of the delegates.

The distinguished correspondent reports that he is favorably impressed with the generosity, benevolence, and tipsy spirit of the American labor movement and the foreign workers who are holding the possession of the copper mines. They sell them, however, for 25 cents an hour in order to keep in the mines. They make the miners to fight with the electric light, and smile at the country doctors and their benefits, the use of which they did not think of the wages of the miners or their own. They do it, in fact, willing to do anything for the miners except to raise their wages or recognize the union.

The correspondent, it appears to us, are some causes for complaint, as we know.
