VICTOR L. BERGER GIVES HIS VIEWS OF SABOTAGE CROWD
SAN FRANCISCO, Calif., Aug. 23—A statement that Victor Berger is to be in the Cleveland crowd to-day in order to address it concerning the present agitation regarding the “Labor Day” question is not true. Berger is not admitting of any contact with the labor movement for the present.

BEREAL AND THE WOMAN QUESTION

The woman question is not a woman question at all; it is a moral and sentimental one. To speak at the present time of the woman question is to put upon it the conditions of a political question. Women's education needs to be given the thing at once rather than after a considerable amount of time has gone over the field. The more educated women are the better it will be for America's future.

PARKER'S OFF-COLOR ATTACK

Alaska Parker, Wall street Socialist Democrat for the presidet, in the last week before the election, had an attack in the press before the Ohio state bar. The attack consisted of a letter which Parker stated was an attack on the Socialist. When it came to the point, Parker said that the Socialist had been a capitalist ever since he could remember. And in this instance Parker places a little egg in the pot. Otherwise, among other things, a garnered hatred from the Socialists. At the national convention of the Socialist party last year in St. Louis, Parker was an attack on the Socialist. He then stated that the Socialist party was in a state of internal confusion, and in this instance Parker places a little egg in the pot. Otherwise, among other things, a garnered hatred from the Socialists. The Socialist party is in a state of internal confusion, and in this instance Parker places a little egg in the pot. LOSE SENSE OF BROTHERLY LOVE WHEN WAR CRAZES DEMONIZES MEN

It comes as a blow to all who know him, but especially to those who were in close association with him, the news that August Bebel, member of the Central Committee of the German Social Democratic party, and a member of the Central Committee of the Social Democratic party of Europe, has passed away. His passing leaves a void in the world of labor and socialism that will be difficult to fill.

Bebel was a towering figure in the labor movement, known for his advocacy of international solidarity and his support for the working class. His work in the early 20th century was instrumental in the development of the International Workingmen's Association, which later became the International Workingmen's Association.

Bebel's influence extended beyond his work in the labor movement. He was a prolific writer, producing numerous works on politics, economics, and social issues. His ideas continue to be influential today, and his legacy is remembered by many who were influenced by his work.

Bebel's passing is a loss for the labor movement and for the world at large. His contributions will be remembered for many years to come, and his influence will continue to be felt in the years to come.
GREAT BARRIOR FOR PEACE AND HUMANITY IS GONE

The working class of the world finds itself in different states of development. In some countries, the working class is strong and united, while in others, it is divided and weak. But everywhere, the working class is fighting against the forces of reaction and reactionaries. The working class is the vanguard of the socialist movement, and it is up to us to support it in its struggle. The working class is the future of humanity, and it is up to us to fight for its victory.

The men of the Eastern strikes are now seeing to the outside. This came about as the result of their great strike which was called to the 39-hour week. The workers were able to achieve their goal after a few weeks of labor's protest. They succeeded in their goal, but the workers did not, because their interests are different. The workers have their interests at heart, but the Eastern workers do not. The Eastern workers have their interests at heart, but the workers do not.
